ARTHUR H. HOWELL,

HOME. Losing Flesh

That means a low condition of health; the body is poorly nourished and thinness follows. The system is then susceptible to disease-any one of a number of ailments finds easy access. Get plump.

How? Scott's Emulsion.

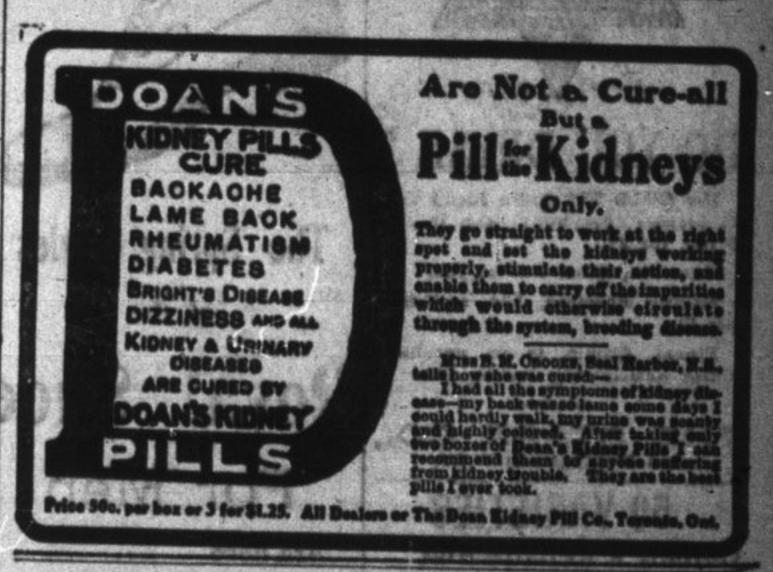

Plumpness and health go together usually; it's safer to be plump anyway. And in Scott's Emulsion there are the very elements that make new flesh and repair wasting.

We call Scott's Emulsion a food-medicine because it does so much through nourishment. When there is a loss of flesh and wasting conditions exist it is an evidence of starved tissues and nerves; flesh and blood are hungry. They want the nourishment and food principles so perfectly blended in Scott's Emulsion.

The whole body soon feels the influence of the new force and a noticeable change for the better takes place at once: That is why Scott's Emulsion is so good for those who are losing flesh or suffering from any wasting disease.

We'll send you a sample free upon request.

SCOTT & BOWNE, 55 Front St., W., Toronto.

Word About Corsets.

Trashy Corsets are a "delusion and a snare." We found that out long ago and acted accordingly. Our enviable Corset patronage has been built up by keeping none but the best makes. Your favorite Corset is here, if not we will get it for you. Want you for a Corset customer; on Corsets are sold on a fair margin of p rofit. You don't object to paying a fair price for a good article, do you? If our Corsets are not in every way satisfactory we want to know it., as with everything else in the store, not right, we'll make it right. It's your patronage we want, and when we've got it we're going to use every just effort to keep it. Remember this will you, when you've got Corsets to buy?

Here are a few of our all-the-year-round makes : E. T. Corsets, 201, 679, 681, 410, 312, 142, military hip, watch spring, girdle and nursing in long, medium and short. Bins cut and straight front,
