Miss Josephine Lane,

After Five Years' Suffering from Backache and Kidney Trouble Was Restored to Health by

"I suffered for over five years with malaria and kidney trouble-my whole system was impregnated with the poison. It affected my general health, robbing me of energy and vitality, and causing severe headache and backache. The digestive organs were also apaired, so my food seemed tasteless and like lead in my stomach. I passed a dreary existence and my naturally happy disposition was changed into one of constant irritation and nervous inconsistencies. "Warner's Safe Cure was the only remedy ever found which helped me. I began

taking it in March, and before the warm weather came I was completely cared, felt like a new woman, full of life and hope.

Words cannot tell how pleased I am to have my health back. I have a keen appetite and enjoy my meals; digestion is perfect. All my aches and pains have left me. I have gained nine pounds in weight and I feel in harmony with all the world because I am now perfectly well." Very sincerely, MISS JOSEPHINE LANE, 152 Shawmut Ave., Boston, Mass. Thousands, both men and women, like Miss Lane, have been cured of serious compli-cations caused by kidney disease neglected, by Warner's Safe Cure, after all so-called

CHRISTIAN INDIANS Carry On a Modern Town and Elect Their Executive Council.

Dr. F. C. Stephenson, assistant missionary secretary of the Metho dist Church, received while in Toronto, a very interesting letter from tog and field Pev. S. S. Whe a young man marries it has always been the custom for the relatives of the bride to make a great present to him, the amount ranging anywhere from \$100 to \$500. Ostensibly this has been given to the bride, but as a matter of fact for future reckoning it has only been loaned to the groom and he must return it with usury The result of this custom is that the newly-married couple are compelled to slave year in and year out to meet their obligation, subjecting them selves to much hardship and exposure. The big feast, which is the recessary accompaniment to the marriage, is what takes the marriag gift, and when the feast is over the young couple must start out penniless. Mr. Osterhout states that this is one of the many customs that have to be uprooted from Indian life.
