STRANGER THAN FICTION. A Remedy Which has Revolutionized the Treatment of Stomach Troubles.

The remedy is not based on a wonderful discovery, nor yet a secret patent medicine, neither is it claimed to cure anything except dyspepsia, indigestion and stomach troubles.

The remedy is in the form of pleasant tasting tablets or lozenges, containing vegetable and fruit essences, pure essences of pepsin (government test), golden seal and dillseed.

Stuart's Dyspepsia Tablets do not act upon the bowels like other stomach pills and cheap cathartics, which simply irritate and inflame the intestines.

Stuart's Dyspepsia Tablets can be found at all drug stores and the regular use of one or two of them after meals will demonstrate their merit better than any other argument.
