

Inflammation of the Bladder

Mr. Michel Blandyros, Secretary Marlowe Club, New Orleans, Who Suffered From Inflammation of the Bladder

Cured By
the Only Absolute Cure for All Diseases of the Kidney, Liver, Bladder and Blood.

WARNER'S SAFE CURE

Mr. MICHEL BLANDYROS.
Gentlemen: It affords me the greatest pleasure to testify to the merits of Warner's Safe Cure. I consider it was the sole means of restoring me to health. I suffered for nearly three years with inflammation of the bladder, causing me severe pain, also the most terrible headache, and at times I was unable to attend to my regular duties. I do not know how to describe the relief I received when I used Warner's Safe Cure. It seemed as if I were not a sound organ in my body when I began using it, but I gradually improved and felt much encouraged. It took seven bottles to fully restore me to health, but during that time I used no medicine but the Safe Cure as I have never known that I was any more, and good health of today entirely to it. I am pleased to endorse it. Very truly yours, MICHEL BLANDYROS, 1027 Marais St., New Orleans, La. The Marlowe Club, Secretary.

"SAFE CURE" CURES KIDNEY DISEASE.
If you have pain in the back, rheumatism, uric acid, rheumatic gout, diabetes, bright's disease, inflammation of the bladder and urinary organs, swelling pain when you urinate, eczema, jaundice, swellings or torpid liver, a woman, bearing-down sensation, fainting spells, swollen female weakness, painful periods, these symptoms tell you that your kidneys have been diseased for a long time, for kidney disease seldom put out such symptoms as the victim recognizes until they have been working several months. You should lose no time—get a bottle of Safe Cure at your druggist. It will relieve you at once and effect a permanent cure. It kills all disease germs.
Doctors prescribe and hospitals use "Safe Cure" exclusively in all cases of kidney or bladder trouble.
Warner's Safe Cure is purely vegetable and contains no narcotic or harmful drugs. It is free from sediment and pleasant to take. It does not constipate. It is most valuable as an effective tonic; it is a stimulant to digestion and weakens the torpid liver. It repairs the tissues, soothes inflammation and irritates the inflamed organs and heals at the same time. It builds up the body, gives strength and restores energy. You can buy Safe Cure at any drug store or direct. \$1 A BOTTLE.
Do not get a cheap imitation of Warner's Safe Cure.

TEST YOUR KIDNEYS. Let some morning urine stand for twenty-four hours in a glass or bottle. If then it is milky or cloudy or contains a reddish, brick dust sediment, or if particles or germs float in it, your kidneys are diseased.
ANALYSIS FREE.
If after you have made this test, you have any doubt in your mind as to the development of the disease in your system, send a sample of your urine to the Medical Department, Warner's Safe Cure Co., Rochester, N. Y., and 41 Lombard St., Toronto, Can., and our doctors will analyze it and send you a report with advice free of charge to you, together with a valuable book describing all diseases of the kidneys, liver, bladder and blood, and treatment for each.
All letters from women, read and answered by a woman doctor. All correspondence in strictest confidence.
Beware of so-called kidney cures which are full of sediment and of bad odors; they are positively harmful and do not cure.
WARNER'S SAFE PILLS move the bowels gently and act as a steady cure.

EDUCATIONAL.
SCHOOL OF ART.
Classes will be resumed after vacation, Monday, September 1st, 1908.
Evening classes, Tuesday and Thursday, 7:30 to 9:30. These classes are especially for mechanical and industrial work, and give the students a practical training for their work.
CHARLES E. WRENTHALL, Principal.

TESTING WATER.

THE COUNCIL AFTER THE SCHOOL-OF-MINES.

Promises of Governors Not Being Carried Out—Special Committee to Look Into the Matter—Some Facts Given By Alderman Meek.

At last night's meeting of the city council, three communications from John McIntyre, chairman of the board of health, were read, one was to the effect that the School of Mines had refused to make bacteriological tests of water samples supplied by the city, contrary to an agreement entered into by the city and the School of Mines. Another stated that he had asked that such tests be made, and the third had reference to the report of Dr. Bryce, regarding result of examinations made of the city drinking water. The last one was filed.

In this connection a communication was received from Dr. C. H. Chown, registrar of the School of Mines, in

Meet to-night in San Francisco for featherweight championship.

informed to-day that the captain of the tugboat, which had fouled the section pipe, had failed to raise the anchor. He had arranged with the donnelly company to examine the pipe for two lengths on which it had fouled. The anchor had caught. He thought that this ought to satisfy the people. He stated, further, that the water had been tested at both the mouth of the intake pipe and at the pumping station, and the tests revealed the same condition of water. The city could not get better water unless the section pipe was extended three and one-half miles up the lake.

Alderman Meek asked the water works committee to examine the mouth of the intake pipe, as he understood that some of the pipe on which it had fouled had been carried away. The resolution offered by Alderman Meek and Walker was adopted.

Spring is here. Now is the time to select your wall paper. A large variety of papers—grain, embossed, glass, etc.—at W. N. Lemmons, 78 William Street, where all orders for papering, painting, graining, glazing, etc., receive prompt attention.

A GO IN 'FRISCO.

The Little Fighters Meet to-night.

San Francisco, Cal., March 31.—"Young Corbett's" featherweight champion of the world, and Terry McGovern, who has hopes of recovering the title he lost in the memorable fight at Hartford a year ago last November, will meet to-night in the arena of the Hayes Valley Athletic club, to settle the question of supremacy. The time was matched to box twenty rounds. If present arrangements are carried out the battle will face one of the most exciting of the year. McGovern, who has been training at the "Young Corbett" quarters, McGovern and "Young Corbett" are both in first-class physical condition. Both completed their regular training yesterday and are doing just enough work to-day to keep their weight at the right figure until called upon to enter the ring. The articles of agreement stipulate that they are to fight in at 127 pounds at 4 o'clock this afternoon. Neither anticipates any difficulty in slipping the scales at the right figure.

Curiously enough, from the hour the match was made McGovern has been a favorite in the betting over the lad who defeated him so decisively on the occasion of their former battle. McGovern has a slight advantage over his opponent when it comes to the scientific points of the game, but on the other hand the champion is considered less likely to lose his head in a desperate struggle. As a hard hitting and game fighter, "Young Corbett" is about as evenly matched as ever were two antagonists in the ring. In which ever corner of the ring the fight is fought, it is certain to be a lively contest from going to the end. This general opinion in sporting circles is that the battle will not o' half the limit.

Kingston As A Port.

Kingston's old established record as an important shipping port will still be maintained. For the fiscal year ending June 30, 1902, there was collected as steamboat inspection dues \$1,423.16. Only one other port in the province exceeded this amount. In Toronto, where \$2,371.72 was collected, Owen Sound ranks next below Kingston, with total dues amounting to \$1,325. Collingwood, next with \$1,088.50, and Ottawa following with \$1,047.24. At Windsor \$869.54 was collected, while the other ports in the province averaged little above \$163.

During the year, 162 Dominion steamers were registered in the Kingston division. Their gross tonnage was 20,143. Thirty-one steamers, not registered in the division, were inspected here. The latter's gross tonnage amounted to 2,400.

Remarkable Execution.
In speaking of Eleanor Page Spencer, the child pianist who appears in Corporation hall on the evening of Thursday, April 2nd, under the auspices of the League Musical Club, the Philadelphia Enquirer says: "She proved a genuine treat yesterday, her execution of difficult classics being remarkable for its maturity." Her mastery of the piano is surprising. Local talent will assist at the coming concert, and a good musical programme is assured.

Gold in the Twilight.

"An Englishman's house is his castle," we've always heard, and we take the fact on trust, and repeat the good old saying occasionally without any of the best feeling that we can. It is a fact, and it is a fact that the place where it won't apply to us at all. Our stone walls have gone, and our old houses have followed even the last of the best feeling that we can. It is a fact that the place where it won't apply to us at all. Our stone walls have gone, and our old houses have followed even the last of the best feeling that we can.

Two women, a thin old-fashioned in their ideas to be sure, one day last week, happened to slip on to the subject of the rights and privileges of the laborer, which for a time they were to mark us off from the public, has disappeared, till now, even our dolefuls appear to be regarded by our acquaintances as purely ornamental.

Miss Marthe Smith has recovered from her attack of the grippe, and is now able to be about in a spirit of Miss Going's, who yesterday and today at the rectory, Lansdowne, with the Rev. Thomas and Mrs. Lee.

Mr. and Mrs. Herbert Horsey left Kingston on February 28th, on their way home to Canada.

Mr. and Mrs. George Hagan and Mrs. Stanley Hagan are guests at the "Laurel" in the Pines, Lakewood.

Miss Mollie Cartwright was the hostess at a very pleasant tea, on Friday afternoon, in honor of the several local visitors. Miss Cartwright wore a becoming gown of mauve crepe de Chine, with trimmings of Hattenburg lace, and Miss Fannie with touches of black Lady Cartwright, who is ill, did not receive with her daughters.

The most extraordinary dinner party was given in New York by one George Mallock, millionaire, who built a wonderful coach house on the site of the old Tryon mansion, and to inaugurate the opening of the new building as large number of men were asked to a dinner at the house, of which they partook yesterday here.

When Rev. Dr. Underhill, of St. John's Episcopal church, Yorkville, N.Y., issued an appeal for the poor popular star, Clara Morris, who is ill, and needs assistance, the first response he received was from Julia Arthur, who offered to take part in a benefit play, her husband, Mr. Cheney, at the same time forwarding a cheque for five hundred dollars. Harry Anderson also offered to come out from her retirement, and for this she will only appear on the stage again. Since then Bishop Potter, Pierpont Morgan, George Gould, and others, have offered support to the performance. Julia Arthur's wealth, and happiness have left her quite unpolled.

The marriage of Mr. Prescott Baker, of Yarmouth, and Miss Mabel Elsie, second daughter of Mr. A. E. Elsie, of Blainville street, Montreal, will take place on April 29th.

A marriage will take place in Toronto on Wednesday in Easter week, at 2:30 o'clock in St. Andrew's church, between Miss Flora Jessie Rowland, daughter of the late Dr. G. H. Rowland, and Mrs. Royland of 30 St. Patrick street, Toronto, and Mr. D.

Easter Millinery.

Difficulty of judging actual values makes it easy for those who depend on high prices to put on large profits, and while money is often willingly paid for a beautiful hat or bonnet, it is no excuse for asking exorbitant prices.
The ever-increasing popularity of this department, now occupying three times its former space, proves appreciation of our policy of selling millinery on same moderate basis of profit as other goods.

OUR PRESENT DISPLAY

It is worthy of the most fastidious, whom we can and will please in beauty, quality and style, and delight with the cost.

CRUMLEY BROS.

New York Millinery Parlors, 132-134 Princess Street.

At the first of the courts held by their majesties the king and queen, the prettiest brides presented was Mrs. George Lawrence, formerly of Montreal, who wore a lovely, so-called set dress, with trails of pink chiffon, ruffles and long state ends of lace, her train was of white satin and lace, and a beautiful bouquet of lilacs, orchids, and white heather was carried. The train was most becoming, and other diamonds were also worn.
