Standard House, 800 Claxton Bldg., Chicago.

A DOCTOR INJURED.

He Was Thrown From His Horse By Accident.

North Bay, Ont., April 1.—Dr. George Smith, government physician, on the construction of the Temiskaming railway, attempted to mount his horse, yesterday, when the saddle, which was not properly adjusted to the horse, slipped and he was thrown heavily to the ground, one of his arms being broken. He also received a heavy kick on the head from the horse, which rendered him unconscious. Dr. Smith is now in the Victorin hospital here.

A special course of instruction for cavalry officers will be commenced at Stanley barracks, Toronto, on the 18th May next, and continued for six days.

August 3rd has been settled upon as Toronto's civic holiday.

CON. MILLAN, Proprietor. FRED WILLIAMS, Manager.

A DECISIVE CAMPAIGN.

Now Is The Time For Churches In Japan.

Toronto, April 1.—News from Rev. C. J. L. Bates, missionary in Japan, has been received at the Methodist mission rooms. He reported that there was great interest in everything western, particularly in the English language, and that this state of things afforded an opportunity never offered before for missionary work, and one which would not present itself for longer than ten years. Now was the time to push a decisive campaign. He would like to see the church double the number of its workers.

All Fools' Day.

New York, April 1.—This is All Fools' day. Those who believe in the strict observance of ancient customs and whose fund of humor yet remains in the ascendant will find vent for their mirth to-day at the expense of their neighbors, and the small boy will be in his element. Innocent looking hats, or perchance, boxes, will again be lifted skyward at the expense of broken toes, and the remainder of the graybearded, yet ever new jokes, will be on the tapis. When the shades of night have fallen the list of victims will probably be as great as of old, when the human race was supposed to have been less wary.

Carpenters' Wages Raised.

Chicago, Ill., April 1.—The new wage scale recently agreed upon by the union carpenters and the Carpenters and Builders' Association went into operation to-day, making the close of a struggle that has extended over several years. By virtue of the new scale the union carpenters, numbering about 7,500, receive an increase in wages amounting to $700,000 a year in the aggregate.

The miners of Morrissey and Michel, B.C., have signed a three years' agreement with the company and will go back to work at once. The Coal Creek miners are still out.

WAGES OF SIN

Cost Lives And Reputations Of Two Persons

IN BROOKLYN.

A TRAGEDY WAS ENACTED TUESDAY NIGHT.

The Woman Recovered Sufficiently to Tell That the Man Was the Murderer — Letters Showed That Covert Had Been Embezzling Money.

New York, April 1.—Newton Schoenmaker, chief engineer of the Western Union building, in this city, and living in Brooklyn, on returning home last night found his wife lying unconscious with a bullet in her breast and beside her Percival Covert, a young man also unconscious with a bullet wound in his head and a revolver of which two chambers had been discharged lying beside him. The man died without recovering consciousness. Mrs. Shoenmaker, twenty-eight years old, recovered sufficiently to say that Covert had shot her and shot himself. She made no explanation of the cause of the tragedy. She will probably die. On the dead man were two letters in which Covert admitted he had embezzled several thousand dollars from the Williamsburg Trust company and had determined to kill himself. Covert has been paying marked attention to Mrs. Shoenmaker recently.

PITH OF THE NEWS.

The Very Latest News Culled From All Over The World.

Isaac C. Gilmore, who began business in Toronto in 1832, is dead.

The Haitien chamber of deputies is at present sitting with troops on guard.

H. C. Curry, a late secretary of a Watertown Y.M.C.A., is said to be $100 short.

Mrs. E. A. Bond, Watertown, N.Y., is dead at Albany. Deceased was a native of Clayton, N.Y.

The carpenters of Oswego, N.Y., are on strike over wages and recognition of the Builders' Exchange.

Chief of Police Zentz, Woodstock, charged with violating the liquor law at Chesley, has been acquitted.

Six men were killed and ten fatally injured by an explosion in the Braddock, Pa., Carnegie steel plant.

A majority of the farmers in the London district have finished their ploughing and sowing will soon be general.

Customs duties collected at Toronto during March amounted to $731,502, being a record and $165,281 more than in March, 1902.

Twenty of the Manitoban farmers lecturing on Canada in England sail on the Tunisian on Thursday next for home. These men have helped the movement Canadawards, but they would have been of more use if they had gone earlier in the year.

ARE ON STRIKE.

The Bridge Company's Men Go Out.

Walkerville, Ont., April 1.—The employees of the Canadian Bridge company, to the number of 300, went out on strike this morning. The works are crowded with orders, this being their busy season. The men were asked to work ten hours a day; they were, however, to get ten hours pay. Part of the men were willing, but some of the more determined ones induced the others to stand out for more pay. It was thought the machinists would go out, but this morning every man but the foreman quit work. Machinists, lathe hands, carpenters and laborers are all out for a ten per cent. increase in wages. A large crowd of laborers are hanging around the works, but are keeping quiet and orderly so far. It is thought, however, that no new men will be allowed to go to work.

Strikers At Buffalo.

Buffalo, N. Y., April 1.—Unless the conference to be held to-day between the Marine Firemen, Oilers and Watertenders' Association and the Lake Carriers' Association results in a satisfactory agreement being reached, the opening of navigation at this and other ports on the lakes, will be indefinitely postponed. The propellors Luzon and Panay were all prepared to leave and would have started at day-break this morning, but the firemen have left them and they will be unable to get away. Most of the plumbers of Buffalo quit work this morning, pending a conference between the representatives and the master plumbers, which is to be held some time to-day. Perhaps 1,500 men are not working.

CORBETT WON.

Put McGovern Out in Eleven Rounds.

San Francisco, March 31.—William Rothwell, known as "Young Corbett," of Denver, showed decisively to-night that his victory over Terry McGovern, of Brooklyn, at Hartford a year ago last Thanksgiving was no fluke, by defeating McGovern in the eleventh round after a fight in which there was not a second of idleness for either man.

Nearly every round Corbett, fighting like a machine, never overlooked an opportunity to send home his blows, had a shade the better of the argument, and when finally in the eleventh he got the Brooklyn boy fairly going he never let up on him until Terry sank to the floor a badly defeated man.

ONTARIO LEGISLATURE.

The Adjournment For Three Weeks Arranged.

Toronto, March 31.—The exhausted arguments in the Gamey commission debate passed in brief review before the house yesterday, and the adjournment till April 21st was carried on a party division. It is evident that the opposition appreciate the futility of any further effort to sustain the pretence that the investigation will be incomplete. The government have made every change necessary to meet the complaints and remove the disabilities, real or imaginary, of those undertaking the prosecution of the charges. But with every accepted suggestion came new demands, until there was no doubt as to the determination to force a refusal, and thus pose as being suppressed. The climax was the amendment by Mr. Gamey, which sought to incorporate a protracted statement before the house in a clause of an act enlarging the scope of the evidence.

Mr. Carscallen opened with a lengthy speech in favor of an amendment directing the commissioners not to make findings as to facts, but to report the proceedings and all the evidence given and tendered. How anyone can be hurt by the decision of the judges, according to evidence presented to them, was not made clear. This was pointed out by Mr. Gibson, who reminded Mr. Carscallen that he would have a chance to show in the house how utterly wrong the judges were in their decision. All the amendments of the previous day, and new ones by Mr. St. John and Mr. Gamey, the latter hurriedly sent to him from the upper desks, were submitted in order and voted down by 46 to 41.

The month's supplies, amounting to $345,000, were voted, after the removal of an amendment by Mr. Matheson regretting delay over the issuing of the North Renfrew election writ. The division was 46 to 41.

A little breeze sprang up over the motion for the long adjournment. The premier showed that it would not be possible for the ministry nor the members to give the necessary attention to public business while the investigation was in progress. The government did not feel inclined to undertake anything more than routine work till the affair was cleared up and they could show themselves worthy of the confidence of the house and the country.

Mr. Whitney protested against the long adjournment with a vehemence perhaps born of the fear that it was his last chance to grow violent over the Gamey charges. In the premier's explanation he could read an acknowledgement that the government were on trial, not merely the provincial secretary. He argued that the legislature should sit from day to day in readiness for an emergency, and protested against leaving the government free from the control of the house. The concluding scene of the first act was the entrance of Chief Justice Charles Moss, who, in his capacity of administrator, gave royal assent to the act respecting evidence before the commission.

DOMINION PARLIAMENT.

Redistribution Bill Goes to a Committee.

Ottawa, April 1.—Sir Wilfrid Laurier, yesterday, introduced the redistribution bill, announcing that it would be referred to a committee of four government and three opposition members.

The measure covered but one typewritten page, setting forth clearly and succinctly the number of members allotted to each province, the principle that county boundaries shall be observed as far as possible. The provinces east of Lake Superior lose representation, and those west of it all gain in proportion to their increase. Sir Wilfrid, in introducing the bill, made an admirable presentation of its provisions, which, he explained, closely followed British precedent.

R. L. Borden declared that, on the face of it, the measure was a fair one, and gave Sir Wilfrid credit for it, but he suggested the possibility of unfairness in the committee. The reference to a committee came as a surprise to the majority of people here, as it was not generally known that this principle was to be adopted.

The bill fixes the number of the representatives of the several provinces and territories of Canada as follows:

Ontario, eighty-six; loss, six.

Quebec, sixty-five.

Nova Scotia, eighteen; loss, two.

New Brunswick, thirteen; loss, one.

Prince Edward Island, four; loss, one.

British Columbia, seven; gain, one.

Manitoba, ten; gain, three.

North-West Territories, ten; gain, six.

Yukon, one.

Total membership, two hundred and fourteen.

The loss by the eastern provinces is ten; the gain by the western provinces, ten.

John Costigan's Irish home rule resolution was debated and carried by a large majority.

Of British Origin.

Halifax, N.S., April 1.—From April 1st, 1903, the total number of passengers arriving at the port of Halifax, from European countries, was 16,419. Seventy-five per cent. of the immigrants arriving here this year destined for Canadian and United States west are of British origin.

The Rate Of Taxation.

Toronto, April 1.—Nineteen mills on the dollar is the basis of Toronto's taxation for the year 1903, the draft estimates of the board of control having been adopted with some slight amendments at the special meeting of the city council held yesterday.

Cornelius Shields, first vice-president of the Dominion Iron and Steel company, has been appointed president of the Consolidated Lake Superior company.

ARE INDICTED.

Mayor And Officials Are Charged.

GRAVE CRIMES.

MALFEASANCE AND EMBEZZLEMENT.

Seattle Grand Jury is After Many Men of Prominence—The Sale of a Franchise — Obtaining Valuable Property By Fraud.

Seattle, Wash., April 1.—After a dramatic scene in court, in which representative members of the local bar resorted to every means in their power to prevent it, grand jury has returned all the indictments which it had voted during the past two weeks, including those against the mayor, chief of police, justices and other prominent men in the community. In all nineteen indictments were returned. Among them are Mayor T. J. Humes, malfeasance in office; Chief of Police Sullivan, malfeasance in office; Police Judge George, failure to perform his sworn duty; Justice T. H. Cann, extortion and perjury; George U. Piper, perjury; Jacob Furth, obtaining a valuable property by fraud; Walter S. Fulton, failure to perform his sworn duty; Charles F. Whittlesey, larceny by embezzlement; P. P. Padden, larceny by embezzlement; W. H. Whittlesey, larceny by embezzlement; L. Shuffleton, obtaining valuable property by fraud. Furth and Shuffleton were indicted for alleged connection with the granting of a lighting franchise to the former by the city council in the spring of 1902. Mr. Furth is president of the Seattle Electric company, which acquired the franchise immediately after it had been issued to Shuffleton, who, several councilmen say, told the municipal body he represented a rival corporation.

CUSTOMS RETURNS.

An Increase Over Nine Months of Last Year.

Ottawa, April 1.—The customs collections of the dominion for the nine months of the current fiscal year up to the end of March are $26,705,229, an increase of $3,106,621 over last year. For the month of March alone there has been an increase of $347,788.

The Dominion railway commission is to be composed of Sir William Van Horne, president; Messrs. George Bertram, of Toronto, H. Kennedy, of Quebec, transportation commissioners; and Messrs. J. X. Perreault and Bell, secretaries.

The St. James election in Montreal is to be held in May.

The end of the session is expected in July.

General Dundonald has rearranged the dates of his visit to Western Ontario cities as follows: London, April 6th; Sarnia, 7th; London, 7th; Woodstock, 8th; Windsor, 9th, and Guelph, 10th.

The Ottawa board of trade at a meeting last night, passed a resolution in support of the Kingston board's resolution favoring the abolition of all canal dues in Canada. There was some opposition on the ground that Canadian boats enjoyed no such privilege in United States waters, but the fact that all the great forwarding companies favored it, swayed the majority of the board.

The customs receipts for Ottawa for March were $67,604, an increase of some $6,000.

Gained By Peaceful Means.

Chicago, Ill., April 1.—The new schedule which becomes operative at the Pullman Car company's works to-day means in effect that the employees have gained by peaceful means what they failed to accomplish by the great and disastrous strike of ten years ago. Under the new schedule ten hours' wages is to be paid for nine hours work to every man employed in the works. Nearly 8,000 men are affected and over $700,000 is added to the company's monthly pay roll. One thousand extra men have been employed to do the work performed in the tenth hour by the old force. Under the new system the men work fifty-four hours a week and have Saturday afternoons off.

Chief Of Steamboat Inspection.

Washington, D.C., April 1.—George Uhler, of Philadelphia, to-day, assumed the duties of supervisor inspector-general of steamboats, succeeding Gen. James A. Dumont, who was recently removed on account of age. The new inspector general is president of the Marine Engineers' Association of the United States and a practical marine engineer of recognized ability. The steamboat inspection service will pass under the jurisdiction of the new department of commerce and labor next July and a number of changes in the men and methods of the bureau are expected at that time.

The Crisis Is Past.

Sofia, April 1.—M. Danefi, who with the other members of the cabinet resigned a few days ago, has reaccepted the premiership. He will retain all the members of his former cabinet with the exception of Gen. Paprikoff, minister of war, whom Col. Savoff replaces. This outcome of the ministerial crisis is regarded as due to the energetic pressure of Austria and Russia to prevent the war party from getting power.

The coroner's jury charged Christopher McGrain with the murder of Williams at Toronto.

A bill making an all round increase in excise taxes passed the New York state assembly.

ROBBED MR. HALL.

The Two Men Have Been Secured.

Windsor, Ont., April 1.—Rosco. Fenton left by the C.P.R. for Montreal, last night, in charge of Detective O'Keefe, of the Montreal force, to stand his trial on a charge of having helped his brother John to rob William Hall of $9,000 at the Windsor Hotel, Montreal. Hall had had some trouble with his family and in order that they might not attach his money he left home and went to the hotel. The Fentons heard of it and went to live at the same hotel, until they got a chance to rob him. John Fenton was captured in the east and is serving a term of seven years in the penitentiary.

PRESENTED RESOLUTIONS.

Laid Before the Ontario Government.

Toronto, April 1.—The officers of the Canadian Trades and Labor Congress, headed a deputation waiting on the Ontario government to-day. President Flett, of Hamilton, and Secretary Draper, of Ottawa, were absent, but Henry Overmeyer, Hamilton, and Joseph T. Marks, of London, were among those present. Sam Moore, vice-president, was spokesman. He was introduced by Robert Glockling, secretary of the Ontario bureau of labor. The resolutions passed at the congress in Berlin last September were presented, calling for legislation.

HE ACCUSES OTHERS.

Frank Degraw Implicates Three Men in Car Robbery.

Port Arthur, Ont., April 1.—Frank Degraw, engineer of the train crew arrested for looting Grand Trunk cars, made a public statement, in which he says William Hickey, yardmaster; Harold Huey, and John Hobbins, were the real perpetrators of the robbery, while he and William Rettie, his fireman, were innocent. He claims that three men plundered cars, and placed the stolen goods on the engine, but he told them to take them off. He was afraid to anger them too much, or to squeal on them for fear of his life.

CAUSES DELAY.

By The Shortage Of High Court Judges.

Toronto, April 1.—Considerable inconvenience is being caused in the courts by a shortage in judges. While Justices Lount and Robertson are on sick leave, Judge MacMahon, is temporarily laid up with gripe and the prospective withdrawal of Chancellor Boyd and Chief Justice Falconbridge will add to the inconvenience. The Toronto non-jury sittings have been postponed from April 7th to May 25th, and the Sarnia assizes postponed a week. Other changes are contemplated.

From Messenger To Manager.

New York, April 1.—J. C. Barclay, electrical engineer of the Western Union Telegraph company, has been appointed assistant general manager of that company. He has been with the company twenty-five years, his first duties being those of a messenger boy.

Died In Hospital.

Bridgeport, Conn., April 1.—Joe Stearks, of Philadelphia, knocked out in the sixth round of his bout here, last evening, by Ducky Holmes, died at the hospital, this morning, from cerebral hemhorrhage due to concussion of the brain.

Fought A Duel.

Paris, April 1.—Marcel Provost, the author, and M. Thourote, the brother of the young woman who fired two shots at Provost, on Monday last, fought a duel at the Cheri establishment, at Neuilly, this morning. Thourot was wounded in the forearm.

Lynched For Arson.

Lewisville, Ark., April 1.—Frank Robertson, colored, has been lynched at Bradley, near the Louisiana line. Twenty-five men took him from jail where he was confined for arson, to which he had confessed. The body has not been found.

Increase Of Millions.

London, April 1.—The treasury returns just issued show that the total revenue of the United Kingdom during the financial year ending March 31st, was $805,998,900, compared with $763,008,185 for the previous year.

To Succeed Wright.

Rochester, N.Y., April 1.—William S. Waudby, of this city, is prominently mentioned for commissioner of labor to succeed Carroll D. Wright. He is a printer by trade and is very popular with organized labor.

Sir Wilfrid To Resign.

London, April 1.—Canadian cables to London newspapers report that Sir Wilfrid Laurier, prime minister of Canada, intends retiring after the next general election.

AUCTION SALE

$75 Month and Expenses; no experience needed; position permanent; self-seller. Please Mfg. Co., Box 108, Cincinnati, O.

APPLAUDED HIM.

For Calling Down Occupants of a Box.

London, April 1.—During the second act of "The Light that Failed" at the Lyric Theatre, last night, Forbes Robertson suddenly stopped playing, turned to one of the boxes and said: "Will the people in the box kindly stop talking. It is impossible to continue the play unless they do." The occupants of the box were dumbfounded and silenced. The audience, who equally with the actors had been disturbed, applauded Mr. Robertson for some time.

A motion, proposed in the landtag, at Berlin, to legalize the cremation of human corpses in Prussian territory, was rejected.

Thanks

We desire to thank the public of Kingston for the liberal patronage bestowed upon us in the past, and wish to intimate that Mr. P. B. Crews has succeeded us in our old stand.

We ask a continuance of your favors to him in same manner that we have enjoyed in past.

A. C. Johnston & Bro.
