The stamp of public approval has long since been put upon our business and our methods by the good people of Kingston. The reason is not hard to find, for it is a matter of common notoriety that if you want the best for the least money in Dry Goods of any kind that LAIDLAW'S is the place to get it. And then almost every day we are offering something to our patrons for FAR LESS than equally good goods can be bought for elsewhere.

We have learned the lesson that HARD BUY-ING MAKES BASY SELLING and are constantly watching for trade advantages, so that buying in large quantities and for spot cash we secure many special things that would otherwise never come to Kingston at all.
