THE HORRORS OF WAR.
Skeletons of Spanish Crew
Brought to the Surface.
Manila, April 14.-The warship
Reina Christina, flagship of Admiral
Montejo, which was sunk by Admiral
Dewey in Manila Bay, was discovered
beached yesterday. The skeletons of
about eighty of her crew were found
in the hull. One skeleton evidently
was that of an officer, for it had a
sword by its side. There are fifteen
Christians, one made by an eight-inch
shell and the others small. The main
injecting valve is missing, showing
the ship was scuttled, when Admiral
Montejo abandoned her. The hull is
in fair condition.

IMMIGRANTS STILL ARRIVING
Over 600 From United States
Have Reached Calgary.
Winnipeg, Man., April 11.-Eight
hundred and fifteen immigrants arriv-
ing in Winnipeg yesterday. A special
train with 350 English and fifty Euro-
pean settlers set off in early in the morn-
ing and another with 360 Scotch and
Irish arrived at noon. Twenty-five Scan-
dinavians and thirty English immi-
grants arrived on the regular trains.
A Calgary despatch says that during
the past week nearly 600 settlers have
coming from Washington, Idaho and Mon-
tana states.

Police Captain Injured.
New York, April 14.-Police captain
German is at St. Vincent's Hospital,
suffering from concussion of the brain
and other injuries, received when at-
tempting to compel a saloon-keeper to
close his place. The captain was set
upon by a mob and beaten. Joseph W.
Carroll, who burst into the saloon to
rescue the captain, will lose one eye
as a result of injuries.

A Vigorous Senator.
St. John, N.B., April 11.-Senator
Wark, now in his hundredth year,
leaves Fredericton for Ottawa today.
He has declined the offer of a private
car, made him by the government,
and has engaged a Pullman berth.

The Strike Is Ended.
Amsterdam, April 14.-At a meeting
of delegates of the Federated Work-
ers yesterday, it was decided not to
create a new strike committee, as had
been pronounced last week. The strike
is ended and calm prevails in all
quarters.

Charged With Murder.
Butte, Mont., April 14.-In Novem-
ber, 1901, Arthur Chisgate, a wealthy
English rancher at Havre, was mur-
dered just across the line in Canada.
J. B. Sherwood, a French-Canadian,
was seen to leave the dead man's
house, his hands covered with blood.
F. E. Halstead, an officer in the train-
ing corps of the Canadian government,
arrived in Butte and called at police
headquarters to consult with local
officers. He has been charged with the
murder of the man from the train
following the crime.

HIGH POLICY
Of England Towards Ire-
land All Wrong

SAYS MORLEY.

COL. LYNCH'S HEALTH SAID
TO BE FAILING.

May Not Live Long Enough to
Receive King's Pardon-Pre-
paring for King's Visit to
Rome.

London, April 14.-The Right Hon.
John Morley, M. P., formerly chief
secretary for Ireland, in a speech to
his constituents at Monroes, yester-
day, said that he fondly dreaming that they were
done with Ireland, and need expect
no more embarrassment there. He
listened to that sort of talk with
calm and smile, but slightly grim
composure. His reading of the
history of the Irish relations to British
parties was that Ireland fixed her
own place in their party programme.
The Historians would look back upon the
present Irish land bill as a new and
great chapter in Irish revolution. The
government confessed by its 494
and wise effort, not only that their
whole Irish policy for seventeen years
had been an abject failure, but that
England's policy for a century had
been completely wrong. What course
sequences would follow the transfer of
sovereignty of Ireland to its people, one
would be the strengthening of a prin-
ciple of self-government.

Bonhurs, a French bicyclist, riding
from Carvington to London, yester-
day, covered a mile in one minute,
fourteen and four-fifths seconds, beat-
ing the world's record.

Rev. John Fenwick Kitto, well
known as a biblical scholar and auth-
or, though totally deaf from boyhood,
died yesterday. He was born in 1837.
Rev. Mr. Kitto had been vicar of St.
Mary's in The Fields since 1866, pres-
btery of St. Paul's, and honorary
chaplain to the king. He was chap-
lain-in-ordinary to the late Queen Vic-
toria.

The Telegraph correspondent at Am-
sterdam says the collapse of the strike
leaves behind it a legacy of misery.
To-day will come evictions from the
tenements rented to the railway employ-
ees by the railway companies.
To-day also will come the discovery
that hundreds of men who believe that
their masters are waiting for them
with open arms, are being sent to the
lock-out upon their own terms and at
its own terms.

Col. Lynch's friends are greatly con-
cerned about his health. He is not
agreeing with him. He has lost weight, as well as
spirits, and his friends are saying that
his health is failing rapidly, and that
he may not live long enough to be
presented by a special act of grace of
the king after the royal visit to Ire-
land.

A dispatch from Rome to the Ex-
change Telegraph company, says the
change of cabinet yesterday by
Mr. Storer, Canon of St. John Lat-
eran, and the highest English prelate
coming to Rome. The question of
a ceremonial visit by the king to the
vatican was discussed, but what de-
cision, if any, was reached has not
been announced.

The new North German Lloyd steam-
er, Kaiser Wilhelm 4k, which will be
able to steam twenty-three and a
half knots an hour, will leave for
half-ton-day Atlantic. It is confidently
expected that she will cross from the
Kron Prinz Wilhelm the honor of be-
ing the fastest trans-Atlantic steamer
in service. She is over 280 feet long.
The longest, but the White Star Lin-
er Cedric will still be the largest, for
she has a gross tonnage of twenty-
two thousand tons, against twenty
thousand of the Kaiser Wilhelm II.

A despatch to the Morning Post
from Tangiers says it is reported that
the sultan is dismissing all the Euro-
pean employed in Morocco, except the
British, who are of his own race, and
his majesty's body guard. Mr. Verdan,
and a French military missionary.

In the course of a egyptomania de-
mocratical on Canada and imperial defence
arrived in Calgary, the skeletons of
British Borden's bill is good as far as
it goes, but it does not go far enough.
Canada, the articles continues, is like
a man in a hurry to get on with his
ammunition as long as she continues
her present attitude of holding aloof.
The Post further says that the ordi-
nary Canadian, never having had to
fight for evidence, would not grasp the
necessity of a coherent system of self-
defence. He is still less capable of ap-
preciating this duty with regard to
imperial defence. The concluding sen-
tence in this scathing article is as fol-
lows: "The time has come when it
should be no longer possible to say
only of a mob and beaten. Joseph W.
Carroll, who burst into the saloon to
rescue the captain, will lose one eye
as a result of injuries.

The Strike Is Ended.
Amsterdam, April 14.-At a meeting
of delegates of the Federated Work-
ers yesterday, it was decided not to
create a new strike committee, as had
been pronounced last week. The strike
is ended and calm prevails in all
quarters.

A Vigorous Senator.
St. John, N.B., April 11.-Senator
Wark, now in his hundredth year,
leaves Fredericton for Ottawa today.
He has declined the offer of a private
car, made him by the government,
and has engaged a Pullman berth.

The contracts for the new Cunard
liners have not yet been placed.

YUNG LU'S SUCCESSOR.
A Fair Minded Prince Now Rules
the Board.

Peking, April 14.-Prinsoo Ching, pres-
ident of the foreign office, has been
appointed grand secretary, in suc-
cession to the late Yung Lu.
Prinsoo Ching formerly was president
of the Tsung-li Yamen, the old Chin-
ese foreign office. In July, 1901, he
was appointed president of the new
foreign office, otherwise the Wei-Wu-
Pu, or board of foreign affairs, which,
according to an imperial edict of which,
yesterday, he took precedence over the
six boards that previously had out-
ranked it. Prinsoo Ching was the only
member of the imperial family who
remained in Peking after the allies cap-
tured the city, and with the late Li
Hung Chang, he acted for China in
the peace negotiations. He has a re-
putation for courtesy and amiability
and is said to have done his best to
restrain the more violently anti-for-
eign of his colleagues on the old

board. The prince acted as grand mar-
shal of the court on its return to
Peking after the conclusion of peace.
The duke was quietly performed at
St. Paul's, and the king, Prince Tsai Chou,
and his son, Prince Tsai Chou, repre-
sented China at the coronation of King
Edward.

ROYAL FAMILY'S GRATITUDE.
Recalled Promotion of Gen. Sir
Evelyn Wood.

London, April 14.-The king's ap-
pointment of Gen. Sir Evelyn Wood
to be field marshal recalls the fact
that the royal family was indebted to
Gen. Wood's grandfather for a happy
event.

The late Queen Victoria was born
in England, not a foreign country, in
1818. Financial embarrassment, the
forced to reside in Germany. There the late
Queen Victoria would have been born
if Matthew Wood, a city merchant,
had not placed a considerable sum at
his disposal to enable the prospective
sovereign to be born in
the realm.

The first baronetcy bestowed by
Queen Victoria after her accession to
the throne was on her father's friend,
who was then lord mayor of London.

Johnson-Newslands Wedding.
Washington, D.C., April 14.-A wed-
ding of note to-day was that of Mrs.
Edith Newslands, eldest daughter of
Senator Newslands, of Nevada, to
Charles H. L. Johnson, son of the late
Dr. W. W. Johnson, this city. The
wedding was quietly performed at the
Newlands home, Rev. Dr. Thayer, of
St. Mark's school, New Hampshire, of-
ficiating. The wedding is the culmin-
ation of a romance begun a year ago
in Nevada, where Mr. Johnson accom-
panied Mr. Newslands, then a member
of the house of representatives as a
daughter of the senator made one of
her rare visits to her western home.

Anti-Alcohol Congress.
Berlin, April 11.-Social reformers
throughout Europe will follow with
considerable interest the proceedings
of the International Anti-Alcohol Con-
gress, which opened to-day at Bremen.
It is the first time that such a
gathering has been held in Germany.
The congress will be presided over by
Senator Newslands, of Nevada, and
Charles H. L. Johnson, son of the late
Dr. W. W. Johnson, this city. The
wedding was quietly performed at the
Newlands home, Rev. Dr. Thayer, of
St. Mark's school, New Hampshire, of-
ficiating. The wedding is the culmin-
ation of a romance begun a year ago
in Nevada, where Mr. Johnson accom-
panied Mr. Newslands, then a member
of the house of representatives as a
daughter of the senator made one of
her rare visits to her western home.

TO BANQUET THOMAS.
Montreal Teamsters Are Prepar-
ing-Government Will Win.

Montreal, April 14.-Thomas Tait,
manager of transportation of the U.
P. R., will be tendered a farewell din-
ner to-night by Sir Thomas Shaugh-
nessy, president, and other high of-
ficials of the C. P. R., in view of his
approaching departure to assume the
management of the Australian railways.
He will spend a short time visiting
friends in Toronto before leaving for
Australia on May 1st.

The teamsters of Montreal are tak-
ing steps to make a demand on their
employers for increased wages and oth-
er concessions, such as extra for over-
time.

Hon. Robert Rogers, minister of
works of Manitoba, who left
for Toronto last night, predicts that
the government will win handsomely
and with little effort, at the expense
of the people which will likely take
place within the year.

What Is In The Wind?
Berlin, April 14.-A dispatch from
St. Petersburg to the Frankfort Zei-
tung says that the Russian volunteer
fleet has been ordered not to leave
the Black sea, but to keep in readi-
ness for transporting troops in the
event of mobilization.

ROYAL FAMILY'S GRATITUDE.
Recalled Promotion of Gen. Sir
Evelyn Wood.

London, April 14.-The king's ap-
pointment of Gen. Sir Evelyn Wood
to be field marshal recalls the fact
that the royal family was indebted to
Gen. Wood's grandfather for a happy
event.

The late Queen Victoria was born
in England, not a foreign country, in
1818. Financial embarrassment, the
forced to reside in Germany. There the late

Had a Quieting Effect on
Hawkesbury Strikers.

Hawkesbury, April 14.-Since the ar-
rival of the special detective force
yesterday afternoon, excitement has
subsided, and the men have shown
little or no sign of disturbance. To-
day, warrants have been issued for
six of the strike leaders for causing
the riot on Saturday. The bulk of
the men were at first led to believe
that any breach of the peace commit-
ted during the strike was not punish-
able, and this action by the com-
pany has had a salutary effect on
the strikers, who are apparently more
influenced by what they experience.
They have abandoned obstruction of
the bridge traffic, and now seem ripe
for settlement without recognition of
their union which is their only thorn
in the flesh. A truce is in operation,
pending arrival of W. L. Mackenzie
King, peacemaker, who is expected
here by the noon train to act as me-
diator. The mills, though adequately
protected, did not attempt to start
up this morning. The management al-
so expecting the strike to be settled
to-day, decided to wait until peace is
declared.

The company has notified the town
authorities that the municipality will
be held responsible for all loss sus-
tained by the company. Sympathy is
with the company, as the men were
getting good wages.

THE CABINET IN SESSION.
The Tariff Considered-Cancelling
Transfer of Lands.

Toronto, April 14.-Globe's Ottawa
special: The cabinet were in session
all day discussing the measures to
come before the house this week. It
is believed that the tariff was under
consideration, and that no material
changes will be announced by the fi-
nance minister in his budget speech on
Thursday.

A Victoria, B.C. despatch says a
bill has been brought forward by the
minister to ratify the order-in-
council, formally cancelling the allot-
ment made to the Columbia and West-
ern railway by the government under
Premier Dismore, on September 7th,
1901, of 900,000 acres of crown lands
in South East Kootenay, in satisfac-
tion of the earned land subsidy of the
railway for sections 1, 2 and 3 of its
route. The lands in question are situ-
ated at the extreme south-easterly ex-
tremity of the Kootenay district, and
known to be rich in coal, petroleum
and minerals of various kinds, and the
allotment is said to have carried with
it all rights in these.

APPEAL CASE ARGUED.
The Ground for Argument-Strike
Situation Unchanged.

Ottawa, April 14.-The appeal case
of Joseph Gosselin, convicted of the
murder of Mrs. Truhon, of Mont-
real, is in progress at the supreme
court to-day. The chief interest con-
cerns the agreement that the prison-
er's wife was compelled to testify
against her will and that her evidence
is inadmissible.

There was no change in the Canada
Atlantic trackmen's strike to-day.
Grand President Wilson is expected
back to-night.

Largest Catch On Record.
Vancouver, B. C., April 14.-Capt.
G. Starrett, manager of the Bos-
ton Halibut Fish company, operating
here, offers to wager a thousand dol-
lars that his steamer, New England,
fishing at Queen Charlotte Sound, has
made the biggest catch in one net
ever made by a single steamer. The
catch was made on Tuesday, and
from daylight to dark, and totaled
140,000 pounds, or seventy tons. The
fishermen, to accomplish the catch,
worked the big fish over the head to
keep them from swamping the boats.
When the day's catch was packed in ice it
filled the steamer's hold, and the
round trip was made in record time.
This year the halibut beds are alive
with Boston's favorite "second
course," but it is to be regretted that
America continues to reap this rich
harvest from Canadian waters.

Boys May Smoke.
Trenton, N.J., April 14.-Governor
Murphy gave the members of the U.
S. man's Christian Temperance Union
of the state a shock by vetoing their
anti-cigarette bill and declaring that
smoking did not, as a rule, injure
boys sixteen years old. The bill was
introduced for the woman's organiza-
tion by Assemblyman Roberts, and
encountered considerable opposition.
It prohibited the sale of cigarettes to
boys under sixteen years of age, and
on the bill this endorsement: "Most
boys at sixteen smoke, and generally
without injury. This bill, if approved,
could not be enforced."

Mr. Morgan's Carpets.
Madrid, April 14.-In consequence
of the announcement that Pierpont
Morgan would place on exhibition a col-
lection of carpets which formerly be-
longed to the royal house of Spain,
several Spanish newspapers have as-
ked for an investigation as before the
reign of Alfonso XII the royal col-
lection was completely destroyed.
The "Herald" intimates that Pier-
pont Morgan has been the victim of
unscrupulous dealers, who, it alleges,
have palmed off imitations on the
multi-millionaire.

Soldiers' Wives Stranded.
Cape Town, April 14.-The wives
and families of soldiers who have ar-
rived here on transports, are expect-
ing delays and inconveniences in
reaching the Transvaal, and Orange
Colonies, owing to the "absurdly in-
adequate arrangements for their re-
ception. Many are destitute and with-
out accommodation. The imperial au-
thorities are blamed for this state of
things.

Success
With
Dress
Goods

The wide range of styles
and qualities in dress ma-
terials has long been the
center of interest. But
there's very little that can
be told in print. Names
mean next nothing; colors
all look the same when
expressed in black and
white; textures cannot be
conveyed in words; prices
impress one only when the
goods themselves are at
hand. If ever newspapers
are printed in natural col-
ors we'll fill the whole
page with Dress Goods
Samples, but until then
the best we can do is to
suggest, and ask people
to come and see the goods
we have ready.

William Tait has resigned his position
as clerk in D. J. McDerrett's

the latter part of this week for Los

sister now reside. Mr. Tait is quite

was decided after some experience
that the best medium for this pur-
pose in the daily newspaper of large
circulation and distinct respectability.
