Inflammation of the Bladder

Mr. Michel Blandypos, Secretary Marlowe Club, New Orleans, Who Suffered From Inflammation of the Bladder

Cured By

the Only Absolute Cure for All Diseases of the Kidney, Liver, Bladder and Blood,

WARNER'S SAFE CURE

MR. MICHEL BLANDYPOS.

Gentlemen: It affords me the greatest pleasure to testify to the merits of Warner's Safe Cure, as I consider it was the sole means of restoring me to health. I suffered for nearly three years with inflammation of the bladder, causing me severe pains, also the most terrible headaches, and at times I was unable to attend to my regular duties. I doctored without receiving any benefit and felt very discouraged, when a club friend advised me to try Warner's Safe Cure. It seemed as if there was not a sound organ in my body when I began using it, but I gradually improved and felt much encouraged. It took seven months to fully restore me to health, but during that time I used no medicine but the Safe Cure and therefore know that I owe my recovery and good health of today entirely to it, and am pleased to indorse it. Very truly yours, MICHEL BLANDYPOS, 1027 Marais St. New Orleans, La. Dec. 8, 1902. Secretary, "The Marlowe Club."

"SAFE CURE" CURES KIDNEY DISEASE.

If you have pains in the back, rheumatism, uric acid poison, rheumatic gout, diabetes, Bright's disease, inflammation of the bladder and urinary organs; scalding pains when you urinate, eczema, jaundice, swellings or torpid liver; if a woman, bearing-down sensation, fainting spells, so-called female weakness, painful periods; these symptoms tell you that your kidneys have been diseased for a long time, for kidney diseases seldom put out such symptoms as the victim recognizes until they have been working several months. You should lose no time — get a bottle of Safe Cure at your druggists. It will relieve you at once and effect a permanent cure. It kills all disease germs.

Doctors prescribe and hospitals use "Safe Cure" exclusively in all cases of kidney or bladder trouble.

Warner's Safe Cure is purely vegetable and contains no narcotic or harmful drugs. It is free from sediment and pleasant to take. It does not constipate, it is a most valuable and effective tonic; it is a stimulant to digestion and awakens the torpid liver. It repairs the tissues, soothes inflammation and irritation, stimulates the enfeebled organs and heals at the same time. It builds up the body, gives it strength and restores energy. You can buy Safe Cure at any drug store or direct. $1 A BOTTLE.

Beware you get "Warner's Safe Cure"—take no other.

TEST YOUR KIDNEYS. Let some morning urine stand for twenty-four hours in a glass or bottle. If then it is milky or cloudy or contains a reddish, brick dust sediment, or if particles or germs float about in it, your kidneys are diseased.

ANALYSIS FREE.

If, after you have made this test, you have any doubt in your mind as to the development of the disease in your system, send a sample of your urine to the Medical Department, Warner's Safe Cure Co., Rochester, N. Y., and 44 Lombard St., Toronto, Can., and our doctors will analyze it and send you a report with advice free of charge to you, together with a valuable book describing all diseases of the kidneys, liver, bladder and blood, and treatment for each disease.

All letters from women, read and answered by a woman doctor. All correspondence in strictest confidence.

Beware of so-called kidney cures which are full of sediment and of bad odor—they are positively harmful and do not cure.

WARNER'S SAFE PILLS move the bowels gently and aid a speedy cure.

Would You Banish Dangerous Spring Headache?

Try Nature's Cure

Paine's Celery Compound

And You Will Quickly Rejoice in a New Life.

While headaches are varied in character and are produced by a variety of causes, the majority of victims suffer either from nervous or bilious headache. When neglected, either form will quickly cause serious suffering and will assuredly prostrate the system. Nervous headaches, to which women are specially subject, arise from weak and inflamed nerves, heavy and dull brain, poor circulation and debility, bilious headaches are usually accompanied by sickness and vomiting. They result from inactive liver, digestive disturbances or sore and constipated bowels.

In the springtime, able and experienced physicians urge upon those who are subject to headaches the use of Paine's Celery Compound. In tens of thousands of cases this wonderful remedy has produced happy and permanent results after all other modes of treatment failed. Unlike other medicines claiming popular attention, Paine's Celery Compound gives prompt and effective results. It gives to weak and sick people an immediate supply of nerve force, with pure blood, active liver and perfect digestive vigor. The work of Paine's Celery Compound is not a simple relieving of pain; it effectually reaches the root and causes of disease and permanently banishes the trouble. Mrs. L. Garland, Crawford street, Toronto, Ont., says:

"Your Paine's Celery Compound has most wonderfully improved my health. Before using it my appetite was poor, I was weak and debilitated, and suffered much from headache. Your compound has made me a new woman, and I wish it the success it so richly deserves.

SEVERAL DEAD

CAME OF GOOD OLD U. E. LOYALIST STOCK.

Death of Mrs. John W. Youmans —Mr. Root Was One of the Old Timers.

Picton Gazette.

The remains of Tabitha Pugsley Youmans were brought here on the afternoon train, April 15th, for burial, from her late home in Toronto, and laid beside her sister, Mrs. Deborah Ann Huyck.

Services, conducted by Rev. Mr. Shorey, of the First Methodist church, of which Mrs. Youmans was a member for over twenty years. Those of the family present were Willet Casey Youmans, and son Everett, of Toronto; Samuel Farley Youmans, wife and two sons, of Anderson, Ind.; Mr. and Mrs. F. H. Lazier, (nee Ella Youmans), of Brighton, Ont.; Mary E. Youmans, of Toronto; two sons, Jas. Arthur Youmans, of Alberta, and Henry W. Youmans, of California, and one daughter, Mrs. G. P. Garland (nee Sarah Youmans), of Missouri, were unable to reach Toronto.

Accompanying the family to Picton were their relatives, W. W. Farley, of Smithfield, Ont., and Charles and James Farley of Belleville.

Mrs. Youmans was born in the township of Sidney, County of Hastings in the year 1820. She was a daughter of James Farley, whose other children were James J. Farley, father of Dr. Farley, Belleville; Thomas Farley, Peter Farley, Samuel Farley, Mrs. Philip Clark, of Bloomfield, Mrs. Deborah Huyck, Mrs. Levi Anderson, of Ameliasburg, Mrs. Sarah Keller, of Napanee—mother of the late Thomas Casey—who was the well known secretary of the Historical Society of Ontario, with headquarters at Toronto. Mr. Casey was perhaps best known to the people of Picton and vicinity through his writings on the early settlement of Ontario, and particularly the settlement of Adolphustown, P. E. Co., and Lennox and Addington, whose county town is Napanee, which is really the cradle of history in Ontario, as it was settled earlier than any other part, except of course along the St. Lawrence, somewhere between the years of 1783 and 1792, by the U. E. Loyalists at the time of the American Revolution.

Mrs. Youmans herself belonged to an old U. E. Loyalist family, as did also her husband, Mr. John Youmans, to whom she was united in marriage in 1843 and lived on the homestead farm of Arthur Youmans his father, near Cherry Valley, over thirty-two years. Mr. Arthur Youmans was a U.E. Loyalist from Pennsylvania, who took up a large tract of land, somewhere about one thousand acres, clearing a small part of it, and built his log house in the then wilderness of Prince Edward County on the old Youmans creek, where he built one of the first saw and grist mills in this county. These mills were destroyed by fire over fifty years ago.

Mrs. Youmans' family, who are so widely scattered over the American continent at present, were all born in the old frame house still occupied on the Youmans' homestead, about three miles from Picton, which was built by their grandfather, Arthur Youmans over one hundred years ago.

An Old Resident Gone.

Gananoque Reporter.

Hiram Root, aged eighty-three years and eight months, died at his residence, Garden street, last Thursday forenoon.

Mr. Root was son of the late Daniel Root, who in his time was well known in all this section, and who was the first postmaster at Pitts Fergy, eight miles west of Gananoque. Mr. Root, the elder, owned and lived on the farm where the post-office was located, near what was called the half way house, on the road to Kingston. But previously he had lived in what was called the Butler farm, near the townline, and at that place Hiram was born in August 1819. When Hiram grew up he came to Gananoque, and learned the carpenter and wheelwright trades with Charles Hepp. When out of his apprenticeship he went to Belleville and engaged as journeyman at waggon-making. He had relatives in the township of Escott, on Grenadier Island, whom he visited, and during such visits he formed the acquaintance of Miss Mary Poole, who lived near the river front in Escott. After he had been three years at Belleville, on 17th March, 1847, he and Miss Poole were married. He remained in Belleville one year after his marriage, and then returned to Pittsburgh township, and worked one year for Warren Fairman, making waggons. Then he moved to Beverley—now called Delta—where he followed his trades for six years, and returned to Pittsburgh. Twelve years later he moved to Kingston, and was employed in the railway car shop there for nine years when he took a similar position in Brockville. Later he engaged with the C.P.R. Co. and was sent to the car shop at Perth. Mrs. Root did not go with him to Perth, but came up to the locality in Escott now known as Poole's Resort and took charge of a bachelor uncle and maiden aunt, both aged and infirm, who required her assistance. She lived with them till they both died. Mr. Root in the meantime having also gone there. Then Mrs. Root purchased the old Root homestead in Pittsburgh and they moved there staying nine years, when they came back to Gananoque. For several years they kept house and the old gentleman was quite active and almost always busy. Latterly they have been living with their daughter, Mrs. James L. Scott. Their family comprised one son and four daughters, two of whom, Mrs. Scott and Mrs. George Andress, survive, both residing in Gananoque. The son died when only three years old the daughters who died had reached the ages of seventeen and nineteen years. Mrs. Root is still enjoying good health and very smart for one of her age. Her faculties are almost unimpaired.

Mr. Root was a quiet going man, attending strictly to his own business, and taking little interest in what did not concern him. He was a Methodist in religion and a pronounced advocate of temperance in all things.

SUNDAY STUDY.

The Apostle Paul's Journey to Jerusalem.

The International Sunday school lesson for April 26th, is found in Acts xxi., 14: "The will of the Lord be done." The lesson shows Paul's disregard of danger. The historical setting of the lesson is as follows:

What—Perilous journey of a missionary.

Where—Miletus, Tyre, Ptolemais to Cæsarea.

When—May, A.D., 58. — — — —

Who—Paul, Luke, Trophimus, Aristarchus.

Why—To bring alms to the Jerusalem Christians, and attend Pentecost.

In verses 3-4 we learn the persons, places and object. Cyprus—a large and important island, birthplace of Barnabas. Tyre—Commercial capital of Syria; now in ruins. (Ezek 26, 1-5.) Finding—Having sought out. Through danger but the advice not to go to the Spirit—The Spirit foretold the Jerusalem was the suggestion of fear.

Verse 5. Accomplished—The seven days of stay there, which would include one Sabbath. All brought us—Showing their interest and solicitude. And prayed—Very suggestive and affecting in this seaside prayer service.

Verses 6-7. Taken our leave — The farewell included the usual Oriental demonstration. Ptolemais—Its ancient name was Accho (Jud. 1-31); renamed for Ptolemy, king of Egypt. Saluted—Probably they were informed of Paul's coming.

Verses 8-9. Cæsarea — Fifty miles from Jerusalem. They came by land from Ptolemais. Philip—One of the first deacons (See ch. 6-5, 8-40). Prophesy—(See Joel 2-28). A prophet was either a foreteller of events, or one authorized to declare a message.

Verses 10-11. Many days—Now so near Jerusalem that he did not need to hasten. Agabus—(See ch. 11, 28-30). Girdle—An important article of Oriental dress. Hands and feet—His own, not Paul's (See Isa. 22; 2; Ezek., 4-1). The Jews—They caused it to be done (28-17), though the Romans were the instruments.

Verse 12. We and they—Both Paul's companions and the disciples at Cæsarea. Besought him—Earnestly and tearfully. But duty was fearless in face of difficulties. These seemed to strengthen his purpose. His duty was to do the work of Christ.

MISS ELISE REASONER,

New press representative of the St. Louis Exposition, who is the recipient of a new honor in being the only woman guest at the banquet of the Caribbean Society, the association of the American correspondent in the late war with Spain, in New York to-night.

Montreal, April 20.—There were about 600 head of butchers' cattle, 60 calves, 100 sheep and 20 spring lambs offered for sale at the East End Abattoir to-day. The butchers were present in large numbers, and trade was good, with firm rates prevailing. Prime beeves sold at about 5c. per lb. a pair of superior steers were sold at $5.20 per 100 lbs., pretty good cattle sold at from 3½c. to 4½c., and the common stock from 2½c. to 3½c. per lb. The calves sold at from $4 to $9 each. Sheep sold at from 3½c. to 5c. per lb. Spring lambs sold at from $2.25 to $4.25 each. Fat hogs sold at about 6½c. per lb., weighed off the cars.

"What a beautiful egg, Mrs. Clucker!"

"Yes, Mr. Waddle, but only think some fool Easter rabbit will get all the credit for laying it!"

Our 10c. line household ammonia, Sobrite, Radia, furniture polish, Bijou cleaning fluid, insect poison. McLeod's Drug Store.

A Mother's Recommendation.

I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by all druggists.

Rev. E. J. Bidwell, M.A., formerly head master of King's school, Peterboro, Eng., has been selected as head master of Bishop's College school at Lennoxville, Que.

Toronto is to have another new bank. It will be called the Crown bank and the head office will likely be located in Toronto. The president will be Edward Gurney, and the vice-president will be R. Y. Ellis. The capital will be $2,000,000.

A movement is on foot to federate the alumnæ associations of Canadian universities. The first practical step will be taken when representatives from Victoria University and St. Hilda's college and Trinity university will meet to discuss organization among Toronto university colleges.

The London Morning Post suggests that the charge of ill-treatment in South Africa, made by ex-members of the South African constabulary, who have returned to Canada, should be disposed of by the imperial authorities. It suggests that the matter be raised upon a motion in the House of Commons.

Delay No Longer.

Your health is getting worse every day, the cough threatens you with consumption. Throw it out without respect. Don't you stand this bronchitis either, this asthma or this catarrh; they are dangerous guests. To get rid of them immediately take Morin's Creso-phates Wine.

Dizzy Spells AND Aching Head

Tell of Shrivelled Arteries and Exhausted Nerves — They Warn You of Approaching Paralysis or Collapse.

DR. CHASE'S NERVE FOOD.

The sufferer from nervous headache and dizzy spells never knows what minute he may fall helplessly a victim of vertigo or paralysis, for these symptoms tell of depleted nerve cells and a wasting of vigor and vitality.

Other indications of nervous exhaustion are troubles of sight, noises in the ears, sparks before the eyes, stomach troubles, sleeplessness, cold hands and feet, restlessness, irritability, weakened memory, lack of energy and enthusiasm, muscular weakness, fainting spells, bodily pains and aches, and tired, languid and despondent feelings.

Nervous diseases are most dreadful to contemplate, because of the frequency with which they end in paralysis, locomotor ataxia, epilepsy insanity. All movement of the body or its members is controlled by the nerves, and hence it follows that paralysis of some form is the natural consequence of exhausted and depleted nerves.

Dr. Chase's Nerve Food cures dizzy spells, headache and all symptoms of nervous exhaustion by actually increasing the quantity and quality of the blood and creating new nerve force.

MRS. CORKEY, 272 Wellington Street, Kingston, Ont., States:

Mrs. Corkey.

"I suffered a great deal with nervous headache. In fact, I was so bad that at times I took weak, dizzy spells, and my nervous system seemed quite undermined and exhausted. Some time ago I heard of the good results accomplished by Dr. Chase's Nerve Food and began to use it. Since I have been taking this medicine a great change has come over me, the headaches have disappeared, my nerves have been strengthened and I do not have any more of the dizzy spells. I have nothing to thank but Dr. Chase's Nerve Food for this change."

Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for $2.50, at all dealers, or Edmanson, Bates & Co., Toronto.

MUNYON'S FREE DISTRIBUTION

10,000 Vials of His Famous

RHEUMATISM CURE

TO BE GIVEN AWAY.

WILL BE DISTRIBUTED ABSOLUTELY FREE FROM THE OFFICE OF THE WHIG.

Prof. Munyon cordially invites Physicians, Sceptics and Don't-believers to take advantage of this offer and Report Through the Newspapers of Kingston.

The Distribution Will Commence Promptly 9 a.m. FRIDAY MORNING, April 24th.

FOR ONE DAY ONLY.

"No punishment is too severe for those who deceive the sick."
—MUNYON.

"Six years ago I announced to the citizens of Kingston that I had discovered a positive cure for Rheumatism, and to prove my assertion I distributed nearly 30,000 vials in the Province of Ontario. The name of each person who accepted a vial of this cure was taken and each person was invited to report through the medium of the newspapers the result of his experience with this remedy. It will be remembered that many hundreds of testimonials were published from people who declared most emphatically that this remedy had positively cured them. Many testified that three or four doses of these little sugar-coated pellets relieved them entirely from all pain. Affidavits were taken showing that one or two bottles had cured old chronic cases, which had baffled the skill of leading physicians in Canada.

"Notwithstanding these unimpeachable facts, there are thousands of people in Ontario to-day suffering from Rheumatism, Sciatica and Lumbago. They have tried so many remedies without benefit that they have little faith in anything they see advertised.

"It is to overcome the prejudice of this class of people that I have decided to make another free distribution of this cure. I want the public to know the truth about this specific. I want every physician, no matter how prejudiced he may be to procure as many vials of this remedy as he may desire and make a thorough test of it. I know that it will relieve nearly all rheumatic pains in a few hours. It does not put the disease to sleep; it drives it from the system. It enriches the blood, strengthens the nerves and builds up the general health. The remedy has a larger sale throughout the civilized world than any other remedy. I emphatically state that this cure will do all that I claim for it. There is no 'Perhaps it will cure' or 'Guess it will cure,' but it cures and cures permanently.

"This distribution must not in any sense be considered a charity, but as a scientific investigation, which should interest the rich as well as the poor. If my Rheumatism Cure will do all that is claimed for it, then every physician should give it his endorsement and every sufferer should resort to its use. If it does not do what is claimed for it, then it should be denounced and prohibited by law. By this free distribution the public, who are the most interested, become the judges."—MUNYON.

ARRANGEMENTS FOR DISTRIBUTION.

The distribution of Prof. Munyon's Rheumatism Cure will take place from the office of the Whig, where all who call will be promptly supplied. Those who cannot call may have their names and addresses and their wants will be attended to without delay.

MUNYON'S REMEDIES.

Munyon's Cold Cure prevents pneumonia and breaks up a cold in a few hours. Price 25c.

Munyon's Rheumatism Cure cures Rheumatism permanently. Price, 25c.; at all druggists.

Munyon's Dyspepsia Cure positively cures all forms of indigestion and stomach troubles. Price 25c.
