A man of 70 writes that at the age of 60 he began to break down and was a partial invalid until 67, when he concluded that coffee was one of the prime causes of his sickness and began using Postum Food Coffee in its place with Grape-Nuts Breakfast food and some fruit at his meals.

He says: "Now, at the age of 70, I am as strong and hearty as I was at 50. I would not go back to my old mode of living for a hundred thousand dollars." This man was a pioneer in Illinois in 1837, later on was an early settler in North Dakota. He requests that his name shall not appear in print. Name given by Postum Co., Battle Creek, Mich.
