ARE OPPOSED

To Foreign Labor Union Ruling in Canada.

WESTERN FIGHT

IS NOW BEFORE THE CANADIAN ARBITRATORS.

Both Sides Have Put in Statements—The Miners Say Trouble is Due to the General Hostility of the Company to Labor Organizations.

Victoria, B.C., May 8.—At a mass meeting, to consider the suggestion of Chief Justice Hunter that the case, the miners rejected this proposition by a vote of 226 to 49, demonstrating a strong disposition to hold out. Statements of both parties were handed in yesterday for Mr. Dunsmuir.

Mr. Barker said of approval of the principle of the commission the bill provided for, but wished to know what the wages would be in the claim of the C.P.R. and other roads as it was intended to impose. Mr. Barker insisted on committee taking up the bill clause by clause. After getting through the interpretation clause, the committee rose, reported progress, and asked leave to sit again.

The miners' statement is that the trouble is due to the company's refusal to employ men affiliated with the Western Federation or with any other union or the company's general hostility to labor organizations; they also insist the men live in insanitary conditions of employment, to increase the price of coal produced by operators in the United States.

Mr. MacNeil announced that Mr. Prefontaine was at Montreal attending a conference for the purpose of settling the strike. Mr. MacNeil said that the miners' statement is that the trouble is due to the company's refusal to employ men affiliated with the Western Federation or with any other union or the company's general hostility to labor organizations; they also insist the men live in insanitary conditions of employment, to increase the price of coal produced by operators in the United States.

To Share In Estate.

Hamilton, Ont., May 8.—Two branches of the family of the late George W. Todd, the miser, who died in the City Hospital, leaving \$50,000, appear to have made good their claims to share in the estate. An order has been granted for the shipment of the remains to Wadon's Grove, Illinois, where the late George Todd's sister resides, they having left money for the expense of shipment. The other heirs are children of a half-brother and live at Hornellville, N. Y.

Mr. Cowley's Views.

Ottawa, May 8.—In an address on the annual meeting of the Ottawa Teachers' Association, to-day, R. H. Cowley, inspector for Carleton county, said that the present public school curriculum is not practical. It emphasizes the curriculum considerably more than the child. He said some subjects should be reduced to a minimum, while manual training, gardening and gymnastics are essential. He condemned military drill.

Algonquin's Mishap.

Toronto, May 8.—The steamer Algonquin ran on a shoal at Duck Island, on Wednesday, on the way to Fort William and incurred slight damage, but was able to go on and will dry dock at Duluth to ascertain the amount of damage which it is known is slight. ATTITUDE OF BRITAIN.

Not to Interfere in Behalf of Bulgaria.

London, May 8.—The British government's attitude in the Balkan crisis may be summed up as one of passive indifference. It is pointed out at the foreign office here that Great Britain is not bound by any treaties to interfere in behalf of Bulgaria. Although she was chiefly responsible for bringing Bulgaria into existence, Great Britain never undertook the preservation of Bulgaria's interests, but she is pledged to maintain the integrity of the Ottoman empire.
