GEORGE HUNTER,
Lieutenant-Colonel.

MOVEMENT ON FOOT.

To Erect Monument In Canada To "Fighting Mac."

Ottawa, May 15.—At a joint meeting of St. Andrew's Society, and the Sons of Scotland, last night, the first steps were taken towards an agitation of a monument at Ottawa in honor of the late Gen. Hector Macdonald. The opinion was that it should be a national expression of regard for "Fighting Mac," and an appeal will be made to Scotsmen throughout Canada. A committee introduced a resolution embodying a panegyric of the deceased soldier, and recommend that a committee be appointed to secure expression of opinion from representative Scottish bodies throughout Canada, as to the advisability of erecting a memorial in the capital of the dominion in commemoration of the achievement of this Scotch hero. The idea of erecting a distinct Canadian memorial seemed to prevail, and eloquent speeches were made in support of it by Rev. Mr. McIntosh, Rev. Norman McLeod, Lieut.-Col. McMillan, and others. The committee which drew up the resolution was again appointed to carry on the work. The committee is as follows: Rev. Mr. McIntosh, chairman; W. Wilfrid Campbell, secretary; Dr. J. G. Rutherford, B. T. A. Bell, Rev. Norman McLeod, and Alexander Anderson.

French To Seek North Pole.

Paris, May 15.—The Arctic expedition under the patronage of the French Academy of Science leaves France to-day for Spitzbergen and thence will start for Franz Josef land. The expedition is under the direction of Dr. Jean Charcot.

'TIS HORRIBLE

The Massacre Of Jews In Russia.

BRUTAL WORK.

FOUR THOUSAND FANATICS IN WANT.

The Slaughter Continued For Almost a Week—Police and Soldiers Have Not Attempted to Interfere—Some of the Terrible Details.

London, May 16.—The desperate economic situation in southwest Russia, between Odessa and the Roumanian frontier, has been brought to a crisis by the recent massacres of Jews, which, it is feared, will be repeated as the racial and labor conflict in that region remains at a complete deadlock. The only despatch concerning the massacre, at Kishineff, printed in the London newspapers, yesterday, was from the St. Petersburg correspondent of the Daily Telegraph. This despatch stated that the newspapers of St. Petersburg published horrible details of the massacre. One carpenter had both his hands sawed off by his own saw. Some women had their eyes gouged out, and others were ripped open. Some Jews had their arms pulled from their bodies. Several children were flung out of windows into the streets. Four thousand families are said to be in want.

Accounts from Kishineff, received at Jewish centres, here, described the slaughter, which, it is stated, continued for nearly a week. On the first day ten persons were killed and eighty injured. The market was destroyed on the second day. The hospitals were filled with the victims. Many others were lying in the streets. The town was without bread and was short of meat.

A writer who sent this story says: "This was not a riot, it was slaughter. They have killed and robbed the Jews, outraged the women and pillaged residences in all directions." The police and soldiers stand with their hands behind their backs and do not attempt to interfere, beyond telling the mob which are Jews and which Christian houses. The police also prevented the Jews from helping each other. All the evidence tends to show the careful organization of the affair, which was due principally to the anti-Semitic newspaper Bess'Arabia. Many of the participants in the atrocities were the distinguished red smocks of the soldiers and police, and stole whatever they could lay their hands on. There were many students among the offenders. Many Gentiles protested, but were frightened from active interference. All the big towns of northwest Bess'Arabia are incensed against the Jews, who fear outbreaks at any time. The correspondent says fifty persons were killed, 350 were severely and over 1,000 slightly wounded in the massacres.

Massacre Arranged By Fanatics.

New York, May 15.—The American Hebrew in its issue says:

"Jewish blood is running in the streets of Kishieff, human life is a sacrifice to religious fanaticism, homes destroyed, the scrolls of the law defiled, the house of God profaned. The Russian journals now reaching this country bear out the wildest statements that have come over the cable. One of these that brings us news of the most horrible deeds is Der Fraind, a jargon daily of St. Petersburg, which is considered especially reliable. "From the information thus gathered, it appears that there was a prearrangement as to the riots, for they started in many places at the same time, all under control of trained leaders from other towns.

"Not only did the rioters kill and maim people, but they vented their brutish instincts upon the bodies of the dead. Nails were driven through their nostrils, bodies were opened and stuffed with feathers, tongues pulled out, breasts cut off from the bodies of women. Nor were these the only ghoulish acts perpetrated."

A Decided Gloom.

Toronto, May 15.—The news of the recent massacres of Jews in Russia has cast a decided gloom over the entire Jewish population of this city, which numbers many thousands. The reports of the second outrage came while the Jews and their friends and sympathizers here were collecting funds for the relief of the survivors and sufferers from the first, and caused renewed hatred and expressions of loathing for the Russian government which allows such atrocities within its borders. There are a number of natives of Kiseneff living in Toronto.

BRIDE TIRES OF LIFE.

Married Four Days, She Tries To Commit Suicide.

Rome, N.Y., May 14.—Mrs. Felicio de Steafano, aged eighteen, a bride of four days, attempted suicide twice last night and each time was frustrated. Early in the evening she went to the bank of the Mohawk and attempted to throw herself in, but she was promptly restrained by a woman living near by who had been watching her.

Returning home, she tried to throw herself in front of an incoming train and was prevented by her brother-in-law.

At the police station the young woman was examined by physicians and pronounced mentally unsound. She was married in Amsterdam, last Monday, to Felicio de Steafano, of Rome.

Coleman's epicure meats at Gilbert's.

TO BE AMENDED.

Discussion On Mr. Paterson's Resolution Took Wide Range.

Ottawa, May 14.—Hon. Mr. Paterson's resolution respecting amendments to the customs act constituted the principal part of the day's proceedings in the house of commons.

The discussion on the resolutions took a wide range and at times took a turn which Mr. Robinson said made the house like a bear garden.

It was after one o'clock before the resolutions were adopted and a bill formed on them was introduced.

In reply to Mr. Lemieux, Mr. Fielding said that Canada would be represented at the St. Louis exhibition. Its commissioners would not be attaches of the British commission, but would occupy an independent commission.

Mr. Fielding, in a few remarks which indicated his belief that some of the causes of electoral corruption could not be reached by law, moved:

That a select committee, composed of Messrs. Charlton, Casgrain, Russell, Barker, Demers (St. Johns and Iberville), Northrup, Thompson (Haldimand), and Ingram, and the mover be appointed to consider the state of the laws respecting dominion elections; with power to report from time to time. And that the order respecting bill No. 3, entituled: "An act to amend the dominion elections' act, 1900," be discharged; and that the said bill be referred to the said committee.

Mr. Tarte asked that the government should lay on the table of the house correspondence and memorials in relation to tariff changes, which were not of a confidential character. Mr. Fielding intimated that these were voluminous, and said the government had not contemplated bringing them down. Consideration of the matter was promised.

Mr. Fielding has proposed a re-arrangement of the interest charges on dominion and provincial debts, which Premier Ross refused.

Hon. Mr. Fielding's resolution for increased aid to encourage dry-dock passed the House of Commons yesterday.

Hon. Mr. Paterson announced that the overtime charges for customs officers will be paid by the government.

Richard Blain's western speeches, with a teapot illustration, were criticized by Walter Scott.

GUILTY OF MANSLAUGHTER.

Four Young Men Convicted At Bracebridge.

Bracebridge, May 15.—Four young men, Edward Hunter, Samuel Burley, Albert Lating, and Edward Dunn, were found guilty of manslaughter, with a recommendation to mercy, at the assizes here yesterday. On February 11th last, these men, who were employed at a lumber camp near Uterson, saw what they supposed to be a bear beside the road. Hunter got his rifle and fired three shots, two of which took effect. On going up to the object they found that instead of a bear, it was Robert Johnston, an old man who had been doing chores about the camp. The shots had caused practically instant death.

The four young men, found guilty of the manslaughter of Robert Johnston, were dismissed, this morning, by Judge Britton, on suspended sentence.

Bullets For Debtor.

Boston, Mass., May 15.—Ernest F. Holbrook was shot and seriously wounded yesterday at the office of the United Drug company in Roxbury by Eric H. Mackay, of Cambridge, who called at the place, inquiring for Holbrook.

Mackay escaped by holding at bay with his revolver the bookkeeper, Miss Fitzpatrick, who witnessed the shooting, but was arrested just as he was about to drive away in a team, the driver of which he had terrified by a demonstration with his pistol.

At the office of the drug company the cause of the shooting is said to be a bill of a few dollars for clothing which Holbrook had not paid.

Three Years For Stealing Hogs.

Sherbrooke, May 15.—Arthur Couture was sentenced by Judge Mulvena to three years in the penitentiary for stealing dressed hogs from the Hovey Packing company's establishment. The accused admitted having gone to the establishment in question on three different occasions, and each time removed from three to four hogs. He sold them to butchers in upper town at a less figure than the market price.

Death Lurks In Gas Tank.

New York, May 14.—Mrs. Kate Taylor was killed to-day by the explosion of a carbonated gas tank used for generating soda water, which also wrecked the rear rooms in her store. A bed in one apartment was blown to splinters and the plaster ceilings were reduced to dust. Mrs. Taylor went to attach a tube to the tank. Whether the tank contained too much gas or whether the woman did not handle it properly cannot be learned.

Swell Hats.

Smart choices for $1, at Campbell Bros.' new up-to-date hat store.

25 per cent. discount on all men's furnishings. Corrigan's removal sale.

Bananas, 15c., 20c., 25c. doz., at Gilbert's.

Marconi Must Rest.

London, May 15.—It is reported that Signor Marconi has been indisposed for several days in Rome. A physician found him on the verge of nervous collapse and ordered that he take a prolonged rest. He is going to the Riviera.

THE MOON NOW

Is Charged With Regulating Rains.

TWO YEARS YET

AND THEN TOO MUCH RAIN WILL FALL.

Ten Years of Barrenness to Be Followed By Nine in Which Rain Will Come Down in Quantities — The Australian Astronomers Agree in the Theories.

Vancouver, May 15.—Mail advices received from Australia, by the S.S. Oranga, which brought over the largest number of passengers on record, says that H. C. Russell, the government astronomer of Australia, claims to have made the discovery that the moon regulates the rain, and that it consequently is the cause of the terrible drought now prevailing in Australia. Astronomers of the different Australian colonies, it is added, have endorsed Mr. Russell's theory. Mr. Russell says Australia is in for two more years of drought, eight having passed and that in 1905 there will be more rain than Australia wants and it will continue for nine years. In the meantime the drought situation has become appalling.

THE BALKAN CRISIS.

Sultan in a Quandary as to Pay of Troops.

Vienna, May 15.—The resources of Turkey are said to be so strained as to compel the advance against the Albanians to be suspended. It is believed that the mobilization of 100,000 men was only effected with the aid of the sultan's private purse. The sultan has just consulted the former Vizier, Said Pasha, on the situation, and it is reported that his majesty has summoned a financial commission to consider means to effect the payment of the troops in Macedonia and Albania, the army contractors having refused further supplies.

Governors Responsible.

Constantinople, May 15.—The sultan has warned the governors of the provinces of European Turkey that they will be held personally responsible in the event of massacres occurring in the territories under their jurisdiction.

Another Discovery.

Sofia, May 15.—A despatch from Salonica says that another discovery of 1,000 pounds of dynamite has been made there. In addition to this, it has been found that the French and Russian consulates have been undermined.

Character Unimpeached.

Smith's Falls, Ont., May 15.—The complaint brought by certain members of the presbytery of Quebec, at the synod meeting, against that presbytery in the Kinnears-Mills matter, was disposed of, the synod placing itself on record as seeing no reason to depart from the finding come to last year. The ministerial standing of the Rev. J. M. Whitelaw was pronounced unimpeached.

A committee was appointed to secure through the home mission committee an appointment for Mr. Whitelaw in the North-West or British Columbia. The presbytery of Quebec will be instructed to expedite the transfer. Next year's synod will meet on the second Tuesday in May, in Chalmers church, Quebec.

To Visit St. Petersburg.

St. Petersburg, May 15.—It is announced that Mr. Kruger, the former president of the Transvaal will pay a visit here, in June, to attend the two hundredth anniversary of the laying of the foundation of the city by Peter the Great. Mr. Kruger will come with a deputation from the Dutch town of Zaandam, where Peter the Great worked as a ship carpenter.

Sent The Benediction.

Rome, May 15.—The pope has telegraphed the apostolic benediction to Cardinal Herbert Vaughan, who is very ill in England. His holiness has also expressed to Mgr. Stonor, the highest English ecclesiastic in Rome, his grief at the loss to the church through the impending death of Cardinal Vaughan, whose administration he said was above praise.

Likely A Tariff War.

New York, N.Y., May 15.—A Sun cable from Berlin says Chancellor Von Buelow will be authorized by the Bundesrath to take steps to combat the tariff restrictions imposed by Canada against articles of German production. Germany if necessary, may engage in a sort of tariff war with Canada.

Dead At Age Of 114.

Salem, Ore., May 16.—Joseph Bashaw, 114 years old, was found dead in bed last night. He was a French man by birth and served in the French war of 1806-15 under Napoleon. He drove an ox team to Oregon in 1847, and was then a gray-haired man.

Good Hats For Good Dressers

At prices to suit all purses. New styles and colors in fine fedoras, for $1.50, $2, $2.50 at Campbell Bros.' swell hat store.

Jumbo Havana pineapples, select, ripe fruit, W. J. Crothers.

RETURNED "NO BILL."

Offence Could Not Be Charged In Toronto.

Toronto, May 15.—The grand jury at the sessions, to-day, returned no bill against the Bell Telephone company on the charge of conspiracy with the C.P.R., arising out of the refusal of the C.P.R. to admit an independent telephone into the Locust Hill station on its line in East York. Judge Street instructed the jury that as the agreement between the companies was made at Montreal the offence could not be charged in Toronto.

The Bank of Commerce which holds a mortagage of about $14,000 on the Granite club, Church street, intends to take over the property and sell it. The club is left in possession until September and will look for new premises.

TROPICAL WORM DISEASE.

Report of German Commission as To Consequences.

Berlin, May 15.—The government commission which has been investigating the tropical worm disease, which has attacked 20,000 Westphalian miners, reports that only those who rarely see the sunlight are afflicted. The disease is frequently fatal, and causes inability to labor. The government has decided to employ 150 doctors specially trained to combat the malady. The sufferers will be isolated. Cleanliness and sunshine are the principal requisites.

PREVENT ICE JAMS.

Will Deepen Channel From Hog's Back.

Ottawa, May 15.—Hon. A. G. Blair, in reply to a deputation to-day about the Rideau River floods, suggested that Ottawa city and Carleton county and the government, should have proportionate shares in the cost of deepening the channel from Hog's Back, five miles above Ottawa, to the mouth of the river. The deepening of the channel would, it is thought, prevent the ice jams.

ENDED HIS LIFE.

Rather Than Serve The Term In Prison.

Buffalo, N.Y., May 15.—Rather than serve nine years in Auburn state prison, which meant life imprisonment for him, as he was suffering from consumption, William Lane, convicted of assault in the second degree, last Wednesday, committed suicide.

A Boy Crushed.

Guelph, May 15.—Yesterday a little son of Mr. Carney, Cork street, met with an accident which will in all probability prove fatal. The lad had climbed on a waggon, and as it was being turned around fell between the front wheel and the box. His head, shoulders, and chest were so badly crushed that it is almost impossible for him to recover.

May Lose Their Sight.

Belleville, May 15.—Robert Wilson and John Kelliher, two residents of this city, who have lately been working in the boiler shops at Deseronto, were each struck with small particles of steel in their left eyes, and as a consequence it is expected they will lose the sight of the eyes affected.

Fight Striking Engineers.

New York, May 15.—The National Board of Steam Navigation has declared war upon the marine engineers who have gone on strike and has taken steps to prosecute them for violations of the law and to secure the revocation of their licenses in every port affected by the strike.

Damage Caused.

New York, May 15.—Reports from the farming districts of this state indicate an unusually dry spring. The late frosts and dryness in the Hudson Valley and the northern counties have, in several sections, practically ruined small fruits and seriously set back the hay and grain crops.

Fierce Forest Fires.

Duboise, Pa., May 15.—Destructive forest fires are raging in the southern portion of this county. At Curry Run it is estimated that eight million feet of timber has been burned. Unless rain falls soon the entire district will be swept.

Condition Alarming.

London, May 15.—"In spite of the denials of the Porte" cables the Constentinople correspondent of the Daily Mail, "the situation at Monastir is alarming. Thirty-eight battalions of redifs additional have been ordered thither from Smyrna."

Fined For Sunday Work.

Toronto, May 15.—Two city hotel barbers of the Tremont hotel, and the Queen's, were, to-day, each fined $20 for shaving customers of their hotels on Sunday in their shops.

Destroyed By Fire.

Denver, May 15.—St. John's Episcopal cathedral, was destroyed by fire, believed to be of incendiary origin, early, to-day. The loss is estimated at $100,000.

Free! Free! To-Morrow.

A new patent hat cleaner, the best device for cleaning a hat, given with every felt hat to-morrow, at Campbell Bros., Kingston's best hat store.

Abernethy And Low Prices.

Our motto is to give high grade footwear, but lowest prices. A. Abernethy.

John Tweddell
Tailor and Importer,
131 Princess Street.

Mabini Is Dead.

Manila, May 14.—Mabini, the former minister of foreign affairs of the Filipino government, died of cholera at midnight. He was attacked with the disease on Tuesday last.

Since his return from Guam, Mabini had lived in seclusion. Captured correspondence of the Rizal province insurgents showed Mabini had been in communication with them, but the letters were not of a seditious nature.
