The piece is one of weakest of its kind, even the choruse being of that calibre, However, the company is headed by four artists in Marguerita Sylva, George G. Boniface Jr., Neil McNeil and David Torrence Miss Sylva is a clever young woman with a sweet voice, brown eyes and magnetic appearance. Miss Hunting's solo, "Could You Be True to Eyes of Blue?" was the best vocal piece of the performance. There was also pretty ribbon drill, with pleasing male chorus, and also a parody upon it by the comedians, in the last act. Bits of the music are borrowed from other musical comedies.

WATERWORKS LOT ON COL-BORNE STREET.

Weekly Bacteriological Tests Water Likely to Be Made-T. R. Carnovsky's Claim For Compensation. The water works committee met yes-

terday afternoon, those present being Chairmen Craig and Aldermen Meek, The sale of the waterworks' lot on Colborne street was discussed the committee agreeing that it should be sold, as it was useless to hold it any longer. On motion of Alderman Mowat, the offer of Rev. S. Rogers, of the Free Methodist congregation, to purchase at \$800, was accepted. The petition of T. R. Carnovsky, Princess street, asking for compensation for the flooding of his cellar

from the drain, was again considered The chairman explained that the fault lay with the board of works, which had overtaxed the water pipe through the branch drains. This had lately been relieved. Alderman Meek, while holding that the water works committce was not to blame, claimed that Mr. Carnovsky was entitled to compensation he asked, \$15. It was decided to refer the matter through the council to the board of works. Alderman Meek brought to the rotice of the committee a motion pessed by the board of health last Tuesday, ask

ing that a bacteriological test of the

water be made every week, and the re-

sult as to its purity inserted in the newspapers so that the people might | l now when to boil their water supply. Many people were still boiling the water, on the presumption that it was unsafe to drink it. If tests were made regularly, a remedy could of effected just as soon as anything im-

pure was found. It was moved by Alderman Meck that the chairman be authorized to consider an arrangement with some competent person for a weekly bacteriologically, of the water for domestic purposes and that port upon the cost of having test published in the daily press. motion was carried unanimously. The committee decided to ask for coal tenders at once, these to be

by June 4th. On motion of alderman Mowat. was decided to bring to the attention of the city council the fact that ceiling of the water works office in a dangerous condition, and in the interests of the people it was advisable to have it repaired at once be fore an accident occurred The account of the Donnelly Wreck ing company for \$358.60 for testing the
