HAPPY HAMILTONIANS.

Those In Kingston Preparing For Old Boys' Re-union.

The Hamiltonians residing in Kingston are taking a great interest in the summer carnival and old boys' reunion, which is to be held in the Ambitious City on August 17th, 18th, 19th and 20th. Some of them have been in correspondence with Charles A. Murton, the honorary secretary of the reunion association, who desires a branch society to be formed here. This, however, is inexpedient, as there are few Hamiltonians in this city. They are:

William A. Mullin, of Rockwood hospital; Arthur Benn, the Brock street barber; N. J. Dingman, inspector of inland revenue; Adam Montieth; Charles Baylie, electrician at the penitentiary; William Potter, engineer at Rockwood hospital; Charles McCullough, clerk in Steacy & Steacy's dry goods store; James and Patrick Sullivan, 283 Alfred street; Henry Douglas, of the Dominion Express company; Dr. R. E. Sparks, dentist; William Bailey, proprietor of Bailey's broom factory; J. E. Hutchison, auctioneer, 517 Alfred street, and E. J. Fokes, barber, Princess street. Several of these are not natives of Hamilton; they simply resided there for a number of years and have still a warm place in their hearts for the city by the mountain. A great majority of the above citizens are arranging to take their holidays in the middle of August so that they may be able to revisit their native city on this festival occasion.

A splendid reception and programme of sports have been arranged. The following is a synopsis: Reception and welcome to old boys and other visitors; parade of old boys; games for old boys; amateur athletic sports; evening promenade, massed band concert at Dundurn park, for old boys and old girls; promenade band concert at drill hall; parades, automobile, bicycle, floral, calithumpian, veteran fire brigade, trades, work horse, societies, etc.; grand military parade and demonstration of visiting and local regiments; fireworks and naval display on Bay of Dundurn and Harvey parks; yacht and skiff races; illumination and decoration of Hamilton beach; parade of illuminated boats; automobile meet and races, open to the world; gymkhana at jockey club; manufacturers' day; street fair and Midway attractions.

The Kingston committee, if one is ever formed for the reception of our old boys, might well learn a lesson from the above programme.

To Again Unite.

At a meeting last night of directors of the Horticultural Society, it was decided to again unite with the fair association for show purposes on the same conditions as last year. This season, however, all exhibitors in the horticultural department must be members of either the Horticultural or Agricultural Societies. Heretofore a few enthusiasts have been supporting the fair for the benefit of certain prize winners who did not contribute one cent towards the expenses of the exhibition.

A committee, consisting of S. N. Watts, R. Baiden, J. Daly, T. England and M. Flanagan, was appointed to revise the horticultural portion of the prize list.

Apoplexy.

Dr. Agnew's Cure for the Heart is effective in apoplectic symptoms. If you have unpleasant dizziness, lightness or sudden rush of blood to the head, take precautions against a recurrence. This great remedy will remove the cause. The press of the land has daily a list of sudden deaths which would not be chronicled if Dr. Agnew's Cure for the Heart were used. For sale by H. B. Taylor and H. Wade.—147.

Wolfe Island May Unite.

The Wolfe Island Township Fair Association is to meet to-night for reorganization, and a deputation from the Kingston Fair Association will go across to address the members relative to the township association uniting with the city body for show purposes. A disposition has been shown to do this, and an effort will be made to-night to carry it into effect.

Found By Sergt. Slade.

It was Sergt.-Inst. Slade, of the R.C.F.A., who picked up the medal lost by Sergt. Haines, of the 5th Royal Scots, on Monday last. The clasp became unpinned and allowed the medal to fall unnoticed. Sergt. Slade saw it shining in the grass, picked it up and handed it to an officer of the Scots, who returned it to the owner.

Presented With A Ring.

At a meeting of King Edward lodge A.O.U.W., at Sydney, C.B., Grand Organizer Neilson, of Kingston, was made the recipient by the lodge of a gold ring. It was suitably inscribed and given to Mr. Neilson for his efforts in connection with the lodge, and as a token of appreciation for his services to the order.

A Farmer Cured Of Rheumatism.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Pain Balm and told him to use it freely and if not satisfied after using it he need not pay a cent for it," says C. P. Rayder, of Pattens Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying 'give me another bottle of Chamberlain's Pain Balm. I want it in the house all the time for it cured me.'" For sale by all druggists.

A Brilliant Student.

Another clever graduate of Queen's has brought honor upon himself, his family, native city and alma mater by winning a high position in his examinations at Columbia College, New York, and receiving the degree of doctor of philosophy. Reference is made to Charles W. Dickson, son of Mr. and Mrs. C. T. Dickson, Alfred street. A telegram from New York this morning apprised the happy parents of the success of their brilliant son, who has not yet seen twenty-five summers, but who has earned a distinguished degree. Dr. Dickson has been appointed to a position on the staff of Queen's University.

An Invincible Shield Against the Grippe.

Have you got the Grippe or do you suffer from its unhappy results? Have you it now? In any case, take Morin's Wine Creso-phates. It is an invincible shield against which that terrible enemy, Grippe, breaks its force.

Take it with confidence; it will cure you when all other remedies fail.

"Royal Muskoka."

The "Royal Muskoka Hotel," which is the largest and most magnificent summer hotel in Canada, situated on Lake Rosseau, Muskoka Lakes district, will be open to the public on June 15th. Grand Trunk trains leaving Toronto daily, except Sunday, make direct connection with steamers at Muskoka wharf for "Royal Muskoka," and other ports on lakes.

Prosecution May Result.

The executive of the Kingston Lord's Day Alliance met last evening to consider what action should be taken regarding the running of the street cars here last Sunday. After a thorough discussion, a resolution was passed appointing a committee to deal with the matter and report at an adjourned meeting.

The Train Delayed.

The K. & P. south-bound train, which should have reached Kingston at 4.20 o'clock last evening did not get in until after seven o'clock. A C. P.R. ballast train ran off the track near Clarendon and a track had to be built around the wreck to allow the K. & P. express train to pass.

Steamer "North King"

Makes special trip to Rochester, N. Y., leaving Swift's wharf at 12.01 a.m., Saturday. Decoration day.

THIRTY YEARS AWAKE.

Then He Quit Coffee And Found Refreshing Sleep.

Coffee causes insomnia and physicians are agreed that this is one of the most distressing of all nervous complaints. It is seldom indeed that a man who has reached the advanced age of 81 years is entirely cured of insomnia of 30 years' standing. An old gentleman of Phila. says: "I have been a great sufferer for many years from insomnia. I am 81 years of age and can truthfully say that until I quit coffee and commenced the use of Postum Food Coffee I had not known real refreshing sleep for more than 30 years.

"Postum was prescribed for me by my doctor, who made me quit coffee. I have now used Postum for more than two years and its good effects are both wonderful and permanent. I regard it as a good friend not only as a remedy for coffee ills but as a pleasant and nourishing food drink with a fine flavor. Several of my friends are using it to great advantage and think it much superior to coffee.

"When the directions for making it are followed closely it cannot fail to give satisfaction." Name given by Postum Co., Battle Creek, Mich.

Such evidence supports the scientific theory on which Postum is based. There is a reason.

At midnight to-night she will start for Charlotte to resume her regular trips between that port and Alexandria Bay. During the winter many improvements have been added to the King, increasing accommodation and adding to the comforts of passengers.

Medical College Jubilee.

Queen's medical faculty have finally decided to celebrate the jubilee of the college's foundation next October, at the same time as the principal's installation ceremonial takes place. Some of the medical professors had proposed holding the event next spring, as the fifty years will not have elapsed till then, but it was thought better to have it take place at the beginning rather than at the close of the session.

Fine Grazing Grounds.

Barriefield common has become famous throughout this district for its superior pasturage. Farmers from Westport and surrounding district have driven their cattle all the way up to Barriefield in order to give them the advantage of the grazing. Over 200 head of cattle are now to be seen roaming over the common, growing sleek and fat upon the fine pasturage.

Cattle Are Dying.

Pittsburg township farmers are losing cattle from some unknown cause. Three of them lost a cow each this week, and the cause of death in each case remains a mystery. A great many more cattle are on the sick list. The only conclusion the farmers can reach is that the cows must have eaten a poisonous weed while grazing.

NURSES' HOME.

MONEY NEEDED BEFORE IT IS BEGUN.

Nickle Wing To Be First Attended To—St. Lawrence Cottage Temporarily Closed For The Nurses.

At the general hospital governors' meeting on Monday, the plans and specifications for the nurses' home and the alterations in the Nickle wing will be adopted and tenders ordered to be asked for. Work in the Nickle wing will be proceeded with at once, as it is necessary that the heating system be changed before the cold weather comes again. The urgent need of the nurses' home is fully realized, but it cannot be started until more funds are available. In fact, some of the governors insist that the whole amount required be in sight before the building is begun. This is hardly necessary, however. A little debt would not be a detriment, but will rather be a benefit, as it will cause more strenuous work by the hospital organizations and secure a greater public sympathy.

The whole trouble about the nurses' home would be solved if half a dozen men interested in hospital work, and who would never miss the money, would hand out $1,000 each. More than the city alone should be interested in the home; the neighboring towns and counties are beneficiaries, and should pay a goodly share. Some people, perhaps, may not know that the nurses, after their tired day's work of many hours, must climb to a dreary attic or descend to the cellar where their apartments at present are. To give the nurses fit summer accommodation, the board of governors has temporarily leased St. Lawrence cottage on King street west. The medical superintendent will also occupy this place while the alterations to the Nickle wing are in progress.

LOST THE CATTLE.

Heavy Blizzard Wiped Out Five Car Loads.

Information was received here Thursday from Lethbridge, N.W.T., that almost the entire consignment of cattle shipped west a few weeks ago by Donald Vanhorne, of Pittsburg township, had been wiped out as the result of encountering a blizzard. It appears that the train conveying the cattle became storm-bound at a point between Dunmore and Lethbridge. At the time the severest storm experienced in seven years was raging, and the cattle suffered greatly. Many of them died on the cars and others expired upon landing at Lethbridge, where they were stabled. One letter stated that at the time of writing 157 animals had died and others were not expected to recover. Ex-fireman William Foden was with this consignment.

"Other People's Money."

Dainty May Sargent will be "At Home" at the Grand to-morrow afternoon at 2:30 and evening at 8:30, presenting for the first time in Kingston the comedy success, "Other People's Money." An exchange says in part: "Then those wonderful gowns, think of an evening dress covered with 2,400 spangles and weighing twenty-two pounds. That gives one an idea of the gown worn in the last act. While Miss Sargent is starred the supporting cast is not subordinated, every member goes in to win and makes the most of his or her lines, as Hutchison Hopper Sam Roberts was a winner and his epigrams, gifts of lightning repartee, and general laugh-provoking words and deeds never allowed the interest to flag. The remaining members of the cast are unusually strong."
