Woods' Fair.

PARK AFFAIRS.

TO REPAIR ASPHALT WALK IN CITY PARK.

Council to be Asked to Construct Swimming Place — More Benches to be Placed in the Parks.

The civic parks' committee met yesterday afternoon with Chairman Walkem and Aldermen Sands, Angrove, Bassam and Tait in attendance.

The chairman showed the committee the lease granted by the Dominion government to the city of the ground between the post office and custom house for use as a park. The ground dimensions are 140 feet deep by 95 feet frontage.

In reply to the recent request of Ald. Bassam and the Women's Council for a bathing place at Macdonald Park, a report was presented by the chairman and the city engineer, who were appointed to consider the matter. This report stated that no bath could be placed at the park, first on account of unsanitary conditions, owing to the sewers from the hospital and other places emptying into the harbor, immediately to the west of the park; second, the expense would be too great. The report stated, however, that the city engineer's suggestion made in April, 1902, should be adopted. The engineer then advised a bathing place sixty feet long by sixteen feet wide at the easterly extremity of King street breakwater, with a plank bottom; three feet of water at the breakwater and four feet of water at sixteen feet from it to be enclosed with a strong wire fence, supported by iron posts and along the top of the fence a twenty inch footway to allow those who can swim to dive into deep water; also to have three iron ladders up the crib work, also life lines around the enclosure. On the breakwater to have an eight foot board fence enclosing a space for the bathers, and against the fence about fifteen dressing stalls. The cost would be about $450. This was the only feasible plan that could be suggested, except that of a floating bath which should be a matter of private enterprise.

On motion of Ald. Bassam, the report was referred to council, with the request that funds be supplied for the proposed bath.

The chairman reported as to the damage done to the halyards of the Macdonald park flag pole. In having the damage repaired on Monday, the rope used to haul up a man broke, but fortunately, he had only a distance of three feet to fall. After an interval of three minutes, Ald. Tait, who had been thinking hard, remarked: "Supposing the man had been up fifty feet or more."

Regarding the long asphalt walk through the park, which has been in such bad condition, the city engineer stated that unless a walk was laid four or five inches above the ground it would always cause trouble. He suggested the laying of block concrete slabs in a temporary way, and not even cemented together as is done in London, Eng. That he said would make the cheapest walk across the park and would be most lasting.

Ald. Bassam thought that concrete walks were too expensive for the parks. He favored gravel walks entirely. The chairman said the only objection to a gravel walk there was the trouble of shovelling it in winter, but was not bound to maintain that walk Ald. Bassam claimed that the city as a thoroughfare in winter. It was done simply for convenience.

The committee finally decided on motion of Ald. Sands, to repair those portions of the walk which are broken.

More benches will be placed in the parks, as there are not enough for present requirements, especially at nights and on Sunday afternoons.

The committee adjourned to accompany the chairman to the new Clarence street park, which Alds. Sands and Bassam dubbed "Walkem Square."

Want Their Medals.

The men of the 2nd C.M.R., who saw considerable service in South Africa, are making anxious enquiries about the medals due them. As far as they can learn, all other regiments that were on service there have received their coveted decorations, and why the C.M.R. men have not been favored, or received their dues, is beyond comprehension. This fact has discouraged a number from connecting themselves with militia corps, and, in consequence, the service is losing the benefit of the training they received.

Better Let It Stand.

Ex-Warden Spoor does not see that the county can gain anything by proceeding with the subway question, in face of the city's opposition. If the city does not want to proceed, he thinks the county had also better allow the matter to stand in abeyance.

Half-Sick

If you feel run down, are easily tired, if your nerves are weak and your blood is thin, then begin to take the good old standard family medicine, Ayer's Sarsaparilla. A splendid tonic.

MARINE INTELLIGENCE.

What is Going on in Harbor And Elsewhere.

Craig's wharf: Steamers Persia down; Ocean up to-night.

Crawford's wharf: Schooner Annandale from Oswego with coal.

The schooner Sophia Luff cleared for Oswego to load coal for Cobourg.

The steamer Kingston came down from Toronto this morning on her first trip of the season.

Swift's wharf: Steamers Kingston down and up; Rideau King, from Ottawa; Spartan, from Hamilton.

M. T. company elevator; S. B. Rosemount and consorts from Fort William with 197,000 bushels of wheat; steamers Topeka, Chicago, 51,000 bushels of corn; Ionia, Chicago, 71,000 bushels corn.

The steamer Kingston was in port this morning on her first trip of the season. She carried a large passenger list. Owing to a heavy log on the lake the steamer was over two hours late in arriving, not getting here until ten minutes past six o'clock. She left again at half-past six for Prescott.

Judgment has been given in the case of the Montreal Transportation company vs. the Canadian Pacific railway company for damage suffered by the plaintiff's barge Kingston, which struck against the defendant company's bridge when being towed down the Lachine canal, during the season of 1901. The court found the company responsible for not having opened the bridge. The action was for $250.50, and the court allowed $200 damages.

PERSONAL MENTION.

Movements Of The People — What They Are Saying And Doing.

Mrs. N. Pigion, Barrie street, is very ill.

Mrs. (Rev.) Antliff left last evening for Ottawa.

George Cliff and wife have located in Edmonton, N.W.T.

Miss McCormick after a serious operation in the Hotel Dieu, returned home yesterday.

Miss Pourad arrived in the city Sunday, from Boston, to visit Miss Ludlow, Albert street.

G. Y. Chown and wife are expected home in a few days from their trip to the Pacific coast and San Francisco.

James Minnes and son, Arnott, after visiting Minneapolis, are homeward bound and will arrive here this week.

Mrs. Blanchard and Miss Wemp, of Kingston, have taken up residence at the Collins' House, Picton, for the summer months.

Miss Agnes Smith, Hamilton, and Miss P. Mills, Guelph, will be the delegates at the meetings of the women's institutes, at Adolphustown on July 23rd, and Stella, July 24th.

POLICE COURT.

Driscoll Sent to Central Prison For a Year.

At Wednesday morning's session of the police court, four lads were charged with trespassing on the property of the Dominion Cotton Mills company. They pleaded guilty and were allowed out on suspended sentence after being warned to mend their ways, and promising to pay court costs.

Charles Driscoll was arraigned on a charge of stealing a bicycle from Geo. Richardson. He pleaded "not guilty" to the theft, but said he had sold it for George Reilly, who had stolen it. James Richardson and Charles Saunders gave evidence, the one identifying the wheel and the other giving facts as to purchase of wheel from Driscoll. The magistrate suspended sentence on the charge of stealing clothing, etc., from Jackson, and sentenced Driscoll to one year in Central prison on the charge of theft of the wheel.

An Anglican Approval.

Church Work, Halifax.

The Kingston Whig and other leading newspapers in the west comment favorably upon a movement recently inaugurated in Ontario for effecting the organic union of three great communions, the Presbyterian, Methodist and Congregational. The society, it would appear, is entirely composed, or at all events is officered, by laymen. The project has our unqualified sympathy. Universal reunion will be accomplished piecemeal, because we disintegrated piecemeal. Division bred subdivision. Now partial reunion will breed wider reunion, and finally universal reunion. We will climb back by the way we climbed down, and all of us will have to do our share of climbing. But we will do it by climbing not by jumping.

To Consider The Tenders.

The General Hospital governors will meet this week to consider the tenders for the nurses' home and the isolation building. It is very probable that the former will be erected first. A number of the governors are satisfied to go ahead, even if a debt is incurred. The nurses' home must be built, the hospital needs demand it. Prof. Marshall, chairman of the board of governors, is securing a few subscriptions towards the fund. He wants to raise $10,000 if possible.

To Charter A Train.

Archie Abernethy returned yesterday from Toronto, where he met with many former Kingstonians. He says that the Kingston Old Boys' Association there has a very large membership. A special train will be chartered to bring them to Kingston to attend the home-coming here in July. It is expected that not less than 500 will come. Most of the home-comers from Toronto will remain here from a week to ten days.

Wednesday evening the ceremony was performed by which Rev. C. E. A. Pocock, B.A., Little Current, Ont., and Miss Carrie Switzer, the talented daughter of A. G. Switzer, Carleton Place, became man and wife.

Thomas H. Morgan, clerk of the township of Hallowell, who had returned from Montreal on Saturday, was taken suddenly ill that night, and died on Sunday morning. He was very highly respected.

The street railway company expected to have the new King street switch laid by Saturday, but will be unable to put it down until next week.

Most delicious chocolates at Taylor's Palm Garden drug store.

CRACK PITCHER

FROM UTICA TO JOIN THE PONIES.

Gananoque is Eager to Enter the Proposed League — A Large Slip is Required by the Yacht Club.

When the Pony baseball team gets into harness again it will be no second-class aggregation, but as strong as last summer. "Chaucer" Elliott will bring here a crack pitcher from Utica, who, with Sullivan, will do the twirling. A couple more good players will be added to the ranks of the six in Kingston.

The word comes from Gananoque that a good team will be in existence there after July 1st, and would like to enter the proposed league with Kingston, Watertown, Carthage and Antwerp.

General Sport Review.

Toronto offered three players and $500 for Al. Wagner, of Providence, and the offering was spurned.

Montreal Shamrocks and Brantfords are easily the best lacrosse teams of the two big leagues to which they belong.

The twelfth annual tournament of the Dominion Lawn Bowling Association will be held at Toronto, beginning July 6th.

Proof has been well established that the western division of the National Baseball League is considerably stronger than the eastern.

It is possible that Manager Gardner will start in and pitch regularly himself unless the Toronto baseball team wins with greater frequency.

There will be a yacht race Saturday for a club prize. The buoys, the absence of which prevented a race being held last Saturday, were yesterday placed in position.

Many drivers believe that it is only a question of a few years when the sulky will be a thing of the past. It is their opinion that all races, except those for the runners, will be driven to four-wheeled vehicles. No additional speed is gained by the use of the two-wheeled contrivance.

The Kingston Yacht Club requires a much larger slip than the one adjoining the club house wharf. There is not nearly enough room for the yachtsmen. The club's lease of the property has three years yet to run, and nothing can be done till that time has expired.

Secretary H. B. Howson, of the C. W. A., Toronto, has received a telegram from William F. Findlay, chairman of the local racing board at Vancouver, announcing that a single fare has been secured for riders from Eastern Canada participating in the C.W.A. annual Dominion meet, to be held in Vancouver, on July 2nd.

It seems unlikely that a new eastern club league will be formed, but there is every prospect of Cornwall, Ottawa and Brockville forming a three-cornered league that would furnish several matches in each place and produce good lacrosse. In the meantime home and home games will be arranged with several clubs by Brockville.

Baseball On Tuesday.

American League.—At Boston, 0; Cleveland, 7. At Philadelphia, 9; St. Louis, 3. At New York, 1; Chicago, 0. At Washington, 5; Detroit, 1.

National League.—At Philadelphia, 2; New York, 1. At Pittsburg, 6; Chicago, 3.

Eastern League.—At Jersey City, 1; Newark, 8. At Toronto, 0; Buffalo, 2. at Baltimore, 7; Rochester, 2.

Picking Up Hay.

Dealers from the United States are touring Wolfe Island purchasing hay, of which there is an abundance in that township. Prices average, for last season's crop, from $8 to $10. The same hay, or some of the same crop, sold on Kingston market last winter at from $3 to $5. The United States buyers say they will take every pound of hay in Kingston district, if they can secure it.

There Is Keen Rivalry.

There is keen rivalry among two or three local grocers over the question of supplying incoming grain-carrying boats with provisions. Representatives of these firms follow the canal reports closely and, when necessary, remain up all night so as to obtain an order from an incoming boat. It is a case of first on the scene being successful.

Under the Happy Influence of Bromo.

The disease is arrested and the return to health is surely effected.

Take it for all blood and nerve diseases. For sale everywhere.

THE REAL CRANK

Is Plainly Marked.

A crank is one who stays in beaten paths when common sense tells him to leave.

The real crank is one who persists in using coffee because accustomed to and yet knows it hurts him. It is this one who always pays the penalty, while the sensible person who gives up coffee and takes on Postum Food Coffee in its place enjoys all the benefits of returning health.

A well-known manufacturer's agent of New York city visited the grocery department of one of the big New York stores not long ago and there he tasted a sample cup of Postum made the right way. He said afterwards: "Just through the energy of that young woman who was serving Postum there I became a convert to the food drink and gave up the drug drink coffee and got well.

"I had used coffee to excess and was gradually becoming a complete wreck, getting weaker and more nervous every day. I paid the penalty for using coffee and when I tasted the delicious Postum I was glad indeed to make the change.

"So I gave up the coffee altogether and have used Postum instead ever since. My family at first called me a crank, but seeing how Postum benefitted me the first month they all got in line and as a result of Postum's remarkable benefits to me we all drink it now entirely in place of coffee, and we are well." Name given by Postum Co., Battle Creek, Mich.

AN OUTSIDE VIEW.

The Opinion of the Brockville Recorder's Editor.

So long as E. J. B. Pense represents Kingston, that constituency will have a champion that does it credit. Though Mr. Pense is an average looker, still his looks do not form his greatest or most valuable asset. He is a mover, a thinker, a worker, and under and beneath nearly all his labors, if one probes sufficiently deep, he will find Kingston or Queen's University. These are his constant thoughts by day, and it is safe guessing that they form the groundwork of his dreams by night. If one dares suggest that any other place is as good as Kingston, E. J. B. P. sits on him at once, and that gentleman knows how to sit hard. On committees he is a very strong man, and though he does not weary the house with much speaking, he has something to say when he does talk, and is listened to with great attention. He might well speak more frequently. The School of Mining and Agriculture at Kingston has been his particular care this session, although several bills have been put through bearing his name. He is a member of the board of directors of this school, and certainly takes a deep interest in it. Eastern Ontario is deeply interested in the school of mining and agriculture, and it has been of great benefit to this part of the province, and is entitled to liberal support from the government. Last year in the mines' branch there were 322 students, and 120 students in the dairying department. To this school our cheese and butter makers go for instruction in the winter, and it needs no argument to prove the benefit derived. When Mr. Pense is urging the needs of this school, he is but expressing the views of all those engaged in dairying, and he has the people with him. He is also a constant pleader for generous treatment to Queen's University, which has done so much for education in all Canada, and lets no opportunity pass to press her claims. His speech in the house on these questions was full of information and was expressed in vigorous tones and language. In Mr. Pense, Kingston has a very strong man, and the legislature a keen debater and deep thinker.

BOARD OF HEALTH.

Business Discussed at a Meeting Held on Tuesday.

A regular meeting of the board of health was held yesterday afternoon, those attending being: J. D. Thompson, R. Meek, W. J. Simmons, J. R. Donaldson and the officials.

Regarding a contaminated well existing on property on Charles street, owned by Mrs. Baker, the owner wrote to say that she would have the water works system placed in the house.

Sanitary Inspector Gordon reported having tested samples of milk supplied by vendors, whose milk supply was found unsatisfactory at a previous test. Upon second examination the milk was found to be up to standard.

A local employer of labor was ordered to place a flush closet in his place of business, for the convenience of employees, so as to do away with a nuisance that at present exists on the place.

Thomas McAuley was ordered to carry out his agreement with the board and remove a nuisance which exists on his property on Stuart street.

Regarding a recommendation of Dr. Bryce, that the water works intake pipe be extended further into the harbor, as certain winds seemed to affect the water at the mouth of the present intake, the city engineer submitted plans to show that the intake pipe was at present in the deepest part of the channel; that to extend it further into the harbor would be to place it in shallow water.

The matter of an increase to the salary of Medical Health Officer Fee will be taken up at the next meeting.

RECEIVED A SCARE.

Thought a Young Girl Had Been Stolen Away.

A rumor was current that a Wolfe Island girl, who comes over to the city to attend school, was missing. Friends in the city were yesterday and late into last night making a vigorous search for her, it being reported that she had started from home Monday morning and afterwards disappeared. At a late hour Tuesday night telephonic communication was obtained with her mother on the island, when it was learned that the cause of all the anxiety was safely at home. It appears that the girl is accustomed to coming to the city on Monday morning to attend school, returning home Friday afternoon. When she did not come to hand this Monday, the same as usual, friends with whom she usually stayed started the report that the girl had met with a mishap. The rumor caused some of the girl's friends in the city great anxiety and worry.

FORM SOCIAL CLUB.

The Organization Starts With 127 Members.

Ottawa Citizen.

The Kingston Club, an organization of former residents of the Limestone city now living in the capital, was organized at a meeting held at Baker's laundry. The club starts off with a membership of 127 and expects to meet once a month for social purposes. It is proposed to secure a hall and a fee of $1 a year will be charged to cover expenses. A meeting will be held on Thursday evening to receive a report from Messrs. R. H. Lake and W. H. Mills, who will enquire about railroad rates for an excursion to Kingston on July 25th, when there will be a big home-coming celebration and thousands are expected from Toronto and other cities. Dr. D. H. Dowsley is president and Robert D. Baker, secretary of the new club.

The Tickets Restored.

Capt. Geoghegan had the good fortune to pick up the two tickets for Winnipeg which a lady lost yesterday. He returned them to their owner and received her grateful thanks. The two tickets had just been purchased at a cost of $56.

DAY'S EPISODES

LOCAL NOTES AND THINGS IN GENERAL.

Occurrences in the City and Vicinity—Other Brief Items of Interest to the People.

Special 50c. corsets, steel-filled. New York dress reform.

Wrist bags, 75c. up, Taylor's Palm Garden drug store.

C. W. Wright, hatter and furrier, Wellington street, has made an assignment.

The city property committee was called to meet this afternoon at four o'clock.

Have you ever used a rubber sponge? Then why not—see them at Taylor's Plam Garden drug store.

New weigh scales are being placed in position at Harrowsmith for use of the K. & P. and B. & Q. railroads.

Let us show you why you should use a Parker fountain pen. H. B. Taylor.

The street railway company has begun work on the new switch, to be laid at the junction of King and West streets.

There is a general demand for a refreshment booth in Macdonald Park, where a good business could be done by an enterprising caterer.

Rideau King for Ottawa every Monday and Thursday, 6 a.m. J. Swift & Co., agents.

J. S. Henderson will supply groceries, R. J. Carson flour and W. H. Reid meat for the big military camp, which opens at Barriefield next week.

J. H. Brickwood and E. Halliday were fishing near Cedar island yesterday afternoon. Each succeeded in landing an even dozen of "beauties."

The volunteers who have to go into camp next week are hoping that the rain showers will exhaust themselves this week, so as to give dry weather for the camp.

Orangemen of Syracuse and Watertown, N.Y., have notified their Kingston brethren of their intention to conduct excursions to this city on July 12th.

Two generations of the Macnee and Hughes families were in uniform at the military service in St. Andrew's church on Sunday last. Capts. Macnee and Hughes each have sons in St. Andrew's cadets.

The scavengers have reported to the city engineer that since they commenced the new ward duty, people have been throwing rubbish on the streets for them to clean up. If the practice continues, there will be trouble.

It is hoped that the last has been heard of the old Montreal street retaining wall. The dilapidated stone-work has been torn down and replaced by a substantial structure, that ought to be good for all time, if kept in repair.

A citizen who has lately had some dealings with the city officials, this morning summed up the result of his experiences with them, by misquoting the familiar saying so as to apply to them: "Each moves in his mysterious way, his duties to perform."

An Old-Time Cure.

Gananoque Reporter.

Mrs. Robert Latimer, Toronto, noticing a case of blood poisoning recorded in The Gananoque Reporter, writes:

"If beef's gall is applied at once when symptoms of blood poisoning appear, no serious results will follow. It was Dr. Howard's remedy, and he once cured Mr. Latimer of poisoning, caused by a deep cut in his thigh by a jack knife, by the application of gall." Dr. Howard and his medical preparations obtained a high reputation here fifty years or more ago. We believe he then lived at Marble Rock.

Dreadful Case Of Itching Piles.

Doctor Wanted to Burn the Skin With a Red Hot Iron—Patient Was Cured by Dr. Chase's Ointment

Alex. McLean, Tarbot Vale, N.S., writes: "For two years I worked as sectionman on the Dominion Coal Company's railroad between Sydney and Glace Bay, N.S., and during that time was exposed to all sorts of weather. Gradually my health failed, and I became a victim of protruding piles. At first I did not know what my ailment was, but I consulted a doctor, and though he treated me for piles, they only grew worse.

"I was forced to give up work and return to my home. My suffering could scarcely be described. I could not walk or lie down, but while the rest of the family was sleeping I would be groaning and aching from the excruciating pains.

"Again I decided to consult a doctor. This one stripped me, and said the piles would have to be burned with a red-hot iron. I shivered at the thought of burning the flesh and told him I could not think of undergoing such an operation, so he gave me some salve, for which he charged me two dollars, but did not do me any good.

"I was in a desperate condition and had about given up hope of ever being freed from this dreadful suffering when a friend told me about Dr. Chase's Ointment. He said he had seen so many cases that it had cured that he would pay for it himself if it failed to cure.

"My experience with Dr. Chase's Ointment is that the first application did me more good than did the two doctors, and it has made me as well and as free from piles as any man. Since being cured I worked during the winter in the lumber woods and experienced no return of my old trouble. I am not putting it too strong when I say that Dr. Chase's Ointment was worth $100 a box to me. You are free to use my testimonial for the benefit of others, as I feel it my duty to make known this great ointment."

Dr. Chase's Ointment, 60c. a box, at all dealers, or Edmanson, Bates & Co., Toronto.

To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous recipe book author are on every box of his remedy.
