PONIES TO PLAY THEIR MATCHES AT LAKE ONTARIO PARK.

To Get Guarantee And Percentage
—Six Teams Likely To Be In
The League—Dorgan Likely To
Play.

All arrangements have been made between the street railway company and the Pony baseball club management for the summer's matches, which will take place at Lake Ontario Park.

The Ponies will be given a money guarantee for each match, and also a percentage of the gate receipts.

Clinton will be able to contribute a good amount to start the team in the projected league.

It is probable that six teams will enter the league, Clinton now desiring to get into the game again. The league then would include Kingston, Gananoque, Watertown, Antwerp, Carthage and Trenton.

It is likely that Dorgan will be assigned to play shortstop, with Burke at second, and a good third baseman. The Ponies would be strong in every department.

The Ponies were to have practiced at the park this afternoon. An exhibition match with Watertown will likely be arranged for next week.
