A TERRIBLE MURDER

Committed At Cloyne on Saturday--Gideon Butts Beat Out His Wife's Brains.

Murderer Is a Sufferer From Religious Mania--Claims He Is a Prophet.

Napanee, June 29.—The report that a terrible murder was committed at Cloyne, on Saturday morning, proved true when Constable Samuel Cuddy, of Cloyne, a village fifteen miles from Kaladar and about fifty from Napanee, in the rear of the county of Addington, brought the murderer in on the six o'clock train.

The perpetrator of the terrible crime was Gideon Butts and the victim his wife. From the facts gathered, it appears that Butts, committed the fearful deed about daybreak on Saturday morning, literally pounding his wife's head to an unrecognizable state against a stone in his own door yard.

Butts who is a man of between fifty-five and sixty years of age has been a resident of Cloyne for the past two years, working as a laborer around the village and with the farmers in the vicinity. He is certainly insane, as he does not seem to realize the enormity of his crime. A religious mania has seized hold of him and he says the Lord told him to commit the awful deed.

After his arrest he was brought before magistrate John A. Carscallen, Northbrook, who committed him to Napanee jail.

It appears that Butts was laboring under a hallucination that he is a prophet and that the Lord commanded him to slay the devil and he fancied his wife was that personage and he was only carrying out the commands of the Lord. After committing the awful deed he walked about half a mile to Constable Cuddy's house and said to him: "Come and see the devil I have slain." And when the constable went with him to his home the terrible sight that met his view was the almost unrecognizable form of his wife lying in the yard with her head completely pounded off, and cold in death.

Butts tells how he committed the deed, says he struck her in the house and then carried her out to the yard, and with a large stone beat her head against another large flat stone. From the appearance of the man the murdered woman must have made some resistance, as he has several scratches on his face and his legs are black and bruised as if from assault. He covered the remains with a sheet before going to constable Cuddy's house.

The day before, (Friday), about five o'clock in the morning, he went to Constable Cuddy's house in his bare feet and only partially attired and acted so strange and erratic that the constable consulted with some others, and they decided that he should be locked up, but his wife begged them not to do so as he was quite harmless, and only through her intercession was the man allowed to be at large.

The murderer is of English origin and had been living in Prince Edward county and Harlowe, Tamworth and Cloyne for a number of years. He was married to the murdered woman about eighteen years. No family are left.

The Friday before he committed the deed he spent with his wife fishing and he told Constable Cuddy that one of the fish he caught turned to a serpent and entered into his wife, and he had to slay her to kill the serpent.

In bringing the murderer to Napanee, Constable Cuddy says he gave him no trouble until he got upon the train and then he wanted to jump out of the window, and he had to use force to compel him to sit still. He asked the constable to allow him to bring along a Bible and that he has been reading and quoting ever since.

So far as can be learned he has no relatives, in this country and his wife's relatives are also unknown to the constable who brought the man to Napanee.

It is quite clear that this unfortunate man is insane. He spoke freely to the constable about the awful deed, and thinks he only carried out the command of the Lord, who told him to slay the devil.

HE IS VERY ILL.

Hon. Hugh John MacDonald Is a Sufferer.

HUGH JOHN MACDONALD.

Toronto, June 29—The Globe's Winnipeg special says Hon. Hugh John Macdonald, who has been ill for the past ten days, with an attack of pleurisy, was reported low late last night.

BRIDEGROOM HAD SMALLPOX.

Village In Livingston County Is Quarantined.

Rochester, N.Y., June 29.—The little village of Scottsburg in Livingston county is under strict quarantine, as small-pox has broken out there, and the entire community has been exposed. The local physicians were unable to diagnose the disease and last Friday, Secretary Johnson of the state board of health was called in.

At that time there were eight cases. The most alarming was that of Shepard H. Trexler, a bridegroom at a wedding ceremony, whose body was covered with pustules at the time. He was not feeling ill, and as the guests and clergyman had all assembled, the marriage took place. When Secretary Johnson said Trexler had small-pox, a panic ensued.

STREET PREACHERS FLED.

Their Presence During An Unveiling Causes a Riot.

London, June 29.—During the unveiling at Arklow, Ireland, on Sunday of a monument to the rebels who fell in the battle of Arklow in 1798, t which ceremony 30,000 nationalists were present the latter collided with a band of street preachers, one of whom narrowly escaped death at the hands of the mob.

The house in which he took refuge is wrecked. Several hundred policemen were obliged to charge the nationalists and stones were thrown, batons freely used and many persons were injured before the mob was mastered.

A boy named William Traynor got beyond his depth while bathing in the reservoir at Regina and was drowned.

SHOT A HOUSEMAN.

Accused Baillie Of Having Undermined Him.

Victoria, B.C., June 29.—Fred. James Baillie, first-class store houseman, at the naval yard, was shot and instantly killed at Esquimalt, Saturday morning, by Alfred James Frith, who is in custody charged with murder. Frith, it appears, accused Baillie of undermining him and hot words ensued, the result of which was that Frith drew a revolver and shot Baillie in the back of the head, as the latter was walking away. Baillie fell dead about five feet distant. Frith after committing the crime hurried to the wharf and threw the revolver with which the shooting was done into the bay. He then went home where he was arrested while at breakfast with his family. Baillie, the murdered man, was about thirty-five years old and well respected. Frith was a former employee of the naval yard, who had been discharged for drinking.

AN R. C. DEPUTATION.

Will Go To Ottawa Re School Matters.

Winnipeg, June 29.—A deputation of Roman Catholics waited on Premier Roblin at the government building on Saturday, to ask redress from the operation of the existing school law in this province, as regards separate schools. That is the law of 1890, as modified by the legislation of 1897. Mr. Roblin, in reply, contended that the agreement of November, 1896, come to by representatives of the Dominion and the province, having been marked "a final agreement," the province has no longer any power to appeal. A committee appointed by the Roman Catholics will now go to Ottawa to lay the matter before the Dominion authorities.

PEERESS OF VAST WEALTH.

Duchess Of Bedford Has Great Riches.

London, June 29.—The Duchess of Bedford, whose vast wealth is a matter of public knowledge, clings to old associations and has never risen to the dignity of her position. She is a sister of Lady Henry Somerset and, like her, a philanthropist. She takes life seriously, passing much of her time visitings hospitals and prisons.

His Neck Broken.

Guelph, Ont., June 29.—At the inquest, held on Saturday night, into the death of John King, Toronto, found dead in the Western Hotel stable, Coroner Savage reported to the jury that King's neck was broken and that in consequence of this fact he had instructed two other physicians to hold a post mortem examination. As the case was more serious than at first expected an adjournment was made till Thursday evening, when the result of the full post mortem will be presented and other available evidence heard.

PRODUCE IT.

A Doctor Can Cause Rain To Fall.

VOLUME OF GAS

TO ERECT A SCIENTIFIC UNIVERSITY.

If The London County Council Will Maintain It At a Cost Of $20,000 Annually—The Shape The Tariff Campaign Will Take In Britain.

London, June 29.—Dr. McCarthy, Melbourne, asserts that he is able to produce rain by sending up continuously from three centre columns of gas made of certain chemicals. After a maximum of thirty-two hours' rain is produced over a range of ninety miles at any altitude, in any sky, with the wind in any quarter. Dr. McCarthy explains that the gas causes, in a different strata of the atmosphere a vacuum which is the centre of a heat storm, with dense rain clouds. The rain which follows is of a tropical character, slight at first and then very heavy.

Lord Rosebery, as chancellor of the University of London, has announced that Wernher, Beit & Co., Sir Ernest Cassel, Lord Strathcona, and other public-spirited citizens have offered to contribute £300,000 to erect a scientific university in London, if the London county council will undertake to keep it up at a cost of £20,000 annually. The government has promised a site for the institution in South Kensington.

The appearance of the king on the Thames during Whitsuntide, is taken as an indication of his majesty purpose to spend much of his time on the water in the summer during his residence at Windsor. The royal barges have been renovated and decorated and a new launch has been built.

The Shape It Will Take.

New York, June 29.—The Sun's London cable says: It is now fairly clear what shape the early developments of the tariff campaign will take in Great Britain. The present session of parliament will proceed in the usual course to the August adjournment. The opposition is not likely to accept Prime Minister Balfour's challenge to raise a vote of confidence, for the policy of a general enquiry beyond which even Mr. Chamberlain does not desire to commit himself, would undoubtedly commend a large majority. The colonial secretary will not bring forward any definite scheme within the next few months. He will begin a general propaganda late in October and from that time on the tariff will be the exclusive menu of Englishmen until the great issue is decided at a general election to be held at a date that nobody is now able to prophesy.

The discussion during the first few weeks will be confined probably to the four reasons for a revision of the fiscal policy of the empire described by Mr. Balfour in his speech in presenting a memorial casket to Mr. Chamberlain. It is assumed, of course, that Mr. Chamberlain has some general scheme in preparation, if it is not already completed, but it is hardly probable that it has been elaborated in detail.

MAY BE RISING.

In Macedonia — Arms Being Stored.

Belgrade, June 29.—According to trustworthy information the Macedonian committees have not abandoned the idea of a general rising this year. Supplies of arms and ammunition, it is stated, have been obtained in sufficient quantities, and are now being stored in the mountains owing to the Turkish attacks on the villages. Every village at the appointed time will receive its full quota of arms and ammunition, for which the inhabitants have already paid.

Outlook Dark For Mrs. Phares.

Mount Holly, N.J., June 29.—The case of Mrs. E. Phares, charged with the poisoning of her husband, was called for trial in the county court today. The defendant appeared in court looking much better than at the time of her arrest. During her stay in jail she has gained several pounds in weight, she is bright of eye, and the marks of worry and anxiety which lined her rounded face at the early stages of her case have altogether disappeared. The prosecution appears confident of securing the woman's conviction, and it is not expected that the trial will last more than three or four days.

To Be Heavy Crops.

Winnipeg, June 29.—J. O'Bed Smith, Dominion government immigration commissioner, in response to a circular letter, has received reports regarding the crops from government agents all over the country. The reports give promise of an even heavier crop than those of the past couple of years. Frequent showers are reported from nearly all districts and in none are the crops yet suffering from drouth. A very large increase in new districts is reported.

To Unload On Canada.

London, June 29.—A conference of various boards of guardians was held to-day for the purpose of discussing the advisability of sending a large number of children under their care to Canada. W. T. R. Preston, the Dominion immigration agent, addressed the meeting and explained the advantages offered by the Dominion to immigrants of a good class.

STAND BY GOVERNMENT.

To Assert Rights and Safeguard Interests.

London, June 29.—According to the local correspondent of the Times the excitement in Japan over the Manchurian problem is increasing and the nation is plainly resolved to support the government in any measures which are deemed essential to assert the rights and to safeguard the interests of the country.

A Satisfactory Effort.

St. Petersburg, June 29.—The visit of the Russian war minister, Gen. Kuropatkin, to Japan, has, according to the Japanese newspapers, had a very satisfactory effect on the relations between Russia and Japan, and has paved the way for a re-approachment. The newspapers in Japan in expressing satisfaction at this state of affairs, refer to Gen. Kuropatkin, as the harbinger of peace, and point out that he has been the mikado's guest at the palace, where no foreigner except princes of the royal blood ever before resided.

TROLLEY DISASTER.

Six Persons Shot—A Crash At Chicago.

Media, Pa., June 29.—Six persons have been shot and severely wounded in a trolley car between Media and Chester. A negro believed to have been seeking revenge because the conductors of the car recently ejected him, discharged both barrels of a shot gun at the car as it passed a lonely spot in the country. Four women are among the wounded. The negro made his escape.

Killed Or Injured.

Chicago, June 29.—A crowded Archer avenue trolley car crashed into a belt line freight train at Archer Avenue and 47th street early to-day. Two passengers were killed and many were seriously injured. Witnesses to the accident say the trolley car brakes refused to work.

WILL BE SENTENCED.

Christian Scientist Is Convicted Of Manslaughter.

Toronto, June 29.—The court of appeal agreed with C. J. Falconbridge, in the case of Rex vs. Lewis, in which the defendant, a believer in Christian Science, was found guilty of manslaughter for failure to supply medical aid or medicine to his son, who died of diphtheria, on August 13th last. The chief justice directed the jury that medical aid and medicines were necessary under section 210 of the criminal code. James H. Lewis, who resides in Toronto, and who was a street railway conductor, will now be sentenced, having been suspended pending the argument in the stated case.

HE TOOK HIS LIFE.

He Had Worried Lately Over Speculations.

Hamilton, Ont., June 29.—Joseph Jeffery, who for a long term of years conducted the Hamilton city laundry, on Main street west, but who had lived retired for the past couple of years, committed suicide, this morning, by shooting himself in the mouth with a revolver while sitting on his bedside. Mr. Jeffery was about sixty years of age and unmarried. He was well-known and very popular with all classes of citizens. He was reported to be very wealthy, but rumors say he had lost heavily in stock speculations recently and this caused him to worry greatly.

A Spring Wheat Estimate.

The Commercial West, of Minneapolis, announces a reduction on its estimate on maximum yield of wheat in the United States from 740,000,0000 to 725,000,000 bushels, the reduction 15,000,000 bushels being taken from the prospective yield of Missouri, Indiana, Illinois and Kentucky. The apportionment of 200,000,000 for the three northwestern states is left unchanged on the theory that it is too early to estimate spring yield. This total is the average of a possible yield June 1st ranging from 175,000,000 to 225,000,000.

Likes Warm Weather.

Rome, June 29.—This being St. Peter's day, the pope celebrated mass in the private chapel adjoining his bedroom in the presence of his chaplain and members of the pontiff's family, with whom his holiness afterwards held a short conversation. The temperature is eighty-two, but the pope does not suffer, saying that the warm weather suits him.

The Big Pic-Nic.

To avoid the great rush at the gates on Dominion day, tickets for the big picnic will be on sale at T. J. Leahy's, Freeman office, the Whig and News offices, to-morrow and Wednesday morning. The great baseball match starts at three o'clock, Cresents vs. Ponies.

Sent To Sing Sing.

New York, June 29.—Col. Robert A. Ammon, recently convicted of receiving stolen goods in connection with Franklin syndicate was to-day sentenced to serve not less than four years and not more than four years and six months in Sing Sing prison.

His Work Successful.

Toronto, June 29.—H. E. Kyle, Oakville, appointed by the Ontario government to obtain farm laborers in England, has returned. He reports his work as quite successful, he having already sent out fifty men with many more to follow.

PEOPLE ARE ANXIOUS

To Go In Santos Dumont's "Omnibus."

Paris, June 29.—Santos Dumont says the requests from persons, who desire to accompany him in his "omnibus" airship, No. 7, are arriving by thousands. He adds that at least half of the petitions came from women. The airship has only four compartments, three capable of holding four persons, the fourth reserved for the aeronaut himself. The omnibus ship is not yet ready. Meanwhile Santos Dumont is making daily and nightly trips in a small way.
