RELIGIOUS LIFE.

WHAT IT COSTS TO CHRISTIANIZE THE WORD.

The Duty of Every Christian Citizen—The Activities of St. George's, New York—News of Denominations.

The son of Bishop Hamilton, of Ottawa, has been invalided home from Malta.

Rev. G. R. H. Warren, of Dawson City, has accepted the appointment to Pakenham Anglican church.

Rev. Cecil Heaven, of Lanark Mission, is leading in erection of a Church of England at Fallbrook, where a hall has been used.

The expenditure of St. Mary Abbots, Kensington, London, three churches, with schools and charities, is $112,000 per year.

The death of the eldest daughter of the late Archbishop Lewis, Charlotte Sherwood, Hamilton, occurred at Cheltenham, England.

Eight churches of different denominations in Indianapolis have united in a gospel tent campaign under the evangelistic leadership of the Rev. M. H. Lyon.

The youngest clergyman in the United States is Rev. Edward H. Brewster, pastor of the Bethany Free Baptist church, Whitman, Mass. He is eighteen years old.

A distant relative of the late William Ewart Gladstone has accepted a call to an Ottawa pulpit, Rev. Mr. Gladstone will succeed Rev. T. Hubert Jones as pastor of Emmanuel church.

The several branches of the Presbyterian church in China have entered into a compact to unite. Appreciating the greatness of the work before them, they realize the importance of union of forces.

A call has been extended to Rev. L. Perrin, pastor of Georgetown Presbyterian church, by the congregation of the church at Wroxeter, Ont. The stipend offered is $800 per year, and a free manse.

Reports presented at the recent meeting of the Presbyterian general assembly of the United States show that the movement for special evangelizing work, begun last year, has been attended with a good degree of blessing.

Methodist membership in Australia by recent census is given as 587,943, the Presbyterians numbering 652,576, and the Church of England, 1,811,644. The Roman Catholics number 965,622, being twenty-one per cent. of the population.

Rev. Dr. G. M. Milligan, Old St. Andrew's, has left for Glasgow, and will preach at the morning service in Glasgow cathedral on the 26th, having preached there once every year since 1896. He will return in September.

A Great Work.

The activities of St. George's, New York, are remarkable, Rev. Dr. Rainsford has his clerical staff, with wardens for an executive committee, vestrymen for a board of directors and his regular lay assistants are foremen. The church is free; behind it is the rectory, the big memorial house, the deaconess house, the hospital and infirmary. Elsewhere an industrial school and seaside house are sustained. In the memorial hall are room for 2,000 scholars and 150 teachers, for week day meetings, lectures and socials, in the basement a shooting range; on first floor a clothing and relief department, a circulating library and social clubs. On third floor is men's club, library, billiard room, gymnasium, baths, etc. The fourth floor is the clergy house, the fifth is a club armoury and for dramatic and literary societies. St. George's both teaches and entertains, interests and elevates. There is a regular parish list of 8,000, besides casuals and visitors.

What It Costs.

According to a recent article in the Western Christian Advocate, it takes $300,000,000 a year to "keep up the work of Christianizing our own land," while fully $1,000,000,000 is spent annually in the Christianizing of the world, the money given for the purpose being "almost wholly voluntary." The paper goes on to say that of the money spent in this way in the United States alone, "the sum of $31,000,000 was laid on the altar by Catholics; $28,000,000 by Methodists; $20,000,000 by Presbyterians; $14,000,000 by Episcopalians; $12,000,000 by Baptists; $750,000 by the Salvation Army." In addition to these expenditures noted above, there were also paid out, under church supervision, funds estimated as follows: For new buildings, $27,000,000; for hospitals, $28,000,000; for education, $21,000,000, and for Sunday schools, $7,000,000." The writer then proceeds to illustrate the progress and wealth of the church by a single comparison: "In 1800 there were 2,340 churches, valued at $1,500,000; to-day there are 178,481, valued at $721,971,372."

The Christian Citizen.

Reverence for authority belongs to all true religion. Obedience to law is a mark of piety. Impatience of restraint and contempt for rules are not a sign of nobleness of nature, but rather of a craven spirit. The thirst for freedom is not an irritability against proper control. It is rather the inner longing for harmony between self and one's surroundings.

Liberty is not power to do as one chooses, but ability to do as one ought. Absolute independence is unknown in a world where all are related in work and privilege. We are born into a world which has fixed conditions of existence which we cannot largely change. We must use things as we find them and make them as much better as we can.

We do not largely have the choice of our fatherland and form of government. We are born into our position. A few may change the land of their residence and the rulers, but most men must live and die in the land under the government where they were born.

The first duty of everyone under all governments is to have proper respect for the rulers and laws of the realm and to obey them so far as they do not conflict with moral right. If any law be plainly wrong, and to obey it would be sinful, then one must resist such a law, strive by all just means to have it changed and expect until it is changed to suffer the penalty of violating it.

Wherever the form of the government allows free discussion and participation of the citizens in election of officers and making of laws it is the duty of every Christian citizen to use his utmost endeavor and ability to secure just laws and their proper enforcement.

To consent to any injustice or wrong in order to make private gain is a crime. To gain office for self or others by bribery or coercion, by threats or promises of favors, is iniquitous and brands one as unfit for office or citizenship. To know of such deeds and not to protest and work against them is unmanly and cowardly. We must be upright and make our nation noble.

AIRSHIP'S TRIAL

TO COME OFF AT RANELAGH CLUB GROUNDS.

New Ship Ninety Feet Long, Twenty-two Wide and is Twenty-four Horse-Power—Can Carry Two Passengers.

London, July 10.—A remarkable airship trial is to take place from the Ranelagh Club grounds to-morrow, when Stanley Spencer, the young aeronaut, who sailed over the northern suburbs of London last year, will take a new and powerful airship across the metropolis at a speed which may range up to thirty miles an hour.

A distinguished gathering will be present to watch the start. The journey through the air will not be dependent on perfect weather conditions the great power of the new ship being sufficient to force it, through winds which would altogether stop a smaller craft. A storm might delay the start, but ordinary summer breezes will make little or no difference.

The total length of the new ship is about ninety feet and the breadth in the widest part about twenty-two feet. Beneath the cigar-shaped balloon is suspended the bamboo framework carrying the one or two passengers, the petrol motor, the screw tractor or propeller, and the rudder. The motor is placed in the front half of the framework; the car in the back half. The propeller is fixed in front, the rudder at the rear. Everything is worked from the car by an apparatus similar to that used for operating the brake on cycles.

The airship with which the successful experiments were made last year was of four-horse power, while the new ship is twenty-four horse power. The maximum speed of the former was ten miles an hour, and of the latter thirty miles an hour. The two blade screw tractor for propelling the ship is twelve feet in length. The rudder consists of a silk-covered framework. The airship is capable of carrying two passengers, but for the initial trip to-morrow the daring inventor will be unaccompanied.

As to the power of the airship, Mr. Spencer says it will be able to go through any wind the velocity of which does not exceed thirty miles an hour. Extended journeys are planned by the inventor, and he says he hopes to provide surprises for the spectators.

MAPLE LANE MARRIAGE.

A Charming Bride And Costly Presents.

Maple Lane, July 8.—One of the most pleasant events that ever occurred in Maple Lane took place at the home of Mr. and Mrs. A. M. Snyder on June 24th, when their only daughter, Eva Maude, was united in marriage to Ernest A. Sharpe, of Sharpton. The ceremony was performed at the hour of eight o'clock p.m., by Rev. Mr. Perley, of Harrowsmith, uncle of the groom. The bride was charmingly arrayed in a costume of white organdie, trimmed with venetian insertion, lace and ribbon; wore a tulle veil and wreath of orange blossoms, and carried a shower bouquet of white roses, tied with white satin ribbon. She was assisted by her cousins, Miss Maggie Baker, Millhaven, and Edith Raworth, Bath, who were also attired in similar costume, carrying bouquets of pink roses, tied with pink ribbon. The groom was attended by his brother, Frederick, Brockville, and Burton D. Snyder, Ogdensburg, brother of the bride. After the congratulations, about seventy guests sat down and partook of a sumptuous repast, after which the happy couple left amidst showers of rice and good wishes on an extended tour with friends in Brockville, Morristown, Ogdensburg, N.Y. The bride's going away gown was brown venetian cloth, trimmed with velvet and hat to match. The presents received were both numerous and costly, among which was a handsome sum of money sent by friends in Syracuse, Pennsylvania and British Columbia. Mr. and Mrs. Sharpe will be at home to friends on July the 16th and 17th.

Mrs. J. Lucas, Moscow, is spending a few days with her daughter, Mrs. J. Lucas. Mr. Harry Raworth has made an improvement in his residence by giving it a fresh coat of paint. Mr. and Mrs. John Clark and daughter, Jessie, Kingston, attended the marriage of Eva M. Snyder. Burton D. Snyder has returned to Ogdensburg, after attending the wedding of his sister.

Too Hot.

Baltimore News.

Too hot to crawl, too hot to creep,
Too hot to wake, too hot to sleep;
Too hot to stand, too hot to fall;
Too hot to laugh, too hot to bawl;
