MATCHLESS CARPETS

We do not believe there has ever been in Kingston such a comprehensive, beautiful assortment of Carpets as are now gathered on our floors. Even in the lowest priced Carpets there are designs and colorings shown, exquisitely graceful and harmonious.

Every roll of Carpet is bristling with new ideas, handsomer than any ever brought out before. The price of every yard in the store is as low, or lower than elsewhere.

Ask Him

Ask your doctor what he thinks of Ayer's Sarsaparilla. He knows all about this grand old family medicine, this splendid tonic. Follow his advice and we will be satisfied.

For The Children.

When children are weak, sickly, don't eat or sleep well, Angier's Petroleum Emulsion after meals and at bedtime makes them strong, healthy and robust. Made of Petroleum, rendered tasteless and odorless, and combined with glycerine and hypophosphites. Pleasant to take, and agrees with the stomach.

TO LAY A PIPE

TO THE DAVIS TANNERY IS SANCTIONED.

The Fire and Light Committee Did Not Get Price For the Team—James Daly Secured the Lease of Markets.

A special meeting of the water works committee was held yesterday afternoon to consider the request of the Messrs. Davis for a water pipe to their tannery so as to afford better fire protection. Those present were Chairman Craig and Aldermen Mowat, Abbott and Sands, together with Superintendent Hewitt. The meeting was held at the tannery. An examination of the premises was made, and it was decided to lay a six-inch pipe with two hydrants. The cost will be about $1,250. If the city solicitor approves the decision, the work will be proceeded with at once.

It was decided to ask for tenders for painting the water tower inside and out. The cost will be about $175. Corporation laborers will do the scraping.

A communication from Dr. W. T. Connell agreeing to make bacteriological examination of city water for $200 a year, was laid over.

Did Not Sell.

The civic committee on fire and light met Tuesday afternoon to consider an offer of $300 made for one of the fire department horses. The offer was not accepted; the price which the committee placed on the animal was $350.

James' Daly Again Successful.

The city property committee met Tuesday afternoon to consider tenders for market tolls' privileges. There were in attendance: Chairman Mc. Cammon, Aldermen Behan, Tait, Mallen and Angrove. Two tenders only were received for market No. 1, and three for market No. 2. For No. 1 the offers were $600 and $925 respectively; for No. 2, $409, $635 and $650. James Daly, former lessee, tendered $923 and $635 and was given the privileges on motion of Aldermen Mallen and Behan.

Last year the prices received were $1,175 and $620, or a total of $235 more than this year. Alderman Behan stated that the finance committee did not expect to receive as high a price this year as was paid last season.

Park Attractions.

This week at Lake Ontario Park a company of clever stage artists present a one act comedy entitled "A Perfect Paradise." This interesting specialty is full of fun and introduces about sixteen impersonations with excellent effect. A moment behind the scenes produces a marvellous change, sufficient you would think for half an hour's work, but all performed in a twinkling. The trained dog Zero is also a wonder, with a musical voice equal to some singers we have heard, outside of Kingston, of course. There is the usual selection of good songs and dances, making one of the best shows of the season.

A New Army Order.

The following army order is approved for the Canadian forces: "In future, brigades of the several arms will be officially referred to as cavalry brigade, field artillery brigade, heavy artillery brigade, and infantry brigade, respectively. A lieutenant-colonel's command in the Canadian field artillery, hitherto known as a brigade division will in future be designated a "brigade." A sub-division of the battery will be styled a "subsection."

In Kingston On A Visit.

Rev. I. E. Honeywell, one of the prominent Methodist ministers of Chicago, Ill., is in the city, visiting his aunt, Mrs. W. J. Chapman, Colborne street. Mr. Honeywell is an old student of Queen's University, and has had every success in his ministerial work, in the states. He intends to visit his father's home in Ottawa, before returning to Chicago.

In view of the dissatisfaction of bicyclists fined for taking to the sidewalks, where wretched streets are encountered, a cyclist writes us suggesting that the civic authorities "put an asphalt path, six feet wide, next to the walk on both sides of the street, and in order to meet the expense tax all who ride bicycles one dollar per year."

MARINE INTELLIGENCE.

What is Going on in Harbor And Elsewhere.

Craig's wharf: Steamers Persia down; Ocean up to-night.

Booth's wharf: Schooner Fleetwing from Charlotte with coal.

The steamer Tecumseh cleared from Garden Island for Toledo.

The schooner Suffel from Oswego, is unloading coal at the penitentiary.

The steamer St. Lawrence will not be ready for commission until Saturday next.

The schooner Two Brothers from Charlotte is unloading coal at the waterworks' wharf.

Crawford's wharf: Schooners Annandale and Voges from Oswego with coal; schooner Tradewind cleared for Oswego.

Swift's wharf: Steamers Kingston and North King down; Rideau King and Rideau Queen, Spartan from Hamilton.

M. T. company elevator: Steamer Turret Cape, Fort William, 65,000 bushels wheat, arrived, and cleared up; tug Bronson cleared down with two grain-laden barges; tug Thomson cleared for Charlotte with two light barges.

W. W. Dyckman, New York, has had a fine house-boat built in Kingston. It is called the Avenal. It will be necessary to have it naturalized, and a special bill will be presented to the United States Congress for that purpose.

The Donnelly Wrecking company's crew in charge of John Donnelly have returned from Montreal, where they have been engaged for the past two months in attempting to raise a sunken steel elevator. They were partially successful in the difficult task, and would have made a complete success of the attempt had not an unfortunate accident occurred while the work progressed. It will be remembered that the steamship Manhattan collided with the Donnelly wrecking schooner Grantham, broke the chains which had been run underneath the sunken elevator, and cut the latter in two. The Donnelly company by clever work have just succeeded in raising the stern of the elevator, but had to leave the remainder. The whole elevator would long have been raised ere this only for the accident. The steamship company will have to pay all the damage and loss.
