CONVENTION

IS OPPOSED TO ABSTRACT RIGHT AWAY WITH IT. So Says a Correspondent—Disregard of Convention Made the Martyrs—Convention Responsible For World's Evil.

"Once to every nation, comes the moment to decide. In the strife of Truth with Falsehood, for the good or evil side. No truly great man has ever served conventionality, or conventional right, as opposed to abstract right."

Wireless messages without poles are the latest. And a youngster in Chicago is the inventor of the system. The Mail says the next federal election will be in October 12th.

Hon. Edward Blake is now said to be so ill as probably to be unable to attend the Alaskan boundary case as Canadian orator. The case reminds one of the hoo-doo.

It is proposed that New York State legislate against the further destruction of the Falls. The power companies are drawing off so much water from above the Falls as to threaten the annihilation of a world's curiosity.

OBSERVATIONS

It certainly is. The name of Chief Justice Killam is certainly a terrifying one. And None Too Soon.

Not such conventional right is wrong at all times, and in every thing it is only wrong when it conflicts with great abstract spiritual principles.

Truth forever on the scaffold. Wrong forever on the throne. Yet that scaffold sways the future. Standish O'Connell with this shadow, keeping watch above his own.

Great and mighty forces of good and evil in this world are contending to-day, as perhaps they have never done before, for a victory that will mean for our civilization, continuous progress to the very end.

And virtuous a strong, earnest life. And handicapped justice is struggling. And strong and oppression is die. O, ye who have heard that call, and are halting between the eager response of your own heart to it, and a fear of what the conventional world will do and say, who have you to fear, so long as the spirit of God breathes witness with your spirit that He is in you to save you, even from conventional right.

While in Peckskill I went to call on my old friend, a widow and a maid. Said the widow: "Well, I married when I was quite young, my husband died and I had married again, he died and I had him cremated. I married a third time and lived to cremate him."

"Ah," answered the maiden lady, "conventional are the ways of Providence. Here I've lived all these years and never been able to get married to one man, and you've had husbands to burn."
