was \$271,529.81, and the average price

per acre is a little over \$4.

The Journal of Commerce computer the industrial dividend payments for September at \$15,457,571, comparing with \$17,900,000 in August, \$31,283,409 in March, the high mark for the year, and \$16,948,967 in September, 1902. About two-thirds of the total will be baid out by the United States Steel Corporation and Standard Gil company. It is estimated that Buffalo has lost 5,000,000 bushels of grain in the Monreal route during the month of August. Janada is now a more serious competior for for the export grain trade than it wer was before. The situation was ictions made about Canadian com-
