Told in the Twilight.

In a corner of the Industrial Fair building, on an exhibit of great interest, are a number of maps, maps, finished and unfinished, Padouk and vermilion from India; beautiful grains from the mountains of Ceylon; and precious bits of the black walnut with which the pioneers piled their blazing hearths, but which their descendants have to pay for with much more specie.

Dr. and Mrs. Knight have returned from a trip to the Gulf. Mr. Knight's former calls for England by the Tainian, to-day, en route to India.

It was with the deepest pain that one heard of the passing of one of the kindest, gentlest women ever known in this city.

from where they will sail for England. Mrs. E. H. Bickford and Miss Dea McGill, went up to Toronto on Friday.

It is always best to realize your limitations. One woman didn't, and now she is going blind. What that woman doesn't know about arithmetic, and such bewilderments, is too great to be told, but there was some thing she wanted to know very, very much.
