WHAT THE KIDNEYS DO.

They Are the Filters of the Body—Danger Signals.

Into everything we eat and drink, no matter how "pure" the food is labeled nor how careful we are, poisons enter. Were we not provided with organs especially designed to look after these poisons, human life would soon perish. The kidneys are the filters of the blood. They catch the poison in the food and expel it from the system. That is, they do these things when they are in healthy and vigorous condition. When they are weak, or overworked, or clogged, or handicapped by the ravages of disease in even a slight degree, they do their assigned work more or less imperfectly, or not at all. When the kidneys are not working well, the poison which should pass from the system is returned to the blood, to circulate through the body. Excess of uric acid in the blood causes inflammatory, muscular or articular rheumatism, for one thing, and those who have suffered from any of the forms of this distressing and dangerous malady will say that this is enough. The best authorities on the subject, however, believe that this is only a small part, and that to kidney irregularities are due a long train of bodily ailments. The kidneys often give warning, though not always and not always in time, of the dangers which menace the body from their abnormal condition. Among these danger signals are weakness of the back, pains or aches in the region of the kidneys, irregularity of the bowels and kidney action, chills, feverishness, puffy eyes, brick dust deposit or cloudiness, and a dropsical appearance of the ankles or wrists. When any of these symptoms appear blood poisoning to a certain extent is undermining the fabric of life. The result of the latest research into kidney troubles and their cure is the vegetable preparation known as Bu-Ju, which is put forth by the Cladin Chemical Co., Ltd., of New York, N. Y., and Windsor, Ont. It may be purchased at any drug store in boxes of 50 pills at 50 cents. It were well to pay no heed to efforts to substitute other so-called remedies for this dangerous condition, as Bu-Ju embodies all that these have with the addition of the latest-upto-date discoveries and enhanced skill in preparation.

Are You Bilious? Blame the Liver.

Scores of the Common Ills of Life Due to Disorders of the Liver and Curable by the Use of

DR. CHASE'S Kidney - Liver Pills.

If you are bilious, blame the liver. If your indigestion is impaired and you suffer from headache and dizzy spells, blame the liver. If your bowels are irregular, constipation and looseness alternating, blame the liver. If you have pain under the shoulder blades, feelings of fullness after meals, aching limbs, a yellow, muddy complexion, blame the liver.

Torpid, sluggish action of the liver is responsible for all these symptoms, and while you have a right to blame the liver, it may be well for you to set about to help the liver out of difficulty.

Though bile, which the healthy liver filters from the blood, is nature's cathartic and is necessary to healthful and regular action of the bowels, it is poison when left in the blood and gives rise to many distressing symptoms. The use of Dr. Chase's Kidney-Liver Pills promptly cures torpid liver and biliousness, and because of their combined action on liver, kidneys and bowels ensure a thorough cleansing of the system.

There is probably no one organ responsible for so many ills as the liver. Overeating, excessive drinking or irregular meals are very likely to upset the action of the liver, overload the system with bile and bring on biliousness or sick headache. Keep the liver in health by using Dr. Chase's Kidney-Liver Pills and you will avoid many of the common ills of life. There will then be no constipation, no stomach troubles, no danger of kidney and urinary derangements.

William Rogers, carpenter, Deseronto, Ont., states: "I wish to say that Dr. Chase's Kidney-Liver Pills are the best medicine I ever used, as they entirely cured me of dyspepsia. I suffered something awful with dyspepsia and had to be very careful of what I ate and to diet myself so much that life was scarcely worth living. The use of Dr. Chase's Kidney-Liver Pills seemed to remove the cause of any trouble, for they have completely cured me. I can recommend them most highly as a cure for dyspepsia.

The position which Dr. Chase's Kidney-Liver Pills hold to-day as the leading family medicine is undoubtedly due to their wonderfully prompt action on the liver and their combined action on the kidneys and bowels. There is no medicine obtainable which is more useful in cases of emergency when the digestive, urinary or excretory systems are deranged than this great prescription of Dr. A. W. Chase. One pill a dose, 25c. a box, at all dealers or Edmanson, Bates & Co., Toronto. To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

The Proper Treatment For a Sprained Ankle.

As a rule a man will feel well satisfied if he can hobble around on crutches two or three weeks after spraining his ankle, and it is usually two or three months before he has fully recovered. This is an unnecessary loss of time for in many cases in which Chamberlain's Pain Balm has been promptly and freely applied, a complete cure has been effected in less than one week's time, and in some cases within three days. CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy know for Coughs, Consumption, Bronchitis, Asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases: Diphtheria, Fever, Croup, Ague.

CHLORODYNE acts like a charm in Diarrhœa and is the only specific in Cholera and Dysentery.

From W. Vesalius Pettigrew, M.D., formerly Lecturer at St. George's Hospital, London—"I have no hesitation in stating that I have never met with any medicine so efficacious as an Anti-spasmodic and sedative. I have used it in Consumption, Asthma, Diarrhœa, and other diseases; and I am perfectly satisfied with the result."

"Earl Russell communicated to the College of Physicians that he received a despatch from Her Majesty's Council at Manila, to the effect that Cholera has been raging fearfully, and that the only REMEDY of any service was CHLORODYNE.—See Lancet, December 1st, 1864.

CAUTION—Vice Chancellor Sir W. Page Wood stated that DR. J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE, that the whole story of the defendant Freeman was deliberately untrue, which he regretted to say had been sworn to.—See Times, July 13th, 1864.
