A Shot That Went Home.  
Toronto Globe.  
Senator Kerr charges Senator McMillen with "playing to the gallery." Now that is not a very serious offense in a senator's line of business. We suppose that he pays an intelligent deference to public opinion. That is not a bad thing, and in that case playing to the gallery is infinitely better than playing to the box office. We hope that a majority of the senators will play to the gallery.

### CHURCH TO ACT AND RUN THE SALOONS OF THE LAND.

**Churches Must Lay Aside Slick Sentiment and Take Practical View of the Question, So Advocates Episcopal Clergyman.**  
Cincinnati, Ohio, Sept. 10.—The Rev. Charles W. Spicer, rector of St. John's Episcopal church, is an advocate of church ownership of saloons for the purpose of relieving them and taking them the means of attracting men to the church.

**Churches Must Lay Aside Slick Sentiment and Take Practical View of the Question, So Advocates Episcopal Clergyman.**  
He thinks the time is near when the church must recognize saloons as a fixture in modern life and must take an interest in their management as well as mitigate the evil he sees in them and turn their influence and attractions, not only to draw men to church, but make them pay the expenses of church maintenance, as they now contribute to state support.

**Churches Must Lay Aside Slick Sentiment and Take Practical View of the Question, So Advocates Episcopal Clergyman.**  
The Rev. Mr. Spicer was born at Richmond, Ohio, and is a graduate of Ohio Wesleyan and Drew Theological universities. He is thirty-six years old and full of energy.

**Churches Must Lay Aside Slick Sentiment and Take Practical View of the Question, So Advocates Episcopal Clergyman.**  
When approached for a comprehensive explanation of his position on the subject he prepared this statement:

**Churches Must Lay Aside Slick Sentiment and Take Practical View of the Question, So Advocates Episcopal Clergyman.**  
"A visit to most any of our city churches on Sunday will reveal a congregation composed chiefly of women, with some gray-haired men, while the young men are notably absent. At the same time drinking resorts, clubs, billiard halls and kindred institutions will be doing a flourishing business."

**Churches Must Lay Aside Slick Sentiment and Take Practical View of the Question, So Advocates Episcopal Clergyman.**  
"The reason for the church's failure to attract men is not because of any essential weakness, but because she has failed to employ adequate means. She has relied too much on her essential power and has not sufficiently utilized human agency."

**Churches Must Lay Aside Slick Sentiment and Take Practical View of the Question, So Advocates Episcopal Clergyman.**  
"The modern saloon is a place of superficial splendor, employing the most alluring arts in the interests of its cause. Within are to be found recreation, diversion, excitement, social enjoyment, refreshment, freedom, social good-fellowship and all those things which enable men to forget the more serious affairs of life, and indulge in a restful sort of pleasure that is soothing and invigorating after the strain to these healthful and not undesirable attractions, when indulged in temperately, there are other influences of an immoral and degrading character."

**Churches Must Lay Aside Slick Sentiment and Take Practical View of the Question, So Advocates Episcopal Clergyman.**  
"The time has come when we must lay aside slick sentiment and irrational theories and take a practical view of this question. The saloon is a fixed institution in our social and political life. It supplies certain elements which seem necessary in man's life."

**Churches Must Lay Aside Slick Sentiment and Take Practical View of the Question, So Advocates Episcopal Clergyman.**  
"To-day brain force is the chief factor in human activity, and when the brain is weary the active mind seeks rest in change of employment. The saloon offers the means of doing so, and when it speaks of the saloon I speak of it in the broad sense as the centre of allied institutions, such as club rooms, billiard halls, etc., which are included in its scope."

**Churches Must Lay Aside Slick Sentiment and Take Practical View of the Question, So Advocates Episcopal Clergyman.**  
"Now what is the remedy. The evil influence of the saloon and its antagonism spiritually to the church, are facts generally conceded, but how to cure the evil is the question."

**Churches Must Lay Aside Slick Sentiment and Take Practical View of the Question, So Advocates Episcopal Clergyman.**  
"We have tried prohibition, but prohibition does not prohibit. Substitution is now being tried. While this is a step in the right direction it is not adequate to meet the needs of the case."

**Churches Must Lay Aside Slick Sentiment and Take Practical View of the Question, So Advocates Episcopal Clergyman.**  
"There still remains a remedy, which as yet has not been employed in any general sense, and that is church control. Let the church take charge of the saloon, purify and refine it, eliminate everything of an immoral nature and utilize it for its own profit. It has already done this with respect to billiards and pool and certain games formerly monopolized by the saloon, and it has been found beneficial."

**Churches Must Lay Aside Slick Sentiment and Take Practical View of the Question, So Advocates Episcopal Clergyman.**  
"Why may the church not be benefited by control of the saloon? Thus she might establish a business department which in time would mean all her running expenses."

Found Hematite Ore.  
Victoria, B.C., Sept. 10.—The first Hematite ore (hog iron) to be discovered in British Columbia has been found in the neighborhood of Quatsino Sound. Analysis made at the government office and in Pittsburgh had the fact established that the deposit is actually Hematite. The absence of this has always been urged against establishing steel works in British Columbia. Magnetite exists in abundance.

**Churches Must Lay Aside Slick Sentiment and Take Practical View of the Question, So Advocates Episcopal Clergyman.**  
In Memory Of Late Empress.  
Vienna, Sept. 10.—A low requiem anniversary mass for the repose of the soul of the late Empress Elizabeth of Austria, who was assassinated at Geneva, Sept. 10th, 1898, was held today in the cathedral. The feast was attended by Emperor Francis Joseph and the other members of the royal family, who happened to be in the capital. Similar services were held by the Austrian embassies in the various capitals of Europe.

Traffic Rates Settled.  
St. Paul, Minn., Sept. 10.—The new railroad rates on coal and lumber, which were recently agreed upon after six years controversy between the railroads and the state railroad commission, became operative to-day. The new rates provide for a reduction of from eight to fifteen per cent. on coal and twelve to fifteen per cent. on lumber.

To Hang For Heinous Crime.  
Charlotte, N. C., Sept. 10.—At Statesville this evening the execution is to take place of William Roeboro, who was convicted of murder at the August term of court. The crime for which Roeboro is to pay the death penalty was one of the most heinous in the criminal annals of the state. He assassinated Mrs. Duff Beaver, and he murdered the woman and then hid her body in a well near the Beaver home.

The steamer New Island, which brought 150 passengers from Cape Vincent, Sept. 9, is expected to be back to-day.

### ERIE MARKS.

The Popular Young Comedian, at the Grand.

Another large audience assembled at the Grand last night to witness the ever popular Marks Bros. in the celebrated comic drama entitled "Lary Brogan's Promotion." Ernie Marks in the title role with his original and spontaneous comedy, took the house by storm. The supporting company is strong, and the specialties between acts were well received by the large audience present. To-night this company will present the sensational comedy drama, "The Man of Mystery" or "The Shadow." Saturday matinee at 2:30; children, 10c.; adults, 20c.

### GOES TO WINNIPEG.

Accepts Chair of Theology in Wesley College.  
Rev. S. Goldworth Bland, pastor of the Eastern Methodist church, Ottawa, has accepted the offer of the chair of theology in Wesley College, Winnipeg, and will enter upon his new duties on September 30th. The news has come as a great surprise to Methodists. The officials of the Eastern church were met by Principal Sparling, who inquired into the circumstances of the work in the west and asked the officials' consent to Mr. Bland's release, the latter having accepted the chair of theology. Regrettably, but unanimously the board complied and Rev. Mr. Bland will take leave of his congregation on Sunday, 20th. Principal Sparling explained that fifteen years ago he had offered Mr. Bland work in Wesley College, which he then declined, but in view of all the circumstances, he was now willing to engage in college work.

**Accepts Chair of Theology in Wesley College.**  
The new professor of Wesley College was born in Lechute, Que., August 26th, 1859. He is a Methodist of the fifth generation, and comes of Scotch-Irish stock. Mr. Bland received the rudiments of his education at a private school in Montreal, and graduated from McGill in 1877. He entered the ministry in 1880, was ordained at Brockville in 1884, and has since been successively stationed at Catteraug, Farmerville, Williamsville, Kingston, Perth, Quebec, Cornwall, Smith's Falls and Ottawa. Mr. Bland has always been a student and is classed among the most original thinkers of the ministry.

### KING OF GELDINGS.

Major Delmar Breaks the World's Record.  
Syracuse, N. Y., Sept. 10.—The world's record for trotting geldings was yesterday broken by Major Delmar, in his effort against the New York state fair track record. The great son of Delmar accomplished the distance in 2:01 1/2, clipping a second from his own time, and three quarters of a second from the world's record. Delmar and George Speer, with a runner paced him, while Ben White, with another runner, followed the record-breaker on the outside. More than 25,000 persons saw the race yesterday, and a roar of cheers greeted Major Delmar after his record-breaking effort. The track here is pronounced to be the fastest in the world by experts. Major Delmar will be crowned king of geldings here Friday afternoon, after which he will go against his record.

### AMBUshed BY HIS NEIGHBOR

Peter Vorren Murdered Near East Montpelier.  
Montpelier, Vt., Sept. 10.—Trudging along behind a load of wood which he was hauling to his home, on the outskirts of East Montpelier last night, Peter Vorren, aged forty-six, a quarry man, was fired upon from ambush and mortally wounded. His twelve-year-old son witnessed the tragedy.

**AMBUshed BY HIS NEIGHBOR.**  
Bartholomew Croteau, the murdered man's nearest neighbor, was arrested, charged with the murder, lodged in jail and two hours later the case had been presented to the grand jury.  
A feud of long standing between the families of Vorren and Croteau directed suspicion towards the prisoner.

### MAKE A THREAT.

To Close Down the Scottish Mines.  
Glasgow, Sept. 10.—The Scotch oil companies threaten to close all their mines if the scale miners persist in their demand for an advance in wages. These companies are the strongest opponents of the Standard Oil company and should they close their mines it would leave the world's market open to the Standard.

### HE TAKES EXCEPTION

DR. LANGTRY QUESTIONS ACTION OF BISHOPS.

Toronto Lacrosse Club President Resigns—Annual Meeting of Canadian Kennel Club—Will Affiliate With English Club.  
Toronto, Sept. 10.—Rev. Dr. Langtry has fired the last gun in defense of his position as bishop of Ontario in a meeting, in the form of an open letter to the Bishop of Toronto. He writes asking his Lordship by what prerogative of the episcopal office the bishops of Ontario think themselves justified in calling upon their clergy to ask their people to do what they can to forward university federation. "Your Lordship," he declares, "a large majority of those upon whom you lay this burden believe in their hearts that it would be a deadly sin to do so." Dr. Langtry calls the action of the bishops a tyrannous invasion of the rights of the priesthood, and claims that most of the bishops who signed the letter had assured him previously that they were opposed to federation. He quotes the bishops of Toronto, Niagara, Huron, Algoma and Ontario. The bishop of Ottawa, says, has been a consistent federator from the beginning.

**HE TAKES EXCEPTION.**  
A. H. Howard has resigned as president of the Toronto Lacrosse Club, as a protest against the action of the club in playing members of the St. Catharines and Tecumseh, in the league match here with Cornwall on Labor Day.

**HE TAKES EXCEPTION.**  
The annual meeting of the Kennel Club was held here, yesterday, at which officers were elected as follows: President, John G. Kent, Toronto; first vice president, Rev. Thomas Georgehan, Hamilton; vice presidents, H. Parker Thomas, Belleville; George Caverhill, Montreal; H. S. Rolston, Winnipeg; O. W. Minto, Victoria, B.C.; O. J. Albee, Lawrence, Cal.; G. B. Berrodale, Medicine Hat; assistant secretary-treasurer, H. B. Donovan, Toronto; executive committee, James Langtry, Montreal; Dr. Wesley Mills, Montreal; Dr. W. H. Drummond, Montreal; G. H. Gooderham, Toronto; F. W. Jacobs, Toronto; Dr. C. Y. Ford, Kingston; Dr. A. A. Babcock, Brantford; J. D. O'Gorman, Ottawa; Rev. J. D. O'Gorman, Ganoque; T. A. Armstrong, Ottawa. It was decided to apply for affiliation with the English Kennel Club, the parent kennel organization.

**HE TAKES EXCEPTION.**  
The directors of the fair association were to-day looking for an attendance of many thousands to help them out financially, but the weather turned out adversely. The morning opened favorably enough, but towards ten o'clock the sky became overcast and rain descended in torrents, which had the effect of causing the directors to feel despondent. Good races were booked for the afternoon, as well as a baseball match and excellent platform attractions; these latter are the equal of any seen here; they are favorably talked of, and citizens should not miss the opportunity of viewing them.

**HE TAKES EXCEPTION.**  
Judging was concluded Wednesday morning, an excellent satisfaction was given. Only one protest was entered, and that was on account of an entry reaching the grounds after the specified hour. The directors took the matter into consideration and made an award satisfactory to all parties. In the horticultural department, M. E. Flanagan carried off the special prize for the best display of cut flowers by a professional florist. E. C. Dean secured the special for the best display of cut flowers grown by an amateur. He also took the Watts' special prize for best display of asters. The beauty of the flower exhibit is generally commented upon. Three practical florists, who have just returned from Toronto say that the exhibit there of fruits, flowers and vegetables cannot compare with the Kingston show; if the local display had been entered at Toronto, it would have swept the board in all classes.

**HE TAKES EXCEPTION.**  
Horsemen say that the track here is the best they have ever driven over. A great deal of work was expended in bringing it to a condition of perfection.

**HE TAKES EXCEPTION.**  
Every body wonders why the ground surrounding the main entrance has not been sprinkled from day to day. The directors, apparently, are not to blame. The matter was left in the hands of the mayor to attend to. He ordered the work done, but was not told that it would not be carried out unless the city engineer ordered it. The engineer was absent, hence the flying dust.

**HE TAKES EXCEPTION.**  
Another large crowd of patients from Rockwood Hospital for the Insane viewed the exhibition this morning in charge of attendants.

**HE TAKES EXCEPTION.**  
A great deal of the fruit shown here will also be exhibited at Ottawa next week.

**HE TAKES EXCEPTION.**  
The prize winnings this year far exceed the same of last year.

**HE TAKES EXCEPTION.**  
There is a feeling among the directors that this will be the last fair Kingston will have, as merchants, who are most benefited, fail to appreciate the undertaking.
