Woods' Fair.

A BIG AUDIENCE

HEARD THE GREAT ENGLISH BAND

Of The Coldstream Guards—Its Playing Was Magnificent—The Patriotic Pieces Were Most Inspiring.

The concert by King Edward's Coldstream Guards' band drew an immense audience to the Armouries last night. While anticipation was high, realization was higher, for before half the programme had been played, Kingston's critical audience declared within themselves that they were listening to the world's greatest band. It was half past eight o'clock when the bandsmen, in brilliant uniforms of crimson and gold, arose and struck up the National Anthem, the audience also rising. "The Maple Leaf," most impressively played, followed and the large assembly's loyal and demonstrative qualities were aroused. Throughout the whole programme the applause was spontaneous and general.

J. Mackenzie Rogan, the bandmaster, a successor to the famous Dan Godfrey, is a man of fine physique. His method of conducting is free from ostentation, very unlike that of Sousa and other bandmasters who have been seen here. The forty-six players work together with the utmost precision. The volume of sound produced was magnificent. The working up from the diminuendo to the crescendo was remarkably smooth. Very heavy bass was offset sufficiently by the reeds, and again the brass was toned down by the string bass, resulting in a perfect volume of tone. All instrumental parts were good, but the clarionet portion was particularly so.

Mr. Rogan took great liberties with many selections, and improved upon the original writings in the way of production. For instance "Hiawatha" "Washington Post" and "Whistling Rufus" were given in an entirely new manner. In the playing of the Washington Post march, Mr. Rowan completely outdid the author, Sousa. The latter worked up to the crescendo, while the Englishman brought the music at certain points in with a sudden crash and then quickly dropped into the diminendo.

The first selection was "March Hongroise" from Faust by Berlioz. This march is based on a tune sacred with the Hungarian people, and the fragments of it are heard amid thunder of cannon from the big drum.

"The Better Land," followed as cornet solo by Corpl. E. Hawkins, who played with a beautifully mellow tone. The band's rich accompaniment made the piece enchanting. As encore "The Lost Chord," was played, and its rendition was the most remarkable ever heard here.

The "William Tell" overture seemed an entirely different piece in the hands of the English band so finished was its production. "Tarantelle Del Beirbegor" and "Whistling Rufus" followed as encores.

A plantation sketch "Down By The Swanee River" (Myddleton) introducing vocal and whistling effects made a pleasing variation; also "Reminiscenes of Scotland" (Godfrey) with its revelation in the perfect imitation of the bagpipes and the sweetness and fire alternately of the different classes of Scotch melody. As encore "Rule Britannia" was played, and had to be repeated so warmly patriotic was the audience.

The most brilliant piece of the whole programme was that depicting a battle between the Russians and the French in which "The Marseillaise" is first heard. Then there is a break, the Russians are victorious and their national anthem swells forth, while the church bells clang. The conclusion of this piece is terribly sensational, so masterly is its rendition.

Miss Kathleen Beward, the beautiful vocalist, was warmly received. Her rich alto voice was heard clearly and distinctly all over the building. She first sang a "Song of Thanksgiving" (Allitsen), and had to respond twice, rendering "Drink To Me Only With Thine Eyes," and a sailing "Lullaby."

A very fine descriptive piece was Orth's "Visit to a Clock Store," showing the winding up and striking of the clocks. Two encores were given, "The Sleigh Ride," and "The Washington Post" march.

The concluding number was a selection of patriotic and familiar numbers, including "Hearts of Oak," "Rory O'More," "Annie Laurie," "The Maple Leaf," "Soldiers of The King," and "Rule Britannia." Mr. Rogan turned to the audience and raised his baton, and all began to sing. Then came "God Save the King" and the volume of sound that filled the armouries by the band and the people's voice was grandly inspiring. Cheer after cheer followed the anthem.

The Bandsmen Entertained.

After the band concert in the armouries last night the visiting musicians were entertained by the bandsmen of the 14th Regiment. The suite of rooms of the local "Wind Jammers" were thrown open to the visitors, who fully enjoyed the hospitality of their brother bandsmen. The visitors were told in the west that when they came to Kingston they would be well treated by the 14th bandsmen and this reputation was ably sustained. A plenitude of dainty edibles and refreshments of all kinds was prepared, and to the feast the Guardsmen were cordially invited.

Before leaving, the visitors, through their senior sergeant, expressed their kind thanks for the courtesies tendered by the "home guard." It was the first time they had been so generously and hospitably entertained since landing in Canada, and they would carry away the kindliest remembrance of their short visit to Kingston. Sergt. Robinson made a suitable reply.

Bandmaster Rogan has promised to send the 14th band a large photograph of the Guards band.

The visitors expressed genuine delight with Canada. They had no idea that Canada was such a fine land, and they said they would delight in sounding its praises when they returned to their native heath.

Dysentery causes the death of more people than small-pox and yellow fever combined. In an army it is dreaded more than a battle. It requires prompt and effective treatment. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been used in nine epidemics of dysentery in the United States with perfect success, and has cured the most malignant cases, both of children and adults, and under the most trying conditions. Every household should have a bottle at hand. Get it to-day. It may save a life. Sold by all druggists.

Received Beautiful Flowers.

A pleasant feature of the concert, not included in the programme, was the presentation to Miss Howard, at the conclusion of her first solo, of a basket of beautiful pink and white carnations, decorated with blue and white ribbon, the colors of the Canadian Army Service Corps. The flowers were the gift of the officers of No. 3 company of that corps. Miss Howard was greatly surprised and delighted with the bouquet, expressing her admiration and thanks in pleasant terms.

Good Acoustic Properties.

A gentleman whose home is in Toronto, where he heard the Coldstream Guards' Band perform in Massey hall, again heard this famous organization render its programme in the Armouries last evening, and says the acoustic properties are superior to Massey hall, as he heard the band last evening to better advantage than he had in the big Toronto auditorium.

PERSONAL MENTION.

Movements of the People—What They Are Saying and Doing.

J. A. Hendry is in the capital for a few days.

S. J. Makin, Sunbury, left by the G. T. R. for Detroit, Saginaw and other points in Michigan.

Rev. Joseph Follick and daughter leave to-morrow for the east on a month's visit to old friends.

Mrs. C. Lennox and daughter and Miss Goyette have returned from a week's vacation at Ottawa.

James Fegg, of the street railway staff, has been appointed supernumerary guard on the staff of the Kingston penitentiary.

Fred. Lewis, Montreal, formerly of Kingston, has been elected president of the Canadian Wholesale Hardware Dealers' Association.

Archdeacon Madden and the Rev. G. H. Bandfield, of the British and Foreign Bible Society, will visit Kingston next Wednesday night and speak in Sydenham Street Methodist church.

MARINE INTELLIGENCE.

What is Going on in Harbor and Elsewhere.

Swift's wharf: Steamer Hamilton down.

Craig's wharf: Steamer Alexandria due up to-night.

Richardson's elevator: Schooner Laura D. from bay ports with oats.

M. T. company wharf: Tug Thomson up with two light barges and cleared light for Charlotte.

The steamer America is on the Cape Vincent route. The steamer New Island Wanderer is receiving repairs to her boiler.

A Worthy Scheme.

A couple of little tots are arranging a concert and bazaar to be held on the lawn in front of 295 Queen street, Saturday afternoon and evening. Recently, the two little girls visited the children's ward of the General Hospital, and thereupon conceived the idea of providing a cot. They are taking this means of carrying their idea into practical effect. They have put the price at the moderate sum of five cents for adults and two cents for children. A fee of twenty-five cents will be charged for the privilege of kissing the prettiest girl in charge of the tables.

"A Gentleman Of France."

The Toronto Globe says: Willis Granger, as Gaston de Marsac, gave a powerful presentation of the character of a brave soldier of fortune, and was ably supported by a charming Mlle. De La Vire, in the person of Henrietta Browne. Mr. Granger, in the strongest scene of the play, where he disposes of a half dozen antagonists with his trusty blade, excelled himself. The play ran smoothly and pleased the audience. "A Gentleman of France," will appear at the Grand to-night.

Leaves To Be Smaller.

The bakery owners met last night to consider the question of raising the price of bread. In nearly all other cities and towns in Ontario and Quebec bread now sells at from six to eight cents a small loaf. The Kingston bakers, however, decided not to raise the price but to lessen the loaf size. After October 1st, the two pound loaf will be reduced to one pound and a half, and the four pounder to three. The present prices of five and ten cents will remain unchanged.

Kingston's Fire Brigade.

The Kingston fire brigade for its size does remarkably good work. In three years it has conquered every serious blaze, and there have been a number of threatening ones. Kingston stands second in the list of Canadian cities and towns in the way of low fire loss.

A Widely Known Store.

Kingston's famous fur store—"biggest, best and brightest," is recognized as being headquarters in central Canada for fine fur and nobby hats. George Mills & Co., hat specialists and manufacturing furriers.

Crab Apples. Crab Apples.

Choice crab apples for jelly or preserving, preserving pears. Best tub butter. Crawford's.

With the approach of cool weather, we will again be able to supply your wants in the fresh candy line. Fresh crisp new creams, molasses taffy, for to-morrow. W. J. Crothers.

The civic committee on parks was called to meet at four o'clock this afternoon and the finance committee at eight o'clock.

Pratt's Astral coal oil at Taylor & Hamilton's.

Extra choice tub butter, 20c. Crawford.

STONE NEEDED

FOR REPAIRS TO STREETS GENERALLY.

Will Purchase Fifty Toise From The Penitentiary—Streets Are In a Bad Condition—Petitions For Walks Received.

That important body, the civic board of works, resumed labors yesterday afternoon after the customary midsummer holidays, lasting since June. Those who responded to the summons were: Alds. King, Walkem, Sears, Hoag, Bass and McLeod, chairman.

After the minutes of the last regular and special meetings had been read and confirmed, a number of accounts were presented and passed.

Edwin Charles and others petitioned against the construction of an asphalt walk on Clergy street. The petition was referred to the city commissioner to ascertain if it was sufficiently signed.

The commissioner reported that a petition from Robert Wells and others, for an asphalt walk on William street, was sufficiently signed. The prayer of the petition was, therefore, granted. A petition from A. Gunn and others for an asphalt walk on Johnston street, between Clergy and Sydenham streets, was sent to the commissioner to see if it had sufficient signatures.

A petition from H. Grimshaw and others, for the construction of a granolithic walk on King street, between Princess and Queen streets, having been sufficiently signed, was passed, as were also two from Mrs. Robertson and J. B. Carruthers, for walks on Sydenham street between William and Earl streets.

The petition of Daniel Corrigan and others for the improvement of an unsightly open ditch on Division street, at its junction with Russell street, was considered. The ditch was alleged to be a menance to the health of inhabitants of the locality. The complaint was referred to the chairman of the board, the city engineer and Ald. Hoag for immediate action.

Ald. Hoag, for T. J. Thompson, asked that a sewer opening be placed in Frontenac street, just north of Earl street, to prevent the flooding of Mr. Thompson's property.

The matter was referred to the city engineer for action.

Ald. Hoag registered a strong protest against the neglect shown Rideau ward. He asked that the streets be repaired, as they were full of holes.

Ald. King followed up this demand with a similar one in behalf of Victoria ward. He had repeatedly asked for metal for street repairs, he said, and had been told that none was available.

Ald. Hoag asked why the crusher was not put to work, and metal provided for urgent street repairs.

The city engineer explained that it would be cheaper to purchase a sufficient amount of stone for present needs from the penitentiary, than to set up the crusher. So many granoli this walks had been constructed that all the available broken stone had been used up.

This led Ald. Sears to remark that the city should adopt a standard for walks, so as to put a stop to the present patch work system.

Ald. Hoag, continuing his arraignment, declared that Brock street was in a disgraceful condition, but the city engineer answered that Brock street had just been placed in a condition of repair. Ald. Hoag was pleased to hear it.

Ald. Walkem defended Kingston's streets, saying that in all his travels he saw only one place where the macadamized streets were any better than those of Kingston, and that was Westmount, a suburb of Montreal.

Coming back to the primary question Ald. King asked if a little metal could not be provided with which to fill in the hollows in the streets.

Again the city engineer said that there was not any on hand, that it would be cheaper to purchase from the penitentiary at present than to fit up the crusher, which is in the city quarry on Markland street. The purchase of this stone would not interfere with city labor, as all the broken stone on hand by the stone breakers had been purchased and used up.

Chairman McLeod explained that the shortage of stone was due to the fact that laborers were scarce, which necessitated keeping at other work men who would otherwise be employed in breaking stone. Then, again, so many granolithic walks had been laid that all the stone on hand was used up.

Ald. King took the ground that the contractor for boardwalks should be compelled to live up to the terms of his contract and supply sufficient men to complete his work in reasonable time. He understood that walks were delayed because the carpenters had been taken from jobs to make curves for the corners of asphalt and granolithic walks.

The city engineer replied that the contractor was not to blame for delays, as he could not obtain help; he had written three times to the trades and labor council asking for carpenters, but without success.

Ald. King thought that the ratepayers ought to be acquainted with that fact.

Chairman McLeod considered that it would be wise to close down the construction of walks and do a little general repairing. The holes in the streets should be filled in.

Ald. Walkem suggested supplying the scavengers with stone and allowing them to do the filling in, but Chairman McLeod pointed out that already the scavengers had more work than they could attend to.

Ald. King considered that younger and more vigorous men should be employed at this work, and the city engineer answered that they were not obtainable.

All present agreed with Ald. Hoag's statement, that the city had been greatly improved by the present scavenger system.

Alds. Hoag and Sears begged that the metal spread on Princess street, west of Alfred street be rolled, but the engineer replied that it was difficult to obtain an engineer to work the roller and make a good job at street building. Ald. King agreed with this statement, and said that Pembroke street, which had been rolled last spring, was as bad to-day as it was before an attempt had been made to repair it.

The city engineer said that the roller was too slow; it was of a pattern made twenty-five years ago.

Ald. Bass chimed in and urged that Princess street be given immediate attention, and was assured that it would be looked after.

Upon motion of Alds. Walkem and King, it was decided to purchase fifty toise of broken stone from the Kingston penitentiary, and to use the metal in general street repairs. The city engineer assured the board that the purchase of this stone would not interfere with the work of the old men who break stone for a living.

A SHAME

To Poison Children.

"I have made coffee during the 17 years I have kept house on an average of at least once a day until we gave it up altogether. My husband was often forced to leave off drinking it for several weeks at a time owing to severe pains in his heart which he declared were caused by coffee."

So says a lady of Atkinson, Me. "I had a bad stomach trouble, my appetite was poor, and what food I ate did not digest and I had no strength.

"I also had bad nervous trouble and suffered much from headaches and a feeling of suffocation and faintness. We have four children and all were very fond of coffee and drank it every morning, seldom eating much breakfast. They were pale and often complained of feeling faint and dizzy and one daughter had indigestion badly. My husband's father who lives with us, was badly bloated and sometimes said 'I believe coffee hurts me.' But after trying for a few days to get along without it the habit of a lifetime proved too strong and he would call for a cup of coffee.

"Last spring we began reading about the wonderful cures by Postum Food Coffee and became interested and decided to try it. So we stopped coffee and began using Postum. In a surprisingly short time we all noticed a very decided change in health all round. The children's appetites improved and after using Postum a short time they began to eat hearty breakfasts every morning, Elizabeth's dyspepsia is all gone and she says she can eat anything now and it does not hurt her. They no longer complain of feeling faint and dizzy and all are growing plump and rosy.

"I have gained eight pounds myself although doing more work than I have been able to do for years. My appetite is good, food digests, nerves are stronger and I have none of the other troubles. It is simply wonderful.

"My husband has no more trouble with his heart and father-in-law does not bloat and can breathe much more easily.

"We had made the change from coffee to Postum without telling father-in-law, but one morning after we had used Postum a short time, he sipped his coffee and said 'How much better this is, how did you happen to get such good coffee?' and he was greatly surprised when told it was not coffee but the food drink Postum. He declares that it has done him great good and he has not been so well for years although he is now 79 years of age. A lot of my other relatives have had almost the same experience all of them having found out that it pays to give up coffee and drink Postum if you want to be wealthy and happy." Name given by Postum Co., Battle Creek, Mich.

Look in each package for a copy of the famous little book, "The Road to Wellville."

A POLICEMAN'S OPINION.

Thinks Same Man Responsible for Three Fires.

"I am convinced that the hand that fired the Montreal Transportation company's saw mill Sunday morning, also applied the torch to the military stables and gun sheds on Wednesday," said a member of the police force today. "I think Sunday morning's fire was intended to destroy Tete de Pont barracks, or, at least, the stables there, but the fire bug miscalculated the direction of the wind, hence the failure of his scheme. I feel certain that the same man set fire to both the Artillery Park stables and gun shed. He evidently had an object, and that is what we are looking for, a man with an object."

Died At Chicago.

The body of William Heron, who died in Chicago, Ill., passed through Brockville for burial at Elgin. The deceased, about fifty-five years of age, formerly conducted a foundry, machine shop and other industries at Newboro. Ten years ago he removed to Michigan, though his demise occurred at the home of his brother, Hugh, in Chicago. Mr. Heron was a native of Leeds and amassed a comfortable competence as the result of his enterprises in the United States. He was first married to Miss Mary Knowlton, South Crosby. Some years after her death he married Miss Elliott, Newboro, who with one son survives.

Fall Importation, 1903.

Provost, of the New York clothing store, Brock street, has received all his fall importation for order work in his tailoring department. Also a splendid assortment of ready-made clothing and gents' furnishings (all new goods) just arrived. It will pay you to examine the above goods before buying elsewhere.

Tenants Should Petition.

Alderman McLeod advises merchants of Princess street, who are tenants, to petition the council for the paving of Princess street, and he thinks the work will be done. He takes the ground that if the tenants ask for the paving the landlords will not oppose the scheme.

Saturday Matinee And Night.

Guy Bros'. minstrels, to be here on Saturday, matinee and night, give an interesting and refined entertainment. The character of the show is quite up to the standard of other years.

If you want your hot water furnace put in order, ring up 418. Taylor & Hamilton's.

"Ebony handle" tooth brushes are up to date. The Red Cross drug store has them for 25c.

DAY'S EPISODES

LOCAL NOTES AND THINGS IN GENERAL.

Occurrences in the City and Vicinity—Other Brief Items of Interest to the People.

Tub butter, 20c. Crawford.

See the Guys on Saturday.

Did you see Jack Frost last night?

The ladies wore voile last night, while the big fat men went about in overcoats.

At the next meeting of the board of works, a statement will be presented showing the money expended to date in each of the wards.

Tub butter, fine quality, 20c. Crawford.

At the police court this morning Daniel Byron, on a charge of drunkenness, was sent to jail for one month, without the option of a fine.

You've been enquiring for it all summer—that lovely molasses chewing candy with the walnuts through it—and we've got it—fresh made for Saturday, at W. J. Crothers.

A western physician has discovered that milk from cows fed on the refuse of distilleries contains "the germ of the appetite for liquor." What germ does the flesh of swine contain that is fed on the villianous refuse of the city?

E. H. Wartman, Dominion fruit inspector, states that the apple export trade of Canada to England this year will amount to 1,000,000 barrels. He claims that more precautions should be taken to ensure delivery in the European markets in the best possible condition.

The city came near having a law suit to defend because of neglect on the part of the board of works in leaving a pile of rubbish on Brock street opposite Wade's drug store, whereby a citizen sustained injuries. The case, however, was amicably settled without recourse to the courts.

TO REPAIR BRIDGES.

Joint Meeting Of Committees To Be Held Here.

Warden Pringle and R. J. Spoor, chairman of the county property committee, have returned from Napanee, having been on a tour of inspection of the Whitman Creek bridge, in Addington county, and Petworth bridge, in Frontenac county. Associated with them were Alfred Martin, ex-warden of Lennox and Addington and J. Milne, chairman of the county property.

The Whitman Creek bridge is in Addington county and is used as a boundary line bridge, taking the place of the regular road, which near that point is very hilly. It was decided to build a new bridge, as the present structure is in a very dangerous condition, through irrepair. The cost will be borne by the two councils.

The Petworth bridge will be repaired, and the cost also defrayed by the two councils. In this connection there will be a joint meeting of the two property committees in the court house here next Tuesday, when all details will be settled. The Lennox and Addington council has generously consented to bear a share of the cost of these repairs in consideration of the fact that the bridge is largely used by residents of Addington county, and also because the Frontenac council will bear a share of the cost of building the Whitman Creek bridge in Addington.

GANANOQUE HORSE RACES.

Good Attendance, And Fine Races Were Given.

The races at Gananoque Thursday attracted a large attendance, and all were pleased with the events, which were contested. There were five heats trotted in the 2:25 class. The winners were: Sam Ryadyk, Dr. Behan, Gananoque; Jubilee, H. A. Hartwell, Coldwater; Sphinx H., W. M. Baillie, Kingston; Lord Russell, G. W. Bell, Kingston. Time, 2:23.

2:18 class—Billy G., G. Thomas, Belleville; Guinette, E. P. Branigan, Kingston; Mary Hamilton, W. H. Comstock, Brockville. Time, 2:19½.

The second heat in the 2:25 class was finished a dead heat between Sam Ryaqyk and Jubilee. Guinette was the favorite in the fast class, but could not do better than obtain second place.

The Funeral To-Day.

The funeral of Miss B. Deering took place this morning, from the residence of Miss Fitzgerald, to the Church of the Good Thief, Portsmouth, where a solemn requiem mass was celebrated by Rev. Father McDonald. The funeral was largely attended. The deceased was a resident of Portsmouth for over forty years and was highly respected. She had been ill for about two years, during which time she suffered much, but bore her affliction with Christian patience.

The Popular Rumor.

In support of his request, that the board of works give some attention to the streets and sidewalks in Rideau ward, Alderman Hoag says that the prevailing opinion is that Catarnqui and Frontenac wards can get all the repairs necessary to the injury of the remaining wards. Chairman McLeod says this popular rumor is far from being true.

20c. Butter. Butter, Butter 20c.

Extra choice tub butter, 20c. creamery, packed butter, creamery prints. Crawford's.

The country side poured into the city yesterday and at night were at the armouries.

Ask Him

Ask your doctor what he thinks of Ayer's Sarsaparilla. He knows all about this grand old family medicine, this splendid tonic. Follow his advice and we will be satisfied.

J. C. AYER Co., Lowell, Mass.

MERIT MAKES IT FAMOUS.

The Only Remedy in the World Except a Surgical Operation, That Will Certainly Cure any Form of Piles.

The study of physicians, the experience for years expended in one direction for years expended in one direction; to find a pile cure that would cure.

The results have been a number of harmless and in most cases useless ointments, suppositories and even internal remedies, which the public have weighed in the balance of experience and found wanting; nealy all of them gave some relief, but nothing approaching a radical cure resulted from these preparations.

The remedy required is one which will immediately stop the pain so severe in many cases of piles, and then by contracting the small blood-vessels (capillaries) to their normal size, produces a radical cure by reducing and finally absorbing the tumors and healing the inflamed, raw mucous surfaces.

Until a few years ago, no such remedy had been produced, but at that time a suppository was placed upon the market, which has since proven itself to be the long-sought permanent cure for this common and distressing trouble; it has rapidly become famous throughout the United States and Canada, and is now sold by all druggists under the name of Pyramid Pile Cure.

It is now the best known, because its merit and safety have advertised it wherever used. It has been advertised by word of mouth, from one sufferer to another; people who have tried everything else, even submitting to painful and dangerous surgical operations without avail have finally found that piles can be cured without pain and without expense practically, as the Pyramid Pile Cure is sold for the nominal price of 50c. and $1 per package.

The Pyramid instantly stops all pain and at the same time contains no cocaine, morphine or narcotics; the acids and healing properties contained in the remedy speedily remove, cause a healthful, natural contraction and absorption of the tumors. It will cure any form of rectal trouble except cancer and advanced fistula, which, by the way nearly always results from neglecting proper and timely treatment of piles.

A book on cause and cure of piles sent free by addressing Pyramid Drug Co., Marshall, Mich.
