Chinatown in the past was considered a peaceful section of Boston as the pig-tailed merchants and laundrymen kept to themselves and labored harmoniously. They organized a society known as the "Hep Sing Tong" society or good boys society. The society of the Highbinders have been their enemies and the feud between them resulted in the murder of Wong Yak Chung, October 2nd. The police feared there would be trouble and revenge at his funeral so laid cautious plans to prevent an open rebellion. Sunday the unfortunate Chinaman was buried in American fashion, save the Chinese ceremonies at the grave and a Chinaman riding on the hearse strewing yellow paper and chanting; this was to represent mock money for any following ghosts. I have found a way to cure even deep-seated, difficult, or peculiar diseases. Dr. Shoop's Restorative cures by a new method. It goes direct to the cause of disease—the inside nerves. I am the only physician that treats this way-through these nerves.

It is my discovery, my prescription-Dr. Shoop's Restorative-that does this so surely, is as certain that I am able to say to the sick one, use it a month and see for yourself. That should prove my confidence. You see, I know what it can do. I take less risk though than you would believe.

My past records show that I failed in only one case out of each forty. Just think of that, 39 paid, and paid glady, and the fortieth had no expense. That is a record I am proud of,

Then I will arrange with a druggist near you, so that you can secure six bottles of Dr. Shoop's Restorative to make the test. Send me no money. You go to your druggist, remember. Use the Restorative a full month, then decide. If it succeeds the cost to you is \$5.50; if it fails I will have the druggist bill the cost to me. Could anything be more fair? To delay means to forget. Write now, while you have it in mind. This
