Mrs. Weisslitz, president of the German Womans' Club of Buffalo, N. Y., after doctoring for two years, was finally cured of her kidney trouble by the use of Lydia E. Pinkham's Vegetable Compound.

Read What Mrs. Weisslitz Says. "DEAR MRS. PINKHAM:—For two years my life was simply a burden. I suffered so with female troubles, and pains across my back and loins. The doctor told me that I had kidney troubles and prescribed worse. For three months I took his medicines, but grew steadily worse. My husband then advised me to try Lydia E. Pinkham's Vegetable Compound, and brought home a bottle. It is the greatest blessing ever brought to our home. Within three months I was a changed woman. My pain had disappeared, my complexion became clear, my eyes bright, and my entire system in good shape."

DEAR MRS. PINKHAM:—I feel very thankful to you for the good your medicine has done me. I had doctoring for years and was steadily growing worse. I had trouble with my kidneys, and two doctors told me I had Bright's disease; also had falling of the womb, and could not walk a block at a time. My back and head ached all the time, and I was so nervous I could not sleep; had hysteria and fainting spells, was tired all the time, had such a pain in my left side that I could hardly stand at times without putting my foot on something.

I doctoring with several good doctors, but they did not help me any. I took in all twelve bottles of Lydia E. Pinkham's Vegetable Compound, five boxes of Liver Pills, and used three packages of Sanative Wash, and feel like a new woman, can eat and sleep well, do all my own work, and can walk two miles without feeling over tired. The doctors tell me that my kidneys are all right now. I am so happy to be well, and I feel that I owe it all to your medicine."
