

Pandora Range.

Broiler or Toasting Door.

A broiler or toasting door, to be of any practical value in a range must be so constructed that the steak or bread can be placed immediately over the live coals—broiling and toasting should be done quickly to be done well.

Broiling door in the Pandora is so constructed that a broiler can be placed almost on the coals if desirable, and the door is large enough to admit any style of broiler—a thick, juicy steak can be broiled to retain all its rich, natural flavor and bread can be toasted with that appetizing brown, so hard to get just right, if done in the ordinary range.

Pandora range is fitted with enamelled reservoir, triple triangular grates and steel warming closet, features found on no other range.

Sold by all Enterprising Dealers. Booklet Free.

WHAT WHIG CORRESPONDENTS TELL US.

The Tidings From Various Points in Eastern Ontario—What People Are Doing And What They Are Saying.

Made Her Last Trip.
Chaffey's Lock, Nov. 10th.—The steamer Hilda King made her last trip through here yesterday. She will be laid up at Kingston during the winter months. The steamer has had very successful season. Mrs. William Lambley has returned from Kingston, where she has been receiving medical treatment. Mrs. T. Simmons spent a few days of last week at Smith's Falls. Ducks are numerous in these parts; so are the hunters. Mrs. and Mr. W. E. Phelps, Phillipsville, spent Sunday here.

Has Sold His Farm.
Long Point, Nov. 9.—Joseph Moorehead has sold his farm here and purchased the Struthers farm at Sweet's Corners. C. J. O'Connor is improving slowly. Miss Kate Bass has rented her farm to Hiram Shook. Mrs. Burns has gone to Lansdowne to visit her daughter, Mrs. Thomas Bry-

A BATTERSEA WEDDING.

A Good Halloween Joke—To Repair The Church.

Battersea, Nov. 10.—At the home of Mr. and Mrs. George Mathews, on the 4th inst., their adopted daughter, Ada, was united in wedlock to Harry Lake, son of Isaac Lake, J.P., general merchant. They were assisted by Miss Mabel Lake and Fred Mathews. The ceremony was performed in the presence of the members of the two families, by Rev. G. A. Bell. A sumptuous supper was served, after which the young couple departed for their new home at Seeley's Bay, where the groom conducts a prosperous business. The many friends of this popular young couple wish them a long and happy life. The official members of the Battersea appointment of the Methodist church held a business meeting at the parsonage on Friday night, at which it was decided to make the much needed improvements to the interior of the church. Isaac Lake was elected chairman of the committee to oversee the work. The Epworth League have generously agreed to bear half the expense.

Lloyd Buck, our athletic school teacher, claims he can beat the records made at the Queen's College sports this year, in the three jumping events at least. We do not doubt it for he has defeated all other contestants thus far in the three townships; Loughboro, Storrington and

IN THE MARCH GOT THAT FAR THEN CHANGED MIND.

Bridegroom-Elect Marches Down Aisle With Wedding Party But Abandons His Fiancee At The Altar.

Nebraska City, Neb., Nov. 12.—After walking down the aisle of the church with the bridal party to the strains of Mendelssohn's wedding march, Clyde Miller, the bridegroom of a wedding set for Tuesday, suddenly changed his mind and, leaving Anna Spangler, the bride, standing at the altar, left the church, simply saying: "I've changed my mind."

Both Mr. Miller and Miss Spangler belong to the local "400." The marriage was to be the society event of the season and cards were issued several weeks ago. The church was crowded.

The party broke up in the greatest excitement and Miss Spangler was taken to her home in a carriage. She is prostrated over the affair and it is feared will lose her mind. Miller refused any explanation of his conduct, but his friends say he simply became nervous when the hour approached and was too timid to go through the ceremony.

We obtain the finest crude rubber in the world—from Para, Brazil.

We refine this, treat it with our own special secret compounds until we get a rubber that will stand the most severe and extreme temperatures.

CANADIAN RUBBERS

look well. They are made to fit perfectly this year's styles in leather footwear.

They are light, graceful and comfortable—of that high grade of excellence that has made us our reputation.

"FIT LIKE GLOVES"

ISRAEL ZANGWILL.

The author, lecturer and playwright. His wedding to Miss Edith Ayrton, daughter of Professor Ayrton, one of the best-known electrical engineers and inventors in England, takes place soon.

an. Mr. and Mrs. John Holt, Hammond, N.Y., visiting at Mrs. Burn's, have returned home. Joshua Moolton is moving from R. J. Green's to near Athens. Jerry Townsend, Athens, is visiting friends here. John Townsend has sold his place to John Turner, butcher. Isaac Plunkett, ill for some time, has recovered.

A Promising Soloist.

Harrowsmith, Nov. 11.—There was no service in St. Peter's church last Sabbath, Rev. Mr. Fosyth having been called away to see his father, who is very ill. Rev. Mr. Parley conducted quarterly service at Hartington last Sabbath. Last Sabbath was the anniversary of Rev. G. S. Milligan's induction into the Presbyterian church. Miss Nellie Stewart sang (by request) in a pleasing manner the solo, "From Cross to Crown." In her voice we see promise of good things to come. Communion service will be held in the Presbyterian church next Sabbath. Miss Annie Shilley is visiting friends in Napanee. C. W. Martin will move to a farm near Verona. Miss Ellen Graves, very ill, for the last week, is improving. We understand Harrowsmith is once more to have a meat shop. Dr. Irish expects to open one shortly. Visitors: Miss Katie Craig and a lady friend, at S. F. Steward's; Miss G. Benn, at Harvey Wright's.

Yarker Industry.

Yarker, Nov. 11.—The roller mill owned by James H. West, has been sold to Mr. Harvey, Lyndhurst. The buyer having the choice of his residence, chose the building near the station. This leaves the brick house for sale. The electric plant of the wheel factory will be removed across the river, and will be run by a cable from the old wheel factory. Dr. Oldham and F. E. Benjamin have gone north hunting deer. N. Trickey is at A. Connolly's. J. C. Connolly had a fine deer sent to him. Mrs. J. V. Burns went to New York, to attend the marriage of her daughter, Stella. Mrs. Louis Gilboa is dead. Her remains were placed in the vault at Moscow. John Wright's new furniture store is fast nearing completion. A. McKee and wife have started house-keeping in the terrace. J. E. Elliott has the contract of hauling sand to Petworth for the new bridge. George McDonald was home from Brantford, and left for Westport to fit out a new roller mill.

Society Women Take To Wigs.

London, Nov. 12.—"Nowadays ninety-nine women out of 100 wear wigs." This startling statement rests on the authority of Mrs. Standard, better known as John Strange Winter, author of "Booth's Baby." "If she is a rich woman she has one wig for the afternoon to wear with her hat, and she has another wig for the evening to wear without her hat. In nine cases out of ten she cannot take her hat off, because she would not be sure of the disclosure such an act would make."

Are free from all crude and irritating matter. Concentrated medicines only. Carter's Little Liver Pills. Very small, very easy to take, no pain, no griping, no purging. Try them.

Pittsburg. One of the best Halloween pranks perpetrated by the lads of our burg in some years was sprung a week ago Saturday night, when they put a fire under the boiler in the cheese factory, raised the steam up to one hundred pounds, tied a weight to the cord of the steam whistle, and decamped, leaving it screeching on the midnight air, for an hour or more till the steam was exhausted. Many a quiet village sleeper was awakened from his peaceful slumber, and after realizing the cause, laughed to himself and soliloquized, "Well, that's a good one." But there were other pranks cut up that same night, which far from being smart, savored more of rowdiness, and spoiled the whole celebration.

W. Merriman's little boy, ill with scarlet fever, has nearly recovered. Mrs. Gordon Waldron has taken up her abode at the home of Fred Keeler. C. Hartley and family have moved to Seeley's Bay. Miss Jessie Holder has gone to reside in the city. St. Bigford and wife, Rochester, lately visited at Isaac Holder's. Miss Muldoon and Mr. Duncan, Queen's College, at O. York's.

The Cause Of Dyspeptic Pains.

Improperly digested food usually forms gases that cause a painful distention of the stomach and pressure against the heart. This results in much pain and distress, but Nervine will relieve the distention, dispel the gas, and cure the dyspeptic pains very quickly. Polson's Nervine is really an excellent remedy for dyspepsia, indigestion, cramps, summer complaint and all stomach and bowel troubles. No household is complete without Nervine. Try a 25c. bottle.

Potatoes, Butter, Eggs.

Extra dry meal potatoes, finest tub butter, 20c., cooking eggs. Crawford.

A girl's idea of how to keep her feet warm is to wear a fur boa, a picture hat, or a pearl necklace.

Wakeup Children.

For a long time the two-year-old child of P. L. McPherson, 59 N. Tenth street, Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach, and she slept the whole night through. Two boxes of these tablets have effected a permanent cure and she is now well and strong. For sale by all druggists.

CITY OF PANAMA.

The Capital of The New Isthmian State.

Panama, the capital of the Isthmian state, is a tropical city of more than 35,000 inhabitants. It is the oldest city in America, having been founded in 1518 by Pedro Armas Davila, and soon became wealthy from the Peruvian mines. Its riches attracted Morgan's buccaners, and after plundering it for three weeks they burned the city in 1671. From the "eight monasteries, a cathedral and two churches, a fine hospital, 200 richly furnished houses, nearly 5,000 houses of a humbler sort, a Genoese chamber of commerce and 200 warehouses" they carried off 175 mule loads of loot and 600 prisoners.

Two years later the present city was founded on a tongue of coral rock about six miles from the old site. It was once considered one of the strongest fortresses in South America, but little of the granite fortifications is still standing. Of the old Spanish houses, also, are left, and what dignity the city now has is derived from the state buildings and offices. A large area is covered by the ruins of churches and convents. Living is expensive and the hotel accommodations are poor.

WRECK OF CONDOR FOUND.

Remains of Missing British Warship Located.

Victoria, B.C., Nov. 12.—After a search of almost two years, the wreck of the British warship Condor, which sailed from this port on December 14th, 1901, with 114 men on board has been found in twenty-five fathoms of water in Barkley sound.

The disappearance of the Condor was most mysterious. The warship left Victoria harbor in first-class condition and prepared for a long journey to the British possessions in the Southern Pacific. She was scheduled to touch in Honolulu, but her failure to do so, and the further fact that she was not sighted by one of the many vessels plying the Pacific, caused much apprehension.

Search was instituted, a number of British warships being sent in quest of the missing vessel. All of their efforts were futile, however, and they returned to this port.

An occasional bit of wreckage was picked up and identified as having been a part of the Condor, but none of the men on the ship was ever heard of again.

TO BE EXECUTED.

To Safeguard President And Other Officials.

Washington, D.C., Nov. 12.—A bill prescribing the death penalty for killing the president of the United States, the vice-president, ambassadors or ministers of foreign countries accredited to the United States was introduced in the house by Mr. Littlefield, of Maine.

The bill prescribes life imprisonment for attempts to commit bodily injury against the president or vice-president. Persons who attempt or abet any of the crimes mentioned are deemed principal offenders. The harboring of persons guilty of the offenses mentioned is made punishable by twenty-five years' imprisonment.

A fine and imprisonment penalty is provided for the teaching of anarchistic doctrines and for conspiring within or without the United States for the killing of a ruler or chief executive of any other country.

HOSPITAL ROMANCE.

Patient Left a Nurse \$10,000 in Will.

New York, Nov. 12.—Attorneys are searching Paterson, N.J., for Miss Carver, a young nurse, formerly employed in a New York hospital, in order to pay her \$10,000 under the will of Frank J. Edwards, a civil engineer of Pasadena, Cal.

Edwards fell ill here three years ago and was cared for at the hospital by Miss Carver. He wished her to become his wife, but she was in no hurry to desert her profession and after corresponding with Edwards at Pasadena for a long period, she disappeared.

The other heirs of the estate are pushing the search, because the estate cannot be divided until she shall have been found.

Lives In A Palace.

Florence, Italy, Nov. 12.—Samuel L. Clemens (Mark Twain) and his family, accompanied by George Gregory Smith, have arrived here, and taken possession of the Villa Quarto, three and a half miles from the city. The villa was formerly the property of a Russian grand duchess and was afterwards occupied by the king of Wurtemberg.

"Rectol," the most sensible, practical and satisfactory pile cure. Treatment different from others. 50c. Wadsworth.

Queen Quality

With The Leaders!

Behind every fact lies a reason. When the sales of "Queen Quality" are

Double the Sales of Any Other Woman's Shoe

There must be a reason for it. It can't be because of low price, since it costs no less. It is simply a triumph of leadership.

"Queen Quality" is recognized as the leader in style. It leads; others follow. It originates; others copy. Everywhere it sets the style.
