CONFIDENCE!

Confidence between the merchant and his customers is the surest foundation for success in business. To merit and retain the confidence of our customers has been our constant aim, and we exercise the greatest care, in the first place, in selecting the materials for our clothing, and in the second place, in having these materials put together in such a manner as to assure the most satisfactory results to the customer.

Men who want to be in the front rank of well dressers will find our line of Overcoatings and Suitings the most exclusive in the city.

A DEPUTATION

FROM ST. JOHN TO INTERVIEW AUTHORITIES.

Walters Strike—New C.P.R. Electrical Engineer Appointed—Woman Killed by Train—Noted Lacrosse Player Married—Hockey Players Go.

Montreal, Nov. 16.—A deputation from St. John is in the city, to-day, for the purpose of interviewing the C.P.R. authorities relative to their steamship services to St. John, during the coming winter, and its relation to the wharfage facilities. George E. Robertson is at the head of the delegation.

The waiters and kitchen help at the St. Lawrence Hall have gone on strike, and caused considerable inconvenience to the management, to-day. The trouble is said to be in a change made over the hours of luncheon, the management agreeing to pay additional wages for the increased work, but the help did not see it in that light, and refused to work. Bel boys and clerks were performing the duties of waiters to-day.

The appointment of Charles H. Hines, as electrical engineer of the C.P.R., is officially announced. He will report to the superintendent of rolling stock and will have charge of all electrical matters in connection with the railway.

Mrs. Lizotte, aged fifty, was killed by the C.T.E. train from St. Hyacinthe at St. Lambert's, at 8:15 this morning. She was walking from her home at Coteau Rouge, to St. Lambert, when the train approached and whistled. She evidently became confused, and stepped in front of it.

Albert Dade, the noted lacrosse player, formerly of this city, but now of Brantford, was quietly married in the city on Wednesday, to Miss Katie Raphael. The announcement took his friends by surprise.

As the result of the recent disastrous condition of players in the Montreal Hockey Club, there are now prospects that the team will lose three of its best players. It is reported on good authority that Roon and Gardner are negotiating with the Shamrocks, and Nicholson with Victorias.

LEG BROKEN.

A Serious Accident To Lord Kitchener.

Sinala, India, Nov. 16.—Lord Kitchener, while riding home alone from a country house, near here, when passing through a tunnel, his horse became frightened and collided with the walled side. One of Lord Kitchener's legs was broken in two places. He is now reported to be doing well.

Wolfe Island Ferry.

Wolfe Island, Nov. 16.—(To the Editor): As a number of letters have appeared in your paper for and against the ownership by Wolfe Islanders of a ferry boat, I may say I do not think the scheme will amount to anything, as no contract has been entered into. The letters written seem to make the council tired of the whole business and inclined to drop it. The reverend finds that the council cannot go on with the matter, having the ratepayers against them. So one who knows admits that the old reliable Pierpont will still accommodate the island people.—ONE WHO KNOWS.

Golden Anniversary.

Mr. and Mrs. Thomas Marks, Christie's Lake, will celebrate the fiftieth anniversary of their wedding on Wednesday, November 18th. Their five sons, who are in the theatrical business, are expected home for the event. Bob's company is in Kingston, Tom's in Michigan and Joe, Alex and Ernie's in the vicinity of London. The three companies are playing to capacity by the press reports.

Intercollegiate Debate.

Queen's and Varsity meet in the first of the intercollegiate debates on the 27th in Toronto. The subject to be discussed is the Munroe doctrine. Queen's will take the affirmative. The intercollegiate debating championship has been held by Queen's four times in the past five years.

NEW STEEL PLANT.

Big English Firm May Establish One In Canada.

Toronto, Nov. 16.—Charles L. Bailey, the Canadian manager for the great English steel firm of William Jessop & Sons, of Sheffield, has left for England to confer with the members of the company in regard to the establishment of a plant in Canada. The concern has decided to build a branch in this country, and would prefer Toronto as a location, if satisfactory arrangements can be made with the civic authorities, as the concern would employ about 2,000 hands. It is believed that every encouragement will be offered to secure the industry for Toronto. Ald. S. W. Burns is looking after the company's interests, and a definite proposition was submitted on Mr. Bailey's return in about a month's time.

The Canadian delegation which went to St. Louis to interview the authorities for a change in the live stock regulation at the St. Louis fair have returned. They do not expect any changes will be made along the lines required by Canadians and, as a result, there will be practically no exhibit of Canadian live stock, although the government has set aside \$100,000 to assist Canadian exhibitors. Messrs F. D. Coburn, president, C. S. Mills, secretary of the live stock section of the fair, asked that F. W. Hodson, Dominion live stock commissioner, put in writing Canadian suggestions.

BACK INTO THE UNION.

Departure of the Colombian Generals From Bogota.

Bogota, Nov. 16.—Generals Reyes, Holguin and Ospina left here to-day for Panama on a diplomatic mission, with full powers to offer the Isthmians a satisfactory treaty and such other concessions as may bring the isthmians back to the Colombian union.

It is expected that amicable arrangements will be made, and such are heartily desired here.

Made Protest.

London, Nov. 16.—The Colombian authorities have called to London a lengthy protest against the United States action towards Panama.

Rich Gold Strike.

Dawson, Y.T., Nov. 16.—The strike in Alsac or Shakwak district is growing in importance. White Horse is deserted, so far as having any floating population. Many are going from Skagway, Juneau, Atlin and all points along the coast. Late advices shows pans as high as \$325, with a shallow diggings. Several creeks have been traced from end to end, and good excitement is prevailing around White Horse, which is the centre of the new diggings.

Labelled For Salvage.

Sydney, N.S., Nov. 16.—The clipper Alacrita, which was towed into port Tuesday morning, last, in a disabled condition by the Dominion Coal Company's steamship Cape Breton, has been labelled at the instance of the company in the sum of \$35,000 for salvage. The necessary bonds will be given for the release and the ship in all probability towed to Halifax to be dry docked for repairs.

To Make Quick Run.

Havana, Nov. 16.—A new era of rapid transit was inaugurated, last night, by the departure of the first Cuba Railroad company's daily through train from Havana to Santiago. The train is scheduled to reach Santiago in twenty-five hours. Heretofore the journey has taken three days, including stop overs, at night.

OUTWITS HERPA

ROSAE ANTONIO CHANGED HER NAME.

She Eloped With Her Lover—Her Parent Threatened To Send Her Back To Italy.

Newark, N.J., Nov. 16.—At the large nursery camp of Charles W. Stuart & Co., of Newark, located at Orleans, a young Italian maiden, named Rosae Antonio, figured prominently in an episode which furnished the many spectators of that place with excitement recently. Rosae fell in love with a young Italian named Francis Boscoe. Her father greatly objected to the match, and he made up his mind to send her back to her old country. He told her his intentions. Rosae persisted strongly in disobeying her father's request to forget her lover for the present, at least. She was determined to wed, and last week, when the elder Antonio had gone away for a few hours, she and her lover made good their escape, went to South Jordan and were married.

The father, on returning to the camp and being told of the elopement, succeeded in getting a companion to make search for the couple. They were found at Geneva. Antonio was going to make his daughter return with him to the camp, but her husband did not agree with him. Police aid was invoked, but to no avail. Later Mr. and Mrs. Boscoe returned to the camp and worked with one of the superintendents that had gone to Geneva on learning of the whereabouts of the several Italians. The young lady is but sixteen years of age.

All Bow To King Equine.

New York, Nov. 16.—The nineteenth annual exhibition of the National Horse Show Association is on Madison Square Garden below is filled with hundreds of thousands of dollars' worth of horses and above is draped with bunting in orange and black. Between is the show, and until next Saturday night the great arena will be a place of business and expediency.

For the time being, the automobile is a thing of secondary consideration. This is the time to be a horse, and the horses seem to know it. With heads high and nostrils dilated, straight-limbed, and with pride in every curve of their handsome bodies, they dash in and out at the bugle's call.

The day is for horse lovers and the night is society's. At all times now the garden will be a place of prancing horses, of beautiful women, of enthusiastic men, of fine feathers, and blankets, of straw and grooms, of numbers, traps, tankards and hurries, harness and saddles, to say nothing of boxes and the promenade crowded with fashion.

Wedding At South Lake.

South Lake, Nov. 14.—At 8 p.m. on the 7th inst., Herald Angel church was the scene of a pleasant event, when James Berry gave away his daughter, Sadie Adelaide, in marriage to Herbert James Price, Montreal. Long before the appointed time the church was crowded by people of all ages and nearly every creed. Soon after the arrival of the bridegroom, the bride came up the aisle, leaning on her father's arm, tall, stately and beautifully attired, carrying a lovely bouquet of bridal roses. Dressed in white silk with black and garniture of silver sequined trimming, veil and orange blossoms, the bride looked lovely. A splendid dinner was partaken of at the home of the bride's parents, after the ceremony, by a goodly number of friends and relatives. The service was conducted by Rev. D. Jenkins, assisted by the choir. The church was beautifully decorated with ferns, evergreens and a profusion of chrysantheums, artistic arrangement, while a floral bell overhung the contracting parties.

Want Sabbath Preserved.

Harrisburg, Pa., Nov. 16.—A more rigid observance of the Sabbath and the abolition of all public amusements and entertainments on that day is the common desire of the several hundred churchmen and others who gathered in this city to-day for the state Sabbath convention. Ways and means for promoting the desired reforms will be exhaustively discussed during the two days the gathering will be in session.

Following the close of the Sabbath convention, the annual meeting of the Pennsylvania National Reform association will begin and many of the visitors will attend both meetings.

Posse After Escaped Prisoners.

Columbus, O., Nov. 16.—Four prisoners escaped from the Ohio penitentiary last night by climbing to the roof of a cell block through a ventilator and sliding down a rope made of strips of leather belting to the lawn in front of the prison. The men dropped to the ground beneath a window in the warden's office. A trusted prisoner saw one of the men and gave the alarm. A posse is in pursuit.

They Will Not Sign.

Quebec, Nov. 16.—Notwithstanding the boot and shoe machinists were invited to sign an engagement, on Saturday last, at the rooms of the Manufacturers' Association, not a man turned up and it now looks as if the men would not accept the conditions set down by the manufacturers, requesting the men to sign a six months' engagement. A meeting of the machinists will take place this evening.

Removed The Cobwebs.

This morning Sergt. Nesbitt and Constable Graham were busily engaged with long handled brooms in removing the numerous cob webs which all summer decorated the ceilings and walls of the police station. Some system should be inaugurated whereby the station could be properly looked after, the floors scrubbed and cob webs removed at regular intervals, so as to keep the place respectable.

A Princess Dead.

Darmstadt, Nov. 16.—The Princess Elisabeth, daughter of the Grand Duke of Hesse, died this morning.

Cranberries, oranges, lemons, Northern Spies, snow apples, cheap at Ferguson's.

TITLE OF THE NEWS.

The Very Latest News Collected From All Over The World.

Lord Roberts is improving. The price of meat has been advanced in New York.

Seven men, clinging to a cat boat off Coney Island, were rescued.

Irving McDonald, St. Joseph, Mo., was killed by a travelling man after a theatre party.

Fall River, Mass., cotton mill operators, hope for a compromise over the wage question.

J. Carara, a Mexican officer, fought a duel with swords, with a Guaymas merchant, and was killed.

Ireland now has a federation of Catholic societies, established on the plan of the American federation.

Forty persons were killed, many being buried, by a train wreck on the Illinois Central, near New Orleans.

Three new cases of diphtheria developed in Elmira reformatory. The first patient, who made a wonderful fight for it, is dead.

The trouble was found on the railroad track at Bruce Station, Ont. In a pocket were a detective's badge and a cheque for \$100.

The Central Canadian Racing Association, Ottawa, has decided on a programme of races for the meeting to be held February 1st to 6th.

A well-dressed man walked into a New York police station, handing the officer in charge a statement accusing himself of twelve offences, all forms of fraud.

A bulletin issued regarding the condition of Emperor William says the emperor is nearly healed and that the emperor has been permitted to whisper freely.

Fire on Sunday destroyed Lemel & Co's boot and shoe factory, Montreal. Loss \$60,000; insurance \$22,000. A warehouse of the Montreal woolen mills was also burned. Loss \$10,000, fully insured.

W. J. Bryan, former democratic candidate for the United States presidency, who will arrive in England on Wednesday, has been elected a temporary member of the National Liberal Club.

Chevalier Luigi Petich, formerly Italian ambassador to Mexico, was found dead. He has lived the life of a recluse in New York, shut up in his laboratory with his electrical inventions. He had a large collection of art treasures.

A conspiracy for the systematic robbery of railway cars, said to involve more than forty employees of the Big Four company, has been announced by the police of Indianapolis. The robberies are said to have extended over seven years.
