Hall's Catarrh Cure is taken international distribution of the blood and transactions and financially able to carflatulence, sour stomach, heartburn, or waterbrash when there is a remedy at hand, Wade's Dyspepsia Cure relieves the trouble at once. 35c. at Wade's, Hall's Family Pills are the best.

You find yourself nervous and irritable, worried over little things unable to rest or sleep, subject to spells of indigestion and headache and losing energy and ambition, but do you ever stop to think that these symp. toms indicate nervous disorders which are likely to result in

Paralysis or Locomotor Ataxia

No diseases are more dreaded than those of the nervous system, because none lead to such complete helplessness of mind and body.

You may stop a headache if you use powerful drugs, produce sleep by morphine, or whip up the action of the heart by means of stimulants, but by so doing you are merely consuming the remaining vitality at an enormous rate and physical bankruptcy must overwhelm you sooner or later.

The natural and rational way to restore the wasted and exhausted nerves is by means of Dr. Chase's Nerve Food, the great food cure, which actually forms new, rich blood and creates new nerve force.

There is no such thing as failure known when this great medicine is used, for it is composed of nature's most powerful nerve and blood vitalizers and is bound to do you good. The main thing is to be regular and patient in its use and you will not be disappointed in the results.

As the nerve force and vigor is again restored to the system by this treatment, you will feel again the vitality and energy which

accompany health and strength, and by noting your increase in weight can prove that new, firm flesh and tissue is being added to the body.

Mr. James A. Deal, a respected resident of Bridgewater, N.S., writes: "About a year ago I suffered a stroke of paralysis, which left me in a very bad state of health. To add to my troubles last winter I took la grippe, which completely exhausted my nervous system. could scarcely walk or talk, my legs and arms were partially paralyzed my blood did not circulate properly, and I could not do any work. In fact I was so bad that the doctors gave me up and thought I could not

"I began the use of Dr. Chase's Nerve Food, and persevered in the treatment, until now I am at work again. The change in my condition has been most remarkable. It is a surprise to everyone to know that I am able to be around again. My nervous system has been built up wonderfully by this remedy. I am able to rest well, my circulation is normal and my general health good. My appetite is first-class, and I have

"The results I have obtained from Dr. Chase's Nerve Food have been most gratifying, and I have no hesitation in stating that I be i ve I owe my life to this preparation. I am willing that you publish this letter, with the hope that it may be the means of helping others to
