The Mainstay of Age... The digestion of age is weakened. Nourishing, easily-digested foods are required. That is why Tillson's pan-dried Oats is the best breakfast dish for age. The cooking turns the starch into easily-digested dextrin. It is rich in proteids, carbohydrates and fat. Tillson's Oats is a food, not a fad.

A Kidney Sufferer FOR Fourteen Years. TERRIBLE PAINS ACROSS THE BACK. Could not Sit or Stand with Ease. Consulted Five Different Doctors. Doan's Kidney Pills. FINALLY MADE A COMPLETE CURE. Mr. Jacob Jamieson, Jamieson Bros., the well-known Contractors and Builders, Welland, Ont., tells of how he was cured: "For fourteen years I was afflicted with kidney trouble which increased in severity the last five years. My most serious attack was four years ago, when I was completely incapacitated. I had terrible pains across my back, floating specks before my eyes and was in almost constant torment. I could not sit or stand with ease and was a wreck in health, having no appetite and lost greatly in flesh. I had taken medicine from five different doctors and also numerous other preparations to no purpose. I finally began to take Doan's Kidney Pills and before I had taken five boxes the trouble left me and I now feel better than I have for twenty years. Those who know me know how I was afflicted and say it is almost impossible to believe that I have been cured, yet they know it is so. I have passed the meridian of life but I feel that I have taken on the rosy hue of boyhood." Price 50 cts. per box, or 3 for \$1.25, all dealers or THE DOAN KIDNEY PILL CO., TORONTO, ONT.

Often the increased business compares favorably with that of the 'rush' period." Three applications of Peck's Corn Salve will cure hard or soft corns, etc., at Wad's.

THE CANADIAN RUBBER CO. OF MONTREAL. Fifty years ago Canadian Rubbers were the standard for style and elegance—they wore well and were remarkable for fit. But they were quaint, heavy, odd things compared with CANADIAN RUBBERS of to-day. There's a difference in wearing qualities, too. In fifty years we have improved our secret chemical process—our methods of treating the raw material—our way of making up the rubbers—their styles, their weight, and their fit. To-day we have rubbers that we are proud of—they are light weight and the standard of excellence, and they FIT LIKE GLOVES.
