THE WEATHER

WHAT PROF. HICKS HAS TO TELL.

Wind And Snow For Christmas—During Month There Will Be Thunder, Lightning, Rain, Heavy Winds and Blizzards.

On and touching the 10th and 11th will come a very noticeable reaction to warmer—another fall of the barometer will pass eastwardly across the country, merging into more storms of winter rain, turning to general snow.

The regular storm period, central on the 17th and extending from the 15th to the 20th, will bring a decided fall of the barometer, progressively from west to east.

A reactionary storm period is central on the 22nd and 23rd exactly at the crisis of the winter solstice.

The intention of the framers of the city engineer to the city council, which was to be a point of no return, is now being tested.
