LIVED IT OVER

IN A TRANCE, FRENCH HYP. NOTIC EXPERIMENT

Gabrielle Bompard's Story Of Murder Put to Test by Hypnotism-Will Make a Report. Paris, Dec. 15.-The famous trial

of Gabrielle Bompard and a man of the name of Eyrand for the murder of a bailiff by strangulation has been recalled in a strange fashion. Gabrielle Bompard and Eyrand escaped to America, where they were captured. Eyrand was guillotined in Paris. Gabrielle Bompard pleaded that the committed the crime under the hypnotic influence of Eyrand. She was sentenced to penal servitude, but was reneapolis, tells how any young leased a few months ago.

LETTERS TO THE EDITOR.

Views Not Radically Different. Kingston, Dec. 12.-(To the Editor): have just been informed of a letter published in the Whig some days ago. in which certain ideas concerning th nature of the mica deposits north of Kingston, expressed by members of the School of Mining, at a recent mining institute meeting, were assailed from the standpoint of the practical man. The opinions of the technically trained "expert" and the "practical miner," are alike founded on observed facts or supposed facts. The technical man observes, or should observe, all the facts that the practical man can observe, but he should be able to see more, for that is what he has been trained to do. He is also trained to weigh facts and to recognize their bearing upon the questions involved. He also possesses the great advantage of having ness, limits ability to transact business lets cure all kinds of catarch. They can a knowledge of the results of experi- and earn a living.
