

CAUGHT BY THE GRIP. RELEASED BY PE-RU-NA.

"The world of medicine recognizes Grip as epidemic catarrh." Medical Talk.

LA GRIPPE is epidemic catarrh. It spreads no class or nationality. The cultured and the ignorant, the aristocrat and the pauper, the masses and the classes are alike subject to the grippe. None are exempt—all are liable.

Have you the grip? Or, rather, has the grip got you? Grip is well named. The original French term, la grippe, has been shortened by the busy American to "grip." Without intending to do so a new word has been coined that exactly describes the case.

Walter Deinaud was caught in the machinery of the London Machine Tool Works and killed. Dr. George Cooke, formerly of Chesley, died in Toronto. Ex-Sherman Thomas Patterson, Hamilton, was found dead at his stable.

Justice Tetzl has given judgment ordering the release of Mr. Southam, held at Sarnia as an absconding debtor. The warships purchased by Japan from Argentina have been insured for \$500,000 each, the risks from capture being excluded.

The United States government is confident that no acts of hostility will be committed by Colombia because of events on the isthmus. The governor-general has sent a telegram to President Roosevelt, expressing sympathy with the sufferers by the Chicago calamity.

Ethel Jones, daughter of S. P. Jones, Chicago, attended the burned theatre with brothers and sisters, two of whom are missing and three accounted for. At Vaughan's seed store, where the body was taken, the mother, an invalid, dropped dead, when she received the tidings of her daughter's death.

what it is, serving on public boards a number of times. He endorses Peruna in the following words: "I am 63 years old, am hale and hearty, and Peruna has helped me attain it. Two years ago I had in grippe—my life was despaired of. Peruna saved me."—J. R. Gull.

A Relative of Abraham Lincoln. Mr. Silas S. Lincoln, who resides at 210 I. Street, N. W., Washington, D. C., has the honor of being third cousin to Abraham Lincoln. He writes: "I had the grippe five times before using your medicine. Four years ago I began the use of Peruna, since which time I have not been troubled with that disease. I can now do as much work at my desk as I ever could in my life. I have gained more than ten pounds in weight."—S. S. Lincoln.

Pe-ru-na Not Only Cured La Grippe but Benefited the Whole System. Miss Alice M. Dressler, 1213 N. Bryant Ave., Minneapolis, Minn., writes: "Last spring I suffered from la grippe and was partially cured, but the bad after effects remained through the summer and somehow I did not get strong. I was before. One of my college friends who was visiting me asked me to try Peruna and I did so and found it all and more than I had expected. It not only cured me of the catarrh but restored me to perfect health, built up the entire system and brought a happy feeling of buoyancy which I had not known for years."—Alice M. Dressler.

An Actress' Testimonial. Miss Joan Cowell, Griswold Opera House, Troy, N. Y., is the leading lady with the Aubrey Stock Co. She writes the following: "During the past winter of 1901, I suffered for several weeks from a severe attack of grippe, which left a serious catarrhal condition of the throat and head. "Some one suggested Peruna. As a last resort, after wasting much time and money on physicians, I tried the remedy faithfully, and in a few weeks was as well as usual."—Joan Cowell.

A Southern Judge Cured. Judge Horatio J. Goss, Hartwell, Ga., writes: "Some five or six years ago I had a very severe spell of grippe, which left me with systemic catarrh. A friend advised me to try your Peruna which I did, and was immediately benefited and cured. The third bottle completed the cure."—H. J. Goss.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

Members of Court Earl Roberts Entertain Friends. Military court Earl Roberts, I.O.F., held a very pleasant and successful quadrille party in the Whig hall on New Year's eve. About 135 couples were present and enjoyed themselves. At midnight the committee of ladies took charge of the floor and inaugurated the first of the leap-year dances. Refreshments were served at a reasonable hour. Organist and pianist were present and supplied the music, with William Murray as prompter. Among the guests were Col. Drury, C. B.D.O.C., Col. Smith, Lieut. Col. Kent, Capt. Grant and Lieut. Clairmont, together with a large representation of the Knights of the Grip. The energetic committee in charge was composed of Sergt. Maj. Were Not In It. Frank E. J. Pugh, Chicago, writes to friends in town assuring them that the names "Pugh" and "Pugh" appearing in the list of fatalities at the theatre fire, does not include any of his family or connections. He writes: "The conditions in the vicinity of the theatre cannot be described, one cannot even imagine it."

SPORT REVIEW.

FRONTENACS WERE BEATEN AT BROCKVILLE. Winnipeg Won The Second Stanley Cup Match—Queen's Touring Hockeyists Defeated Morrisburg. The first of the O.H.A. matches of No. 2 senior series took place in Brockville last night between Frontenacs and Brockville. The former team was by a somewhat mixed result, it being found impossible to get a strong seven together at the present time. Brockville won by nine to one. At half time the score was two to one in Brockville's favor, but in the second half the Frontenacs played a listless way. Gould, of Smith's Falls, was referee. A great crowd witnessed the match.

Queen's Won At Morrisburg. Queen's team of touring hockeyists won at Morrisburg last night, defeating the home team by 6 to 3. Owing to the fact of the missing train at Belleville on Thursday, the college team failed to reach Prescott in time for the match scheduled for that night.

Winnipeg Won The Second. The second match for the Stanley cup took place at Ottawa last night when the Winnipeg team defeated the Ottawas by 6 to 2. The turnover is somewhat remarkable, since Ottawa won the first by 9 to 1. The sporting public simply viewed the result last night as one of those pre-arranged affairs, by which one team drops a match in order to create greater enthusiasm and draw larger gate receipts for the next Monday night's final contest will tell if this conjecture is true.

Baseball. In securing "Joe" Daley and "Chauncey" Elliott, of the Kingston Ponies, the Concord, N. H., Baseball Club has secured two strong batters. The two were at their best last year and smote the ball with vigor. Daley played a low fly ball into the field, while Elliott depended upon a terrible grounder that neither pitcher nor second could handle. Both are ready players and will render fine service wherever they go.

Hockey. A Kingston hockey team will play an exhibition match in Belleville on Monday night. That Mills in goal was a peach and he saved his team from a bad beating. The Ottawa team is criticized for going to play against the Michigan "Saw" team, regarded as professional.

TWO YOUTHFUL CRIMINALS. Sentenced To Four And Five Months In Jail. Osborne Taylor and Edward O'Reilly, two young men, have made a bad beginning of the new year. On New Year's eve they stole a fur lan robe, whip and set of Alexander Martin, a Pittsburg township farmer, standing in an Ontario street hotel yard. They sold the goods in two Princess street stores, receiving thirty-five cents for the whip and blinds, and twenty about 83.

Princess Street Methodist. The Christmas tree entertainment in connection with the Princess Street Methodist church was held on Wednesday evening. Rev. Thomas Brown presided. Songs, recitations, dialogues and choruses formed the programme. A couple of excellent duets were given by J. A. Gould and offering by different departments was the chief feature. Other classes afterwards distributed. Miss Wilcox presided at the offering. A number of young men appeared as soloists and presented a ton of coal. The Bible class gave a song by the young men. Miss Gardner's class then placed on the platform a number of bags of flour. Cereals were the gifts of Mrs. Brown's class. Other classes gave potatoes, butter, turkeys. Much credit is due to Misses Wilder and Annie Gardner, and M. Graves for the splendid programme.

Chamberlain's Cough Remedy. This preparation is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases over a large part of the civilized world. The most flattering testimonial have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects; of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough, has shown that it cures that disease of all dangerous results. It is especially praiseworthy in its danger in giving it even to babies. It always cures and cures quickly. Sold by all druggists.

WARNING GIVEN

BY THE CITY SOLICITOR TO CITY COUNCIL. Regarding The Exit Doors of The Grand Opera House—All Churches and Halls Need Attention. City Solicitor McIntyre has written the following letter to the city clerk regarding the Grand opera house: Kingston, Jan. 1.—Dear Sir: On February 2nd, 1902, I called Chief Bailie calling his attention to the fact that the exit doors of the then newly completed opera house did not conform to the law as contained in chapter 263 of the revised statutes of Ontario, and that that statute laid on him, as chief constable of the city, the duty of seeing that the law was complied with. Acting upon my letter Chief Bailie inspected the opera house and as a result of his intervention, certain structural alterations were made in the house, but whether the law in the above statute is in strictness complied with I am not in a position to say.

On February 6th, 1902, I wrote the then mayor, calling the attention of council to the provisions of section 541 (2) of the municipal act, which empowers the city council to pass a by-law regulating the size and number of doors in churches, halls, theatres and other buildings used for places of worship, amusement, etc., and the construction and width of stairways, in such buildings. I called attention to the fact that no by-law had been passed in this city in the exercise of the powers so conferred and I called the attention of council to the responsibility resting on council in the premises.

The finance committee upon reading my letter of February 6th above, instructed me to prepare a by-law dealing with the question, and in collaboration with the city engineer, I drafted a by-law which followed in the measure the by-laws in force in other cities and sent it on to the mayor in March, 1902. No action was taken by the council of 1902 upon the by-law and I heartily regretted that about it. On February 11th, 1903, I wrote the city clerk and forwarded him another copy of the by-law drafted by me, but the council of 1903 took no further action.

In view of the disastrous fire in a Chicago theatre this week, accompanied with such appalling loss of life, it occurred to me that it was my duty once more to bring this matter to the attention of council so that some adequate measures may be taken for the protection of large assemblages of people in public buildings. I may add that the provisions of the by-law drafted by me would extend to all churches and public halls in the city as well as the theatre, and a compliance with them would, I believe, necessitate certain structural alterations in a number of public buildings, including churches.

GREAT ENTERTAINMENT. At The Y.M.C.A. Building on New Year's Day. The Y.M.C.A. entertainments yesterday attracted more men than have visited the building during any one day in years. After walking along the hallway, which was hung with hundreds of pennants, the visitors entered the gymnasium. Here the entertainments were to take place and Charles Taylor had bestowed many hours of labor in arranging decorations. From the walls hundreds of flags, pennants and banners hung very gracefully.

A beautiful gold or silver shield was to be seen. The platform looked unusually pretty. A fine Turkish rug covered the floor, while palms twelve feet in height stood around the corners. Bending down over all was a large coat of arms surmounted by United States and British flags. At three o'clock the gymnasium side lines were full of men and Physical Director Bews opened his exhibition. Exciting races first took place. Then came a spirited contest of basketball. For an hour and a half the splendid performance continued. The closing number was a "fencing bout" by Messrs. Symons and Bews. Other attractions had been in progress down stairs, where the orchestra made things lively with some good music. The Ladies' Auxiliary, ever helpful and ever willing, served refreshments to about 200 men.

Then came the crowning event of the day, the evening recital. Edward J. B. Pense, M.P.P., had been selected as chairman, and a few minutes after eight o'clock he arose to open the programme. In a few happy remarks Mr. Pense referred to the prosperous condition of our Canada. He was glad to state that not only Canada at large, but Kingston in particular, was enjoying commercial prosperity. He was very glad to learn that the Y.M.C.A., a part of Kingston, had just closed a splendid year of work, and with all bills of the year, paid Mr. Pense then called for the following numbers, which were repeatedly enjoyed:

Prano duet, Miss Van Pelt and Miss Mabel Mills; song, Miss Edith Mills; recitation, Miss Ada Chown; song, Miss Mabel Bailey; recitation, A. M. Symons; song, Miss Edith Sparks; H. Pritchard added charm to the program. Dancing was afterwards indulged in and continued until two o'clock Friday morning.
