Weary Women Get Strength and Vigor From

Ferrozone

Did you ever stop to think about the endless number of unhappy, disappointed women in the world? Perhaps not. Well, for your information we can safely say that

the majority of women seldom feel as joyful as they would like to be. What's the cause? In the first place, modern life is lived at a fast pace. Society makes demands on every woman's strength that try her to the utmost. Only the robust can stand tha racket, and the weaker sisters, with their delicately balanced organisms, begin to fail. The blood gets thin-it's innutritious. The nerves grow very irritable, strength declines steadily. Then follows the misery and suffering resulting from interference with certain functions upon which the very existence of every female depends. Life is a burden, all its joys are gone, nothing left but long dragging days of illness!

It is dangerous to let this condition get worse. You must build up, get strength and revitalize lost energies by the great food tonic Ferrozone,then you will start to pick up again. Many wo-
