THE DAILY WHIG. "Quilper per Orbem Dior." AN URGENT PROPOSAL. The proposal, that Canada send a regiment of young soldiers to India, as part of the imperial contingent...

EDITORIAL NOTES. It is alleged that the average citizen of Chicago lives now twice as long as his grandfather. What, did the old men drink? Toronto's gas company proposes to enlarge its work, and the city council proposes to own and control the stock. Can it buy?

COST OF ELECTRIC LIGHTING. The Ottawa Free Press is not content with the idea that the city should go into the electric lighting business, municipally. It finds that Winnipeg, to which has been referred, incurs a cost of \$52 per light per year for street purposes, while Ottawa under its present contract, pays only \$68 per lamp per year.

THE POINT CLEAR. Montreal Herald: The peace of Asia, but a piece of Asia, that the czar wants at present. A Wise Man. Hugh John Macdonald has declined the conservative nomination for Winnipeg. He sees further ahead than he did three years ago.

ALL ABOUT A RULE. The secular papers are again discussing Methodist discipline, the subject being revived by the action of those who are moving for a modification of the rules. The Episcopal Methodist church has had the subject of dancing before it (through the general conference) several times, and for the meeting next May, in Los Angeles, preparation is being made for a new discussion.

Kingston People Not Slow. Judging from the splendid crowds that are visiting Sutherland's red letter sale, the Limestone City people are quick to appreciate good values. Corsets of every description at 25c., 40c., 50c., and up. New York Dress Reform.

OLD KINGSTON. SUBJECT OF PAPER AT FRONTENAC HISTORICAL Society—Wants Memory of La Salle Kept Alive by Naming Street After Him—Asks Government to Repair Fort Henry. There was splendid attendance at the meeting of the Frontenac Historical Society on Tuesday evening, under the presidency of Mrs. Bruce Carruthers.

CHALLENGE ASSERTION. As To The Commands of Canadian Steamers. St. Catharines, Jan. 12.—(To the Editor): Please to publish the following resolutions passed in this city. —MARINER. At the annual meeting of the St. Catharines branch of Ship Masters and Mates' Association, held January 6th, a resolution was unanimously passed, taking exception to the remarks made by C. F. Gildersleeve, president of the Vessel Owners' Association, at a meeting in Toronto, December 22nd.

HIS BLOOD DRIED UP. Remarkable Case of a Young Virginian. Richmond, Va., Jan. 13.—The death in Kimball, Page County, of Homer Fox, twenty-one years old, disclosed a case which puzzled all the physicians that community. His death was due to a drying up of the blood. Fox's illness began several months ago. From a robust, handsome young man he became a physical wreck. He was unable to eat and his complexion turned white almost as snow. It is said that there is no known cure for the disease, and that its cause has never been ascertained.

EIGHT BODIES SECURED. Seven of Them Have Been Identified. Victoria, B.C., Jan. 13.—Eight more bodies of the victims of the Clallam have been recovered. They have been identified as follows: Royall Garrison of Artillery at Singapore; N. P. Shaw, of Victoria, mine and copper owner; Miss Margaret J. Cull, Dawson; C. H. Joy, a passenger; Miss Minnie Murdoch, Seattle; Peter LaPlante, Friday Harbor, and Bruno Lehman, customs officer, of the Clallam. The tug Maund is reported en route to port from Darcy Island with the upper part of the Clallam in tow.

Prices of Glasses Raised. New York, Jan. 13.—Persons who buy eye glasses and spectacles this year will pay a great deal more for them than they would have done had they bought them in 1903. Two big advances have been made in all lines of optical goods within the last two months by concerns which control the entire manufacture of such goods in the United States.

The Hardest Test. Our idea of a strong-minded woman is one who can read a medical book without fancying that she has at least fourteen distinctly defined diseases. Easily Scared. Sir Thomas Lipton has sold his seat on the Chicago Board of Trade. Being a bachelor, he probably felt it unsafe to remain within sight of the blameworthy that artful young person, May Wheat.

Senator Hanna Re-Elected. Columbus, O., Jan. 13.—Marcus A. Hanna was, to-day, re-elected United States senator by the two houses of the Ohio state legislature in joint session. The joint ballot gave Senator Hanna a majority of ninety-one. John H. Clarke, Cleveland, received the united democratic vote. J. H. Whitmarsh, Westport, has purchased Anthony Hoban's farm, also Thomas Lynn's farm. For the former he paid \$2,500 and the latter \$3,500.

"Open Confession" Is Good for the Soul. We claim no monopoly on honesty, and neither do we assume all the virtue there is in the land.

ACHES AND PAINS. Are Merely Symptoms of Disease And Must be Treated Through The Blood. If you suffer with pain—any kind of pain—keep in mind that pain is but a symptom, not a disease; that what you must fight is not the pain but its cause, who you pursue with your external application are absolutely useless.

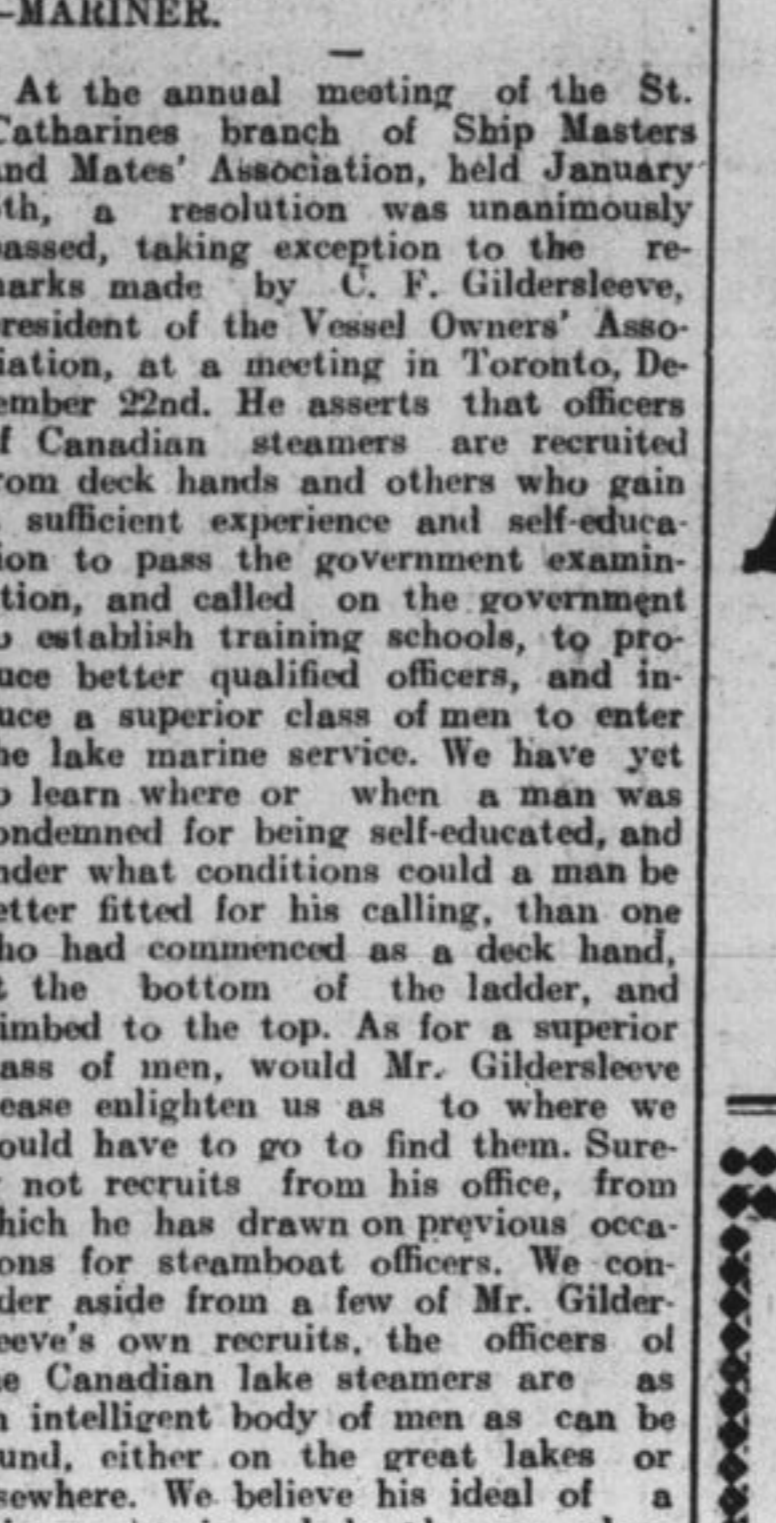

Among The Lost. Brockville Recorder. In the list of those lost off the steamer Clallam appears the name of Mrs. S. E. Bolton, Alberta, who was on her wedding trip. A year or two ago S. Edward Bolton, of the legal firm of Jackson & Bolton, Gananoque, went to Alberta and entered upon the practice of his profession in that district. A few weeks ago friends in Gananoque received announcements of his marriage, and it is feared that it is his bride who lost her life.

Dislocated Her Shoulder. Mrs. Johanna Soderholm, of Fergus Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back in place as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep which she had not done for several days. For sale by all druggists.

Harmless Cuss Words Wanted. London, Jan. 13.—The National Association for the suppression of bad language, of which Lord Wolsley is president, has issued its first annual report. This shows that the pure speech mission has been extensively carried on by means of public meetings and the distribution of literature. It also raises the question of the possibility of compiling a dictionary of harmless words which may be used to take the place of obscene and profane language when the exigencies of the situation demand it.
