WOOPER OF TWENTY YEARS.

Lancaster, Pa., Jan. 21.—An opinion has been filed in the circuit court sustaining a verdict in a long-standing breach of promise suit. Elizabeth D. Rauck some months ago instituted suit against Preston E. Brackbill, a well-to-do farmer, for damages. He had courted her for over twenty years, and on the day set for the wedding worked in the harvest field, saying by then did not have time to get married. The jury awarded her \$3,000 damages, and this verdict was sustained by the court.

Drew Pension For 68 Years.

London, Jan. 21.—Several officials at the Guildhall, who have been in the service of the corporation for between forty and fifty years, are retiring on pensions. Pensioners are proverbially long-lived. It is on record at the Guildhall that a certain coal meter lived for sixty-eight years after being superannuated; and that another pensioner possessed such wonderful eyesight at the age of eighty-six that he took lessons in painting, and became an artist of no little local fame.

St. Catharines district is having an old-fashioned snow storm with high wind from the southwest. The street car service is badly blocked and business generally demoralized.

The report of the health officer for the county of London for 1903 has just been issued. It shows that London is one of the healthiest of the great cities of the world.

The Bill Mr. Preston Will Bring In

A CONVENTION

TO CONSIDER THE PROPOSED LEGISLATION.

To Have The Late Election Frauds Investigated By The County Judge—There May Be A Double-Barrelled Inquiry.

Toronto, Jan. 21.—Mr. Preston will introduce a bill during the session making the filing of declarations by candidates for municipal honors with in twenty-four hours applicable to every nominee. It now applies only to nominees in cities of over 30,000. "If it's a good thing for cities, it's a good thing for all," Preston says. The executive of the Ontario branch of the Dominion Alliance has decided to call a convention to consider temperance legislation proposed by the government as soon as it is brought down.

I. B. Lucas and T. H. Preston continued the debate in the legislature yesterday. W. H. Hoyle moving the adjournment. Mr. Lucas called attention to the G.T.R. poor service, and Mr. Preston dealt with the relations between Mr. Whitney and Mr. Gamewell. A canvass of the aldermen has developed the fact that the city council, on Monday, will pass Controller Spence's resolution, presented yesterday, to have the municipal election frauds investigated by the county judge, assisted by eminent counsel.

S. H. Flake, K.C., will be asked by the mayor to represent the city. Crown Attorney Curry has decided that Magistrate Denison has jurisdiction to conduct an investigation into the alleged irregularities of the election under the municipal act and so will advise the magistrate, consequently it is assumed that a double barrelled inquiry will be instituted before many days are over. Thirteen legal votes have been unearthed as the result of the police investigation into the voting of sub-division three of the Third Ward, Bay street fire hall, while the names are on the list of eight persons who cannot be found at the addresses given.

A warrant has been issued in behalf of the Employers' Liability Corporation against Alfred H. Ellis, lately in the employ of the Manufacturers' Life Insurance company, charging him with having stolen \$3,000. Ellis originally came from Orangeville, and he is alleged to have stolen the money while in charge of one of the company's branch offices in China.

The congregation of Knox church, at the annual meeting last night, decided, by a vote of ninety-seven to forty-four, again to apply to the presbytery for permission to sell the present church building at not less than \$200,000 and to purchase a site uptown.

KILLED IN FAMILY FEUD.

Victim Had Tried To Murder Brother Of Slayer.
Odessa, Jan. 21.—In the village of Vladimirovki, in the government of Tiflis, there has for some years past been bitter enmity between the elder daughters of two families of the name Skayeff. One day last week being Skayeff, observing her enemy, Rena Skayeff, start on an errand to the next village, seized a dagger and rushed across to her neighbor's dwelling, with the intention of murdering her brother, a boy of 11.

The first blow, aimed at the boy's heart only penetrated his right arm. The victim's sister, Alexandra, aged thirteen, rushed to his rescue, and, clung in a desperate embrace to the would-be murderer. In piteous accents Alexandra entreated her to spare her only brother (two other brothers had fallen in the family vendetta), but Rena was as obdurate as she was bloodthirsty.

In the struggle between the two girls Rena fell full her dagger. Instantly releasing her hold, Alexandra seized it and drove it into the left in Rena's side. The latter tottered a few paces and then fell back dead.

Alexandra, with the dagger in her hand, at once proceeded to report the tragedy to the village elder, by whom she was congratulated on her effective defence of her brother.

CAME TO LIFE

After Apparently Having Been Dead.

STRANGE TALE

OF A MAN WHO WENT TO HEAVEN.

The Resurrected Tells Of His Bliss—"Dead" Twelve Hours—It Seemed Like 1,000 Years—The Man Now Dead.

Harrisburg, Ill., Jan. 21.—The days of miracles are not passed, according to those familiar with the death and return to life of Ulysses S. Roberts, a cigarmaker and musician. He had been afflicted with consumption for nearly a year. Two weeks ago his condition became worse, and a few days later he called his wife and two children to his bedside, and, kissing them good bye, told them of the fast-approaching end. In the presence of the family, his pastor, Rev. A. S. Maxey of the First Methodist Episcopal church of this city, Attorney R. S. Marsh, his family physician and a number of relatives, he died.

An undertaker was called. Twelve hours had elapsed since the spirit had left the body, when suddenly the figure lying on the cot smiled and opened its eyes. Mr. Roberts then spoke and asked them how long he had been gone, and, when told, he said: "That's strange; it seems to me I have been gone 1,000 years. I have been in Heaven and I have been happy."

He told of his meeting his father, who had long preceded him and other relatives and friends. Many questions were asked by the pastor, Rev. A. S. Maxey, concerning heaven, and the description given by him was wonderful.

"But," said he, "I have just seven days to remain on earth when I will leave you until we meet up yonder."

When asked by Rev. Maxey as to how Jesus appeared he said he was almost always happy, except at times when he beheld this earth steeped in sin. Roberts expressed a desire to return to heaven, and true to his prediction, on the seventh day, and at the very hour named, he again died.

Brussels, Belgium, Jan. 21.—Prince Charles of Loos and Corswarem, a member of the most ancient of the noble families of Belgium, has been arrested, charged with several swindles, and is now lodged in prison at St. Giles, twenty miles from Ghent.

The alleged swindles foot up \$150,000. They are supposed to have been prompted by need of money, as the prince has been in financial difficulties.

He was charged with a similar offence a year ago, but a plea of insanity was set up in his case, and he was acquitted.

Four years ago Prince Charles married in Paris Viscountess Maria Helena de Tarys of Lisbon, Portugal, but the marriage was afterward annulled.

The prince is forty-four years old. He was born in Paris, but makes his home in Belgium, at Chateau de Nieu.

TONGUES AND EYES TORN OUT

Severe Punishment Inflicted On Convicted Robbers.
London, Jan. 21.—Writing from Peshawar, Reuters' correspondent says that about three months ago the house of a person of position in Kabul was broken into and 5,000 rupees were stolen. The money was afterwards found hidden in the house of a certain member of the God Khels, who settled in Kabul during the reign of the late Amir.

All the God Khels were imprisoned, and some were found guilty. The Amir ordered their tongues and eyes to be torn out, and this sentence was immediately carried out.

The Amir, adds the correspondent, is at present studying the Russian language. His instructors are two half-dollars, who do not know Persian, but have a slight knowledge of Urdu.

TWO HORSES LOST.

Broke Through The Ice And Were Drowned.
Lachine, Que., Jan. 21.—J. C. Deary, Dorval, coal and wood merchant, lost a team of horses, this morning, worth \$400. The horses, which were standing in the yard, preparatory to being harnessed, wandered down to the St. Lawrence river and started off at a brisk pace down the ice toward Lachine wharf. The ice at this point gave way and both animals fell into the river. The only harness on both horses was their collars, which were strapped together by the pole piece. These broke as the animals plunged into the ice waters, and they became separated. One swam outside of the guard pier, where he struggled for half an hour, and was lost sight of. The other animal swam up and down along the edge of the ice for an hour, just out of reach of the men who were endeavoring to throw a noose over his head. Finally the horse was pulled out, but all efforts at resuscitation were fruitless.

JILTED GIRL ASKS DAMAGES.

Writ Against Soldier Who Deserted Sweetheart.
London, Jan. 21.—At the outbreak of the Boer war a member of the Royal police force went to South Africa with an Australian contingent, leaving behind him a girl to whom he had promised marriage. While in South Africa he married, and then visited Sydney, accompanied by his wife, leaving there ostentatiously at a first-class hotel.

The jilted girl, on hearing of this, entered an action against him for breach of promise, claiming £2,000 damages. The man, however, took passage for London, stating that it was his intention to return to Johannesburg. The writ is now on its way to London, and if on its arrival the faithless one should have left for South Africa, it will have to take another voyage.

PROMPTLY TABLED.

No Chance Of Canal Across Canada Now.
Detroit, Jan. 21.—The project of a new deep water canal across Canada, connecting Lake St. Clair and Lake Erie, and doing away with the necessity of vessels navigating Detroit river, is not taken seriously by real owners of the lakes, although it is said by the promoters to have attracted London and Paris capitalists. That the canal will cut off six hours from the trip between the upper and lower lakes does not impress the owners, as it would tend to lengthen the season and a longer season makes lower freight rates. The canal toll also would be an element to consider. The matter, when brought up at the Lake Carriers' convention here last week, was promptly tabled.

ADMIT PANAMA.

Senator Morgan Would Annex The New Republic.
Washington, Jan. 21.—Senator Morgan introduced a bill providing for the annexation of Panama to the United States, "the rights and property of Panama resting in the United States, without reserve."
