THE DAILY WHIG

GIDDING THE PARTY. A unique experience is that of Hamilton in the government.

The people are having too much of the thing, and they have taken to quarrelling over some of the things which have a political complexion.

The heroes of 1866 must have been very numerous when 7,000 of them have yet to secure their land locations.

The man who approached a Hamilton alderman, and suggested that money was going on the Bell telephone by-law, writes on the papers to say that he was joking.

Mr. Tarte is suffering from what Le Canada calls "diplomatic rheumatism," which prevents him from appearing in the election meetings.

The College of Pharmacy has decided to educate the people against the use of habit-forming drugs and narcotics.

The thickness of ice reported in Ontario are: Port Arthur, 30 inches; Parry Sound, 15 inches; Southampton, 16 inches; Port Stanley, 24 inches; Kingston, 16 inches; Ottawa, 30 inches; Bissett, 20 inches; Toronto, 18 inches; Paris, 30 inches; Hamilton, 24 inches; Midland, 22 inches; Birnam, 22 inches.

One alderman in Toronto has become ashamed of the election methods which prevailed in that city and will not sit again in council until all suspicion in his case has been swept away.

The St. Catharines people want a Curfew bell, and when some one there asked the police magistrate of Orillia what he thought of the Curfew bell in that town he wrote a nice long letter and told all he knew about it.

Alderman Woods wanted all the guaranteed support he could secure, and so he laboured to pad the list by handing in the names of several persons who were understood to be friendly to him on the voters' list.

The man, outside of Alderman Woods, who was most interested in the case, Rev. Frank Forster, put a new face on things when he explained what he knew about them.

Woods may discover a little later that it merits a term in the penitentiary. The prosecution is expected to act without fear, favour or affection, and there is no telling what may take place. One thing it is safe to predict—there will be no more padding of the voters' lists in Toronto for the present.

NEWSPAPER NOTES. Death Of a Respected Resident—Many Ill Of Grippe.

Napanee, Feb. 6.—Sad, indeed, was the news made known yesterday, that death had claimed Mrs. J. F. Chalmers. She passed peacefully away after a week's illness of pneumonia.

The deceased's maiden name was Florence Rankin, youngest daughter of Mr. and Mrs. William Rankin, South Napanee. Besides her aged parents and sorrowing husband, one sister and two little daughters, of eight and ten years, are left to mourn. The deceased was a popular teacher, and beloved by all who had the pleasure of her acquaintance. The funeral takes place Sunday. The deceased's mother, Mrs. Rankin, was so ill that it was deemed wise not to acquaint her with her daughter's death.

H. Vandervoort is seriously ill. Easton Embury was obliged to come home from Picton yesterday, through illness, and the doctors pronounce his trouble appendicitis. Mr. and Mrs. H. Berche have been confined to the house for the past ten days with grippe. Yesterday morning the fire bell aroused the citizens and firemen responded promptly. The fire was discovered in S. Casey Denison's store. The fire engine was practically useless and a pail brigade was organized and soon had the fire under control. Damage to the extent of \$30 or \$40 was done. The fire was caused by the chimney, which burst out in the morning and heated the brick and adjoining wood work, so that it ignited.

It is reported that two of our popular young people took a trip to Kingston on Thursday and were quietly married. Mrs. W. A. Daly was "At Home" to a large number of her friends last evening. Mr. and Mrs. F. S. Wartman, Colbrook left Tuesday for a three months' visit with his brother at Phoenix, Arizona.

Rev. Mr. and Mrs. McIntyre are recovering from an attack of grippe. A great many of our citizens are reported on the sick list, all suffering from the prevailing unsavory grippe. The infant daughter of Mr. and Mrs. George J. Perry, died Thursday. Fred Perry sold one of his farms—the old "Scour farm," Big Creek, to Alfred Scrimshaw, who takes possession on March 1st. W. H. Loyd, Hayburn, has leased his farm to Henry Galt for a term of years. A. E. Douglas' brown mare, "Egyptian Liniment," took second money in the green race at Trenton, Friday, and Charles Hamby's "Nellie Bay," third in the 2:30 class.

IN STRANGE JAPAN. Incidents That Seem Peculiar To a Westerner.

The Japanese eat more fish than any other people in the world. With them meat-eating is a foreign innovation, confined to the rich, or rather to those rich people who prefer it to the national diet.

Public story-tellers still earn a good livelihood in Japan. In Tokio alone 600 of them ply their trade, provided with a small table, a fan, and a paper rapper to illustrate and emphasize the points of their tales.

Before the re-opening of the Japanese war department, a battle was frequently decided by personal encounter between the two commanders, the retainers on each side giving their chiefs encouragement only.

The emperor of Japan is an athlete in his way. He has introduced football into the land of the chrysanthemum, and amuses himself by playing an amateur game in his private grounds with some of his friends, most of whom are not so fond of it.

A spectator in a Japanese theatre, on payment of a small extra fee, is permitted to stand up; and the person behind him cannot object, though the latter's view of the performance is obstructed.

An evidence of the striking uniformity of size among the Japanese is found in the fact that recent measurements taken of an infantry regiment show no variation exceeding two inches in height or twenty pounds in weight.

BOY GAMBLERS. Nest Found in Select School in New Jersey.

Trenton, N.J., Feb. 8.—Lawrenceville school, one of the best known preparatory institutions in the east, is wrought up over the alleged discovery of a full fledged gambling outfit in the upper house, which is the abiding place of about 120 members of the fourth form or senior class.

Reports differ as to the extent to which this gambling has been carried on, but it is admitted even by the school authorities that nearly half of the fourth formers are involved in the gambling escapade and have already been subjected to discipline. Investigation is said to have revealed some up-to-date gambling paraphernalia, which was being liberally patronized by the students.

John McCutcheon, a typical north-country Irishman, of Belleville, is still hale and hearty, though on St. Patrick's day next he will be eighty-five years of age. He was the fourteenth man to enroll himself in the Belleville Rifles, serving at Amherstburg in 1864, and at Aultsville in '66.

Defective staves were discovered by Inspector Donaldson, Toronto, in the new boilers installed in Brockville's electric plant lately. A man went down from Kingston to make repairs. Hundreds of cases of grip were cured by taking Gibson's Red Cross grip tablets, 10c. box.

A Canadian undertaker displays the following sign: "Why walk about in misery when I can bury you decently for \$18?"

Ayer's Cherry Pectoral

Ask your doctor if this is the medicine that cured his hard cold. Doctors have used it for over sixty years.
