Descendant of The Founder of The Bank of England-Wants | vice, His Money.

Tacoma, Wash., Feb. 9.-Mrs. Alexander Acheson, a poor woman, who supports an invalid husband, claims a fortune of \$500,000 from the Bank of England, basing her claim on proof of her direct descent from William Peterson, founder of the bank. Prior to the establishment of bank, in 1694, Peterson loaned £50, 000 to King William, who used it in carrying on one of his wars. This Danforth, of St. Joseph, money, with accrued interest for 200 years, Mrs. Acheson will attempt to of falling of the womb and its to go to Londan with the object

The understanding was that all shorts, \$21 to \$23 a ton; straw, \$6 to returned to me. For four months I works committee, Chairman Meek life, will be given at the Grand Opera | the expenses of this school should be \$7 a ten; pressed hav., \$8 to \$10 a paid from the \$15,000 legacy "Peter Verigin was strongly in fav-

or of having a school established in

each village among the Doukhobors, and thus avoid all semblance of favoritism. He desired also to have such teachers as Friends should select. When told that to have school in every village would probably mean in expense amounting to \$20,000 or \$30,000 a year, which the Doukhobors would have to meet, he said that he thought the Doukhobors would be able to pay that amount If Peter Verigin's proposition is carried out the \$15,000, in all probability, will be expended in the supervision of the schools. His wishes are that these schools for the present shall be under the supervision

After these consultations were held William Evans and Jonathan E. Rhoades left Winnipeg in order attend Kansas yearly meeting, Mr. Gidley took the train for Yorkton, a thriving village about 275 miles distant from Winnipeg, in a northwesterly direction, thence overland to Good Spirit Lake, about 40 miles further in a similar direction, in order to visit the Doukhobor villages near the lake, and a school of Doukhober children in one of these villages, taught by Hannah Bellows and Jessie Wood, two young women from England.

"As we came in sight of the village where the school is located said Mr. Gidley, "we could see the white tent at the farther end of village, where the school kept. approaching the tent, entering, looking at the bright, and smiling faces of the Doukhobor children seated upon rude benches (if straight pieces of planks for seats without any backs, and other planks in front of the pupils upon which to place books and papers, which were few indeed, may rightly be called benches), taking note of how few of the teachers in their work, and remembering, too, that they had left hap- says Canada prospers because of propy homes and their relatives in a tection, I take the liberty of contraforeign land, knowing that they dicting him flatly, and so do the would have to endure hardships and facts.
