NO MAN OR WOMAN CAN HAVE DYSPEPSIA And Still Be Agreeable, Attractive and Popular—A Certain Cure in Reach of All. There is nothing that will put you to the front so rapidly in the business or social world as a cheerful disposition and a pleasant appearance. Other things being equal, people will go out of their way to give the fellow a lift who always wears a cheerful countenance. The man or woman with a cranial disposition and a sour face will always meet with an indifferent if not a chilly reception. The commercial traveller, who is the recognized business barometer, appreciates better than any one the value of this rule and governs his actions accordingly. Dyspepsia destroys all the agreeable qualities that enter into a man or woman's make-up. It is almost a human impossibility for anyone with a severe case of dyspepsia to look pleasant. The continuous, miserable, casting feeling is bound to make itself shown in the appearance and conversation.

Stuart's Dyspepsia Tablets are the sufferer's certain cure. They are so recognized all over the world. The happiness they have caused and the suffering they have relieved has made their name a household word in all the English-speaking world. Money For Whiskey Men. London, Feb. 12.—Austro-Hungary has been a long time taxing Canadian whiskey as if it were cognac. Lord Strathcona drew the government's attention to this and tests were made, resulting in the Austrian government still claiming that it was cognac. A subsequent test was asked for. The government admitted being wrong, and will remit the excess duty on former shipments of Canadian whiskey.

Japanese In The City. T. King, Montreal, and C. Lee, Toronto, two Japanese, were in the city today. Their mission was not made known. In the afternoon they left for Montreal. They seemed pleased with the information they had gleaned from the Whig's bulletin board.

Big Batch of Liquor Cases. Belleville, Feb. 12.—Some fifty residents of Rawdon township have been summoned for alleged violation of the local option law at a temperance hotel at Spring Brook. Police Magistrate Flint will hold court at Stirling.

Left For Kingston. Word was received today that Norman Robinson, Dominion Express messenger, had left Monday on Wednesday for Kingston, to attend his brother's funeral. He is not expected to arrive until Saturday night.

NOVEL DEFENCE OF THREE LACHINE SALOON KEEPERS. They Claim That So-Called Indians to Whom They Sold Liquor, Are Not Indians—Insurance Appointments.

Montreal, Feb. 12.—Three Lachine saloonkeepers appeared in the police court today on a charge of selling liquor to Indians, who live on the reserve across the St. Lawrence from that town at Caughnawaga. The defence put up by the liquor dealers is rather a novel one. They claim that the Indians, so-called, are not in reality Indians any longer, but that they are Canadians within the meaning of the law and as such are entitled to the privileges of other people. They claim the prosecution will have to prove that the residents of Caughnawaga are Indians.

A Popular Hostelry. The Manor Hotel, opposite the C.P.R. depot, Winnipeg, is possibly one of the best known hostels in America. It is the premier \$1 a day house on this side of the Atlantic, and among its patrons are men in every walk of life.

Beauty Recipe. Said her husband one day: "Will you tell me my Kate, what makes you so young and so handsome of late?" For a long while a month or six weeks, I should say. You've grown younger and handsomer every day." "I believe," she said, smiling, "to tell you the truth, I've discovered the fount of perpetual youth. In the vale of the soul, like a well-spring, 'tis set with equal parts of 'Be patient.' 'Don't fret!'"

Movements of The People—What They Are Saying and Doing. Miss Eva Cook, Kingston, is visiting friends in Belleville. Alderman Angrove, ill for the past two weeks, was able to be around today. Alderman Toye has been appointed secretary of the Kingston Reform Association.

Rev. Dr. Antiff preachers in Wall Street Methodist church, Brockville, on Sunday. Samuel Cassidy, of the Bijou Cafe, has been appointed caterer of the House of Commons. Rev. J. W. H. Milne, Ottawa, the guest of Mr. and Mrs. C. T. Dickson, Alfred street, returned home today.

Stanley Rees, visiting his parents, Mr. and Mrs. F. S. Rees, Earl street, returned to his home in Syracuse, N. Y., today. John A. McDonald, a reporter for the Toronto World, is in the city seeking more information with regard to the street rail way. Hamilton, is in the city. He came down for the double purpose of attending Queen's alumni conference and visiting friends.

Mr. and Mrs. Samuel Angrove reached here today from England, where they were married about a month ago. They will take up residence in Kingston. Rev. T. J. Mansell, Brockville, preaches a missionary sermon in Queen's Street Methodist church on February 28th. Rev. Dr. Carman preaches the evening sermon. Captain Edward Booth has been elected pilot of the Grand Council of Masters and Wives' Association on the executive committee. The remains of the late W. P. McMullen, who met death in the C.P.R. accident at Sand Point, are being held for the coroner's inquest. Friends here are anxiously awaiting the arrival of the body.

A Coming Vocalist. Miss Gertrude Baker Adams, Ottawa, daughter of James Adams, a former Kingstonian, made her professional debut on Wednesday night. The Journal says: Her voice a pure flexible soprano of delightful quality, showed the result of careful training, and with the further serious study so necessary to any success in promising enough to ultimately place her high in the ranks of our Canadian singers. She was heard in a variety of selections, including the aria from "Robert the Diable" (Meyerbeer), "Angela Ever Bright and Fair" (an Orloff) waltz waltz song, "A May Morning," and a group of short songs.

LETTERS TO THE EDITOR. The Public Be... Says a Street Railway Director.

Kingston, Feb. 12.—(To the Editor: By chance on the market square this morning, I overheard a conversation between a member of the street railway company and a leading citizen, with regard to the stoppage of street cars. I was astounded as some of the statements offered by the street railway director. He said that the cars been running during the past week or ten days, it would have cost the company \$200 or \$300 to keep them in operation. The company, he said was not conducting a charitable institution for the benefit of the public. "We don't care for the people; we care for the money out of the citizens' pockets." We make our money out of strangers who visit the city during the summer months," were some of his statements, in some such words. It is just as well for the citizens to know the feeling of the company on this important question. Such knowledge may be worth money to the city.—ONE OF THE WALKERS.

Who Can Answer This? Kingston, Feb. 12.—(To the Editor: Being financially interested in the question of the city's absorption of the plant of the Light, Heat and Power company, I would like to present a question for some other interested person to answer. A bond of the Kingston Light, Heat and Power company, for \$1,000. It bears interest at five per cent. and has thirteen years yet to run. Who is to assume the liability? I don't know the cash value of the bond until its full time has expired. Will the company have to apply the amount of the award, \$170,373, towards carrying the company's bonded liability of \$100,000, and finally have to assume the liability, representing five per cent. interest on \$100,000 for the unexpired term the bonds were issued for?—BONDHOLDER.

A Lady Desires Advice. Kingston, Feb. 12.—(To the Editor: Kindly allow me to ask you for a word of advice regarding an accident that happened to me a few days ago on Princess street, home you think I can claim damages from the city, as the walks were all humps and hollows, and covered with ice. I can assure you I was walking very carefully, but without warning down went the car and I was thrown. I was asked me if I was hurt. He was a stranger in town, and advised me to take the car and not attempt the dangerous side-walks, but I told him the car didn't run now. "Oh!" he replied, "I did read that the city council quarrelled with the car company about a dog," but I told him I thought it was a switch, and he laughed and said they should get the switch on their backs and I agree with him. Will you kindly give me your opinion soon, for my ribs are very sore and I am afraid they are fractured. I shall not forget you when you can claim damages from the city. Truly, A CITY SISTER WITH A SORE RIB.

PERSONAL MENTION. Miss Eva Cook, Kingston, is visiting friends in Belleville. Alderman Angrove, ill for the past two weeks, was able to be around today. Alderman Toye has been appointed secretary of the Kingston Reform Association.

High Noon. Originally it was 3 o'clock in the afternoon. The word "noon" is originally derived from the Latin nona hora, the ninth hour of the Romans, the 3 o'clock of today, but no clew is given as to when or why the change took place which made "noon" mean midday, or 12 o'clock.

Animal Barometers. The tortoise is not an animal one would naturally fix upon as likely to be afraid of rain, but it is singularly so. Twenty-four hours or more before rain falls the Galapagos tortoise makes both their devotions and their meals by singing "noons" immediately after the 12 o'clock service. Thus the "noon" of old was merged into the "noon" of today, and for a time distinction was made between the two by calling 12 o'clock noon and 3 o'clock "high noon," as it appears in "The Shepherd's Almanack."

DIED A HERO JOSEPH JACKSON GAVE HIS LIFE FOR OTHERS.

The Engineer Stuck To His Throttle—Officials Of C. P. R. Present at His, And John Toole's Funeral. Ottawa, Feb. 12.—The funerals of John O'Toole, bar-wagonman, and Joseph Jackson, engineer, killed in the C.P.R. Sand Point wreck, took place today, and were largely attended. Officials of the C.P.R. were present, and the company also sent wreaths. Mr. Jackson's funeral was especially large, the public sympathy being increased by the fact that he died a hero's death, it being plainly evident that he could have jumped and saved his life. He stuck to the throttle and saved other lives. Mr. Toole's obsequies were conducted by Father Whelan, of St. Patrick's church, and Mr. Jackson's by Rev. W. R. Read, of St. Luke's church.

INCIDENTS OF THE DAY. Local Notes And Also Things in General. J. J. Haines, Belleville, is seriously ill. Just to the taste, maple syrup and butter. Crawford's. A mild spell cannot come any too soon. Brothers' home-made is the best bread that can be made. Just to the taste, maple syrup and butter. Crawford's. Quinn & Penne will buy straw and grain at reasonable prices. Col. Drury may be sent to Japan as a Canadian military attaché. The moving pictures matinee on Saturday should attract a large audience. It will keep you warm, not too warm, but just right, our maple syrup. Crawford's. Next to being a literary person most any woman would rather have her son lead the singing in church. Just to the taste, maple syrup and butter. Crawford's. The funeral of the late Nelson Robinson has been postponed until Monday afternoon, when his brother, Norman, will have arrived from Calgary, N.W.T. Hickory nuts are just what they're cracked. Crawford's. A line of boys' three-piece suits, sizes 28 to 34, will be put on sale tomorrow morning, at our thirty days' surprise sale, for \$2.50. These goods are well made and trimmed, and are usually sold at \$4 and \$4.50. Koney & Co. Maple syrup and butter. Crawford's. The civic fire and light committee met in secret session yesterday and discussed the subject of the acquisition of the plant of the Light, Heat & Power company. The members did not have any information to give to the press.
