The Medicine that has Cured the Ills of a Million Women is Lydia E. Pinkham's Vegetable Compound.

STERILITY

How shall a mother who is weak and sick with some female trouble bear healthy children? How anxious women ought to be to give their children the blessing of a good constitution? Many women long for a child to bless their home, but because of some debility or displacement of the female organs, they are barren. Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound more successfully than by any other medicine, because it gives tone and strength to the parts, curing all displacements and inflammation. Actual sterility in woman is very rare. If any woman thinks she is sterile, let her write to Mrs. Pinkham, Lynn, Mass., whose advice is given free to all expectant or would-be mothers. The medicine that instantly asserts its curative powers in the ills of women is

Lydia E. Pinkham's Vegetable Compound.

Read These Two Remarkable Cures. "DEAR MRS. PINKHAM:—During the early part of my married life I was very delicate in health. I had two miscarriages and both my husband and I felt very badly as we were anxious to have children. A neighbor who had been advised me to try it, and I decided to do so. I soon felt that my appetite was increasing, the headaches gradually decreased and finally disappeared, and my general health improved. I felt as if new blood coursed through my veins, the sluggish, tired feeling disappeared, and I became strong and well. "Within a year after, I became the mother of a strong, healthy child, the joy of our home. You certainly have a splendid remedy, and I wish every mother knew of it. Sincerely yours, Miss Anna Porra, 610 Park Ave., Hot Springs, Ark."

"DEAR MRS. PINKHAM:—I was married for five years, and gave birth to two premature children. After that I took Lydia E. Pinkham's Vegetable Compound, and it changed me from a weak, nervous man to a strong, happy and healthy wife within seven months. Within two years a lovely little girl was born, which is the pride and joy of our household. If every woman who is cured feels as grateful and happy as I do, you must have a host of friends, for every day I bless you for the light, health and happiness your Vegetable Compound has brought to my home. Sincerely your friend, Miss Mae P. Wray, Flat 31, The Norman, Milwaukee, Wis." See Northshore Oratorical Society.

A Little Child's Apron That Looks Well.

Every mother knows the comfort of having aprons for little children.
