A HEALTHY OLD AGE

The Goal of Every Man's Ambition

THOUSANDS of human beings are suffering under the burden of a staid, premature old age, because of diseased kidneys. These organs once diseased give out to all parts of the body a deadly slow-acting poison. The face loses its color, the eye its luster, the brain its ambition, and the muscles their energy, and many of the most troublesome ailments result.

Bu-Ju cures all forms of kidney trouble, and restores back youth and vigor by rooting out the evil. It is a never-failing cure for every form of kidney ailment. It cures rheumatism by eradicating the cause of rheumatism, kidney disorders. If you are suffering from any form of kidney trouble, commence taking Bu-Ju, The Kidney Pill, at once. You cannot afford to neglect the many symptoms that point to diseased kidneys.

Bu-Ju, The Kidney Pill is for sale by druggists generally, or will be forwarded by mail on receipt of price, 50 cents per box.

Everything New and Up-to-Date in Tailor-Made Skirts. Our Representative Miss R. McNamee, 97 Wellington Street, has a Complete Range of the Latest Spring Materials. Every Skirt Positively Guaranteed.

CHURCH WORK.

EMPEROR WILLIAM SENT FIFTY GUINEAS.

Decline in Candidates For Ordination—Calls Given and Resignations Accepted—The King's Order.

A joint missionary convention will be held in San Francisco from April 28th to May 1st. The Hamilton presbytery refused to sustain the call of Rev. John Muir from Grimsey to Mimico.

The best preparation for trials is a life of faith and constant course of self-denial—Richard Baxter. Rev. William Major has been engaged to succeed Rev. W. L. Armitage, as rector of All Saints' church, Peterboro.

The resignation of Rev. Ralph Trotter as pastor of Adelaide street Baptist church, London, Ont., has been accepted. The Hamilton presbytery will support Dr. William Falconer, of Pictou, N.S., for the office of moderator of the general assembly.

Y.M.C.A. work has begun in Havana, Cuba. The members of the New York branch have contributed \$1,000 in support of the work. The present Executive of the International C.E. will be held next year in Baltimore, as originally arranged, with 50,000 expected delegates.

Rev. Dr. Wilkie, who was for over twenty years a missionary of the Canadian Presbyterian church in Indore, India, will go back to India. The German emperor, who is an annual subscriber to the B. and F. Bible Society, has forwarded fifty guineas to the centenary fund.

Rev. Charles Martin Niles, D.D., rector of St. Paul's church, Ossining-on-Hudson, has accepted a call to the rectorship of Trinity parish at Columbia, South Carolina. J. Hudson Taylor, one of the founders and for half a century the leader of the China Inland Mission, has tendered his resignation. B. E. Hoste is every sign of progress in the arrangements towards the union of the three English Methodist bodies—the United Methodist Free church, the Bible-Christians, and the Methodist New Connection.

After being over two years without a rector, St. David's Reformed Episcopal church, New Edinburgh, has accepted a call to Rev. Mr. Hubly, of Christ church, Montreal. He has accepted. The presbytery, of Hamilton, has sustained the call to Ancaster and Alton, given to Rev. J. J. McNamee, of the Owen Sound presbytery, as well as that of Rev. D. M. Buchanan, of the Lanark and Perth Presbytery to Jarvis and Walpole.

It is officially announced that the king has been pleased to receive the ancient office of chaplain to the Edinburgh garrison, and to appoint thereto the Rev. Theodore Marshall, D.D. Dr. Marshall is son of Lord Curriehill, the Scots judge. He was formerly minister of Perth. Rev. T. S. Chapman, Episcopal vicar-general of Marquette, Quebec, is a veteran who has lived in four reigns those of George IV., William IV., Victoria, and the present monarch. As a boy he joined the ranks of the church for King William. He is eighty years of age and has been a resident in Canada since 1849.

During the last year the Church of England raised for the voluntary offerings of its members close upon £7,000,000, but of this enormous sum only some £180,000 was devoted to the endowment of the "starvings" which most beneficently have become. Yet a million and a half was spent on church fabrics and fittings. The completed list of ordination in the Church of England shows that there is a still further decline in the number of candidates offering themselves for ordination. The decrease, for example, who numbered in 1894, as many as 721, having now shrunk to 567. In England and Wales there are 1,492 livings, with an average income of £65, and 3,794 of an average value of £150.

STATE OF SIEGE.

A Wild Cat Stood Outside The Door.

Altoona, Pa., March 12.—Fifty children of the Bear Books school, in Dean township stood a siege of nine hours while a catamount, full grown and vicious, remained on guard in the boughs of a maple tree near the school-house door.

The school held its first session in several months yesterday, the thaw having opened the mountain roads. The last lad who arrived discovered when a short distance from the door that he was being trailed by a catamount. He rushed into the building, bolted the door and told the news. Benjamin McCartney, the teacher, smiled, but when he looked out of the window and saw the beast crouched in the boughs of the tree his amusement changed to alarm. The programme arranged for the opening was followed, but by eleven o'clock the programme had been carried out, but the catamount was still awaiting its prey. Shouts for help from cautiously opened windows merely served to enrage the beast.

Noon passed and the catamount still held its strategic position. When the sun began dropping in the west the scholars fell into panic. Finally their cries reached Andrew Russell, a farmer, who was returning from this city. With a revolver he ran to the building and saw the beast. His first shot wounded it, as it leaped from the tree. A second shot reached a vital spot, as the animal tore the coat from his back.

Based on his back. The catamount, but had to be almost entirely supplied with clothing before he was able to cross the mountain. Cigarettes. Chicago Record-Herald. The use of cigarettes by women appears to be ever on the increase, remarked a Chicago dentist.

"Among my patients is a society woman who had very pretty teeth. I found that she was spoiling the beauty of her teeth by the excessive use of cigarettes. I told her that she would have to stop smoking or sacrifice the charm of one of her most attractive features. "She said smoking was not uncommon among women who played bridge whist, while many of the younger set dabbled with the cigarette habit, though they had not yet become what might be termed cigarette fiends. I think that women often regard the cigarette as becoming; they imagine it gives a smart touch that is fascinating. But when shown that it is a question of a pleasant-smelling beauty, it is generally beauty that wins.

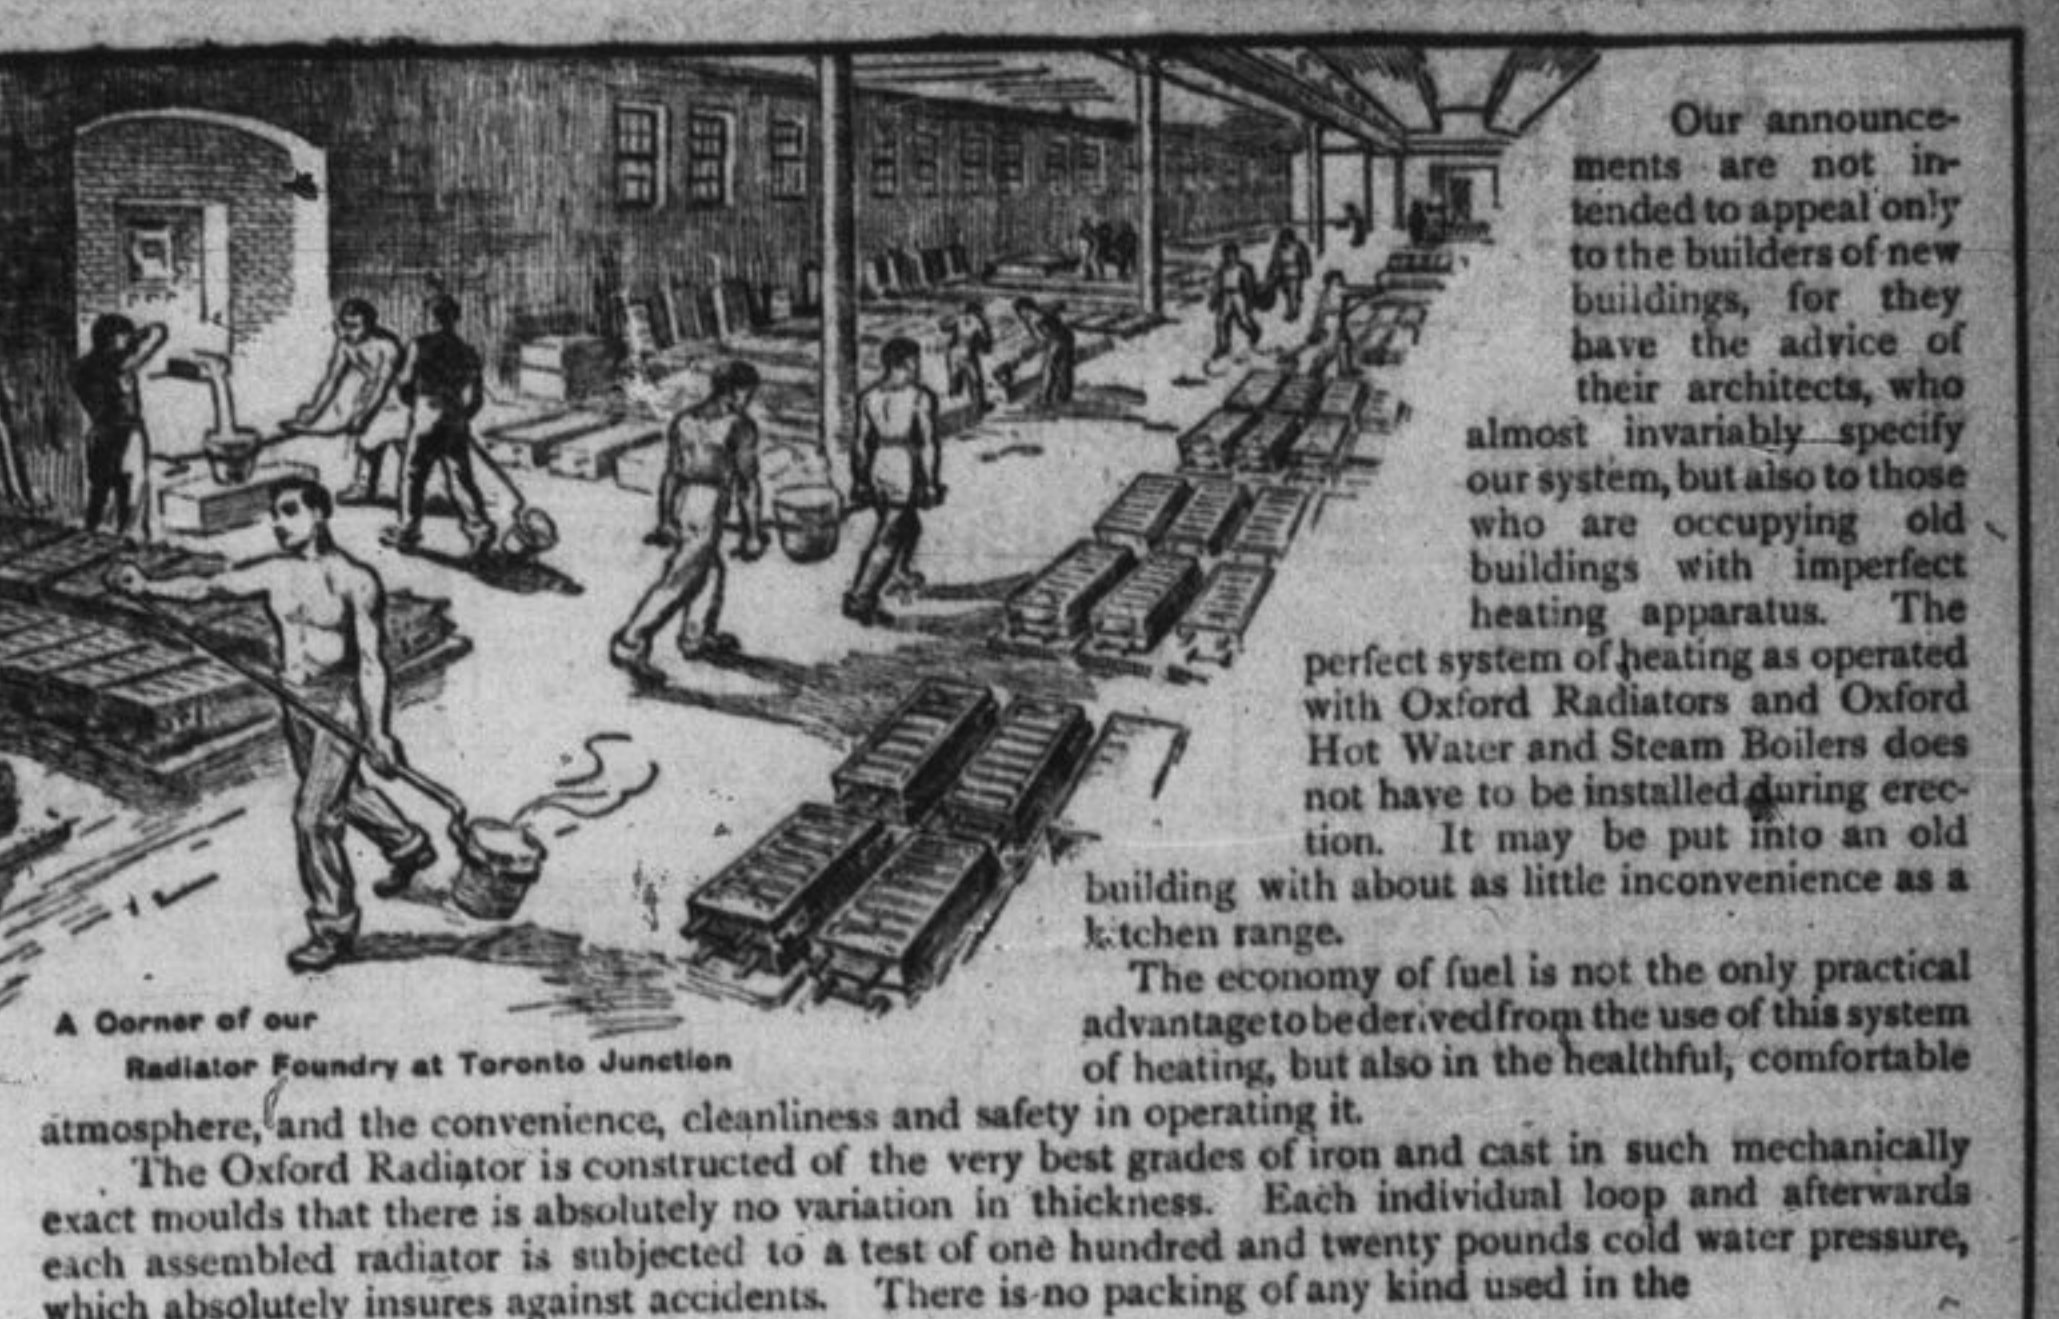

Surprising Poker Hands. There is a story of interest to card-players sufficient to cause their eyes to bulge out of their sockets told by the head of a Toronto household, according to the Star, which occasionally indulges in the festive game of poker simply for amusement. The other night while innocently playing for buttons the following hands were held by five of the eight players: straight, four in a club flush, ace high, a royal flush, and a spade flush, ace high. The news of this phenomenal run of the cards in a poker game is exciting mingled emotions among those who play the alluring game of "draw" for money. They are wondering what would have happened to four of the holders of those hands if they had not been playing for "buttons."

Ladies—Special bargains in corsets. Have a look at our stock. New York Dress Reform. A Sudden Stroke of Paralysis. Only Results After Months or Years of Nervous Exhaustion—There are Always Symptoms to Give Timely Warning.

It is a great mistake to imagine that persons of robust health and good vitality are suddenly seized with paralysis. All nervous diseases are slow in coming on, and for this reason the victim often does not realize his danger until overtaken by prostration or paralysis. Loss of interest in life, sleeplessness, irritability, failure of memory, inability to concentrate the mind, muscular weakness, indigestion, headache, twitching of the nerves, feelings of depression and despondency are among the symptoms which tell of an exhausted nervous system and the approach of paralysis.

Dr. Chase's Nerve Food stops the wasting process by which the nerve cells are being destroyed and forming new, rich blood and creating new nerve force positively and permanently restores the nervous system. There is no other way in this world by which nervous exhaustion can be overcome and prostration and paralysis prevented.

Stimulants and narcotics merely hasten collapse. Restorative treatment is necessary. The process of reconstruction is necessarily gradual, but you can be absolutely certain that every dose of Dr. Chase's Nerve Food is doing you lasting good. It is your duty to study your symptoms and prevent the dreadful results of neglected nervous diseases. Mrs. Thomas Hall, 3 Sixth street, Kingston, Ont., and whose husband is employed in the locomotive works, states: "I have suffered a great deal with dizziness. These spells came over me quite frequently, and I think the trouble arose from indigestion. After a course of treatment with Dr. Chase's Nerve Food I have been entirely freed from this distressing symptom and I feel better and stronger than I have for years. I can heartily recommend Dr. Chase's Nerve Food, as it has undoubtedly been a great boon to me."

Our announcements are not intended to appeal only to the builders of new buildings, for they have the advice of their architects, who almost invariably specify our system, but also to those who are occupying old buildings with imperfect heating apparatus. The perfect system of heating as operated with Oxford Radiators and Oxford Hot Water and Steam Boilers does not have to be installed during erection. It may be put into an old building with about as little inconvenience as a kitchen range.

Oxford Radiators. The connections are made by our exclusively controlled Oxford Push Nipple—the only iron-to-iron radiator connection on the market. We can supply the screw nipple used on other radiators, but strongly advise against it as its life depends on the paper gasket or washer which it necessitates. The Oxford Hot Water and Steam Boilers are constructed to meet every demand that may be made on a heating system. The draw-out grate makes it possible for you to make repairs to the grate without the assistance of a mechanic. The construction of the firepot is such as to waste a minimum of coal, and this slight waste is taken care of by the ash sifter in the base of the boiler, which is as easily operated as the shaking of the grate. The low height of the Oxford Boiler makes it suitable for acres of fuel and keeps the building at an even high temperature. Our entire plant at Toronto Junction, covering many acres of ground, is devoted entirely to the manufacture of Oxford Hot Water and Steam Boilers and Oxford Radiators. We would like to send you some of our booklets about the Oxford system of heating—they tell the whole story.

The GURNEY FOUNDRY CO., LIMITED

Toronto, Montreal, Winnipeg, Vancouver.

FROM THE COUNTRYSIDE.

One Operation. One Station, March 10.—Rev. C. J. Young held Lenten services in Christ church last week. S. C. Bourk has purchased a car-load of hay. Professor Fecto held a show in the "Treatise Facts" hall on the 4th, Mr. and Mrs. Wash Bishop and Mrs. Donald Lynch have returned from visiting friends in Winchester. Joseph Chambers paid a flying visit to friends here. The farmers are still cutting and hauling wood to the railroad. Albert Bourk had the misfortune to stake one of his trotting horses.

Sealey's Bay Budget. Sealey's Bay, March 10.—The thaw has rendered the roads nearly impassable and has blocked the mail service. There has been no mail received here from Kingston since Tuesday. The stages expect to resume their regular trips Thursday. It is reported that the old reliable stage driver, Fred Stafford, has secured the contract to carry the mails from Kingston to Westport, commencing April 1st. H. F. Gilbert is moving into his new home this week. Samuel Stevenson, having disposed of his farm, is taking up residence in the village, having moved into the house owned by T. Moore, on Bay Street. Thomas Berney and sister, Miss Agnes Berney, Rosevean, Man., former residents of this place, are visiting friends and renewing old acquaintances here and vicinity. Mrs. W. J. Chapman, Perth, is visiting here. The patrons of Gilt Edge chowder and butter factory will hold their annual oyster supper in the Masonic hall on Friday evening, March 11th. Brackets Brady, Winnipeg, is visiting friends here and vicinity.

Programme By Young Men. Deseronto, March 10.—On Tuesday an entertainment was given in the Sunday-school rooms of the Methodist church by the young men of the Epworth League. Solos were given by Messrs. A. Gilmour, Gilmour and Hensley, and music on all kinds of instruments by other members. No one of the female sex was allowed to take part in the programme. The refreshments included taffy, made by Mrs. Stafford. Mrs. A. S. Vallau is visiting friends in Belleville. Miss Jessie Lane, Nanapan, spent Sunday with Mrs. William Lee. Mrs. S. Wales, Nanapan, is visiting her mother, Mrs. Brown. On account of the rain storm last Thursday the carnival at the military opening in Toronto, returned home Saturday. Miss Ellen Slaven left on Sunday to visit her uncle, Mr. McKenty, Winnipeg. Mrs. Stewart is slowly recovering from her serious illness. The girls' guild of St. Mark's church intend giving a concert after Easter.
