LAST NIGHT'S EVENT

Was The Real Blood And Thunder Kind.

"The Missouri Girl," billed as the greatest comedy success of the season, played to a somewhat scarce audience at the Grand Opera House, last evening. The performance throughout is of the prescribed comedy type, there being, of course, a good looking villain, who had a very blood-thirsty and revolutionary manner. There was one murder and several more attempted, and the curtain dropped on the last act on a scene where the villain tries to blow all his friends and relations into eternity with a stick of dynamite, but is, himself, the victim. The comedy part of Zebe Dobson, a farm hand, was creditably taken by H. J. Shrewsbury, while Sadie Raymond, who played the title role, was good at times. Considerable economy was practised in the use of actors as each member of the company, excepting the leading characters, appeared in more than dual roles.

Is Not Suitable.

The minister of militia went Saturday to Sharbot Lake to inspect a tract of land in that neighborhood which the Ontario government is ready to present to the militia for use as a central camp. The site, however, has been found to be wholly unsuitable either for cavalry or infantry. The site of Kasabonka, in the Gattineau district, is a very good one, and has Lord Dundonald's strong endorsement. Sir Frederick Borden, however, has not yet approved it.

Try coffee noggs at Gibson's Red Cross Drug Store fountain. Daniel Staley, of the Queen's hotel, this city, has sold his farm of 106 acres on Wolfe Island to Daniel Taggart, of the latter place.

Ayer's Hair Vigor. Only 35¢. Your gray hair makes you look 20 years older. No need of this old age. Restore the color. Keep young.

SPORT REVIEW.

Notes On Baseball And Various Other Sports.

Montreal is waiting anxiously for the arrival of First Baseman Bill Clancy. The Ontario Lawn Bowling tournament will be held at Niagara on July 24th.

Wagner leads the National Baseball League in batting with a percentage of .462 for ten matches.

Now that baseball weather has at last struck this city it would behoove the local fans to get busy and put a team in the field.

Harley Davidson, who has been coaching the University of Pennsylvania team, has left for Brantford, with reference to his re-engagement as a trainer.

The baseballer who has made the greatest sensation is Devin, late of Newark, now of the New York Nationals. The fans are crazy about him, and all say he is a wonder.

George Conditse wants to back "Young Corbett" against James Edward Britt. He is willing to put up \$5,000 on the issue, and has sent word to Britt's manager to that effect.

Manager Atherton of Montreal was the first Eastern Baseball League player put out of the game this season. He was ejected by Umpire Egan, on Saturday for questioning a decision.

It is worthy of note that while King Edward and Queen Alexandra were visiting the Dublin race course on Saturday their representative in Canada, Lord Linto, was a visitor at the Woodbine.

The Montreal Gun Club will journey to Ottawa on May 21st, to compete against the Ottawa Gun Club, for the Montreal challenge trophy which the Ottawa Club won at Montreal on Good Friday.

Robert J. Turner, the president of the Essex County Club, of Newark, intends taking a team to Nova Scotia for a two weeks' tour in July. Several prominent Philadelphia, New York and Boston cricketers have promised to make the trip.

Sunday baseball in Brooklyn has been declared legal in a decision handed down by Judge Gaylor. At the same time the several ball players and officials at the Brooklyn Park, who were arrested on the test case a week ago, were discharged from custody, the justice saying that the police commissioner had extended his authority in causing the arrests.

The Fifth Avenue baseball team, captained by Con. Millan, has challenged the Bowery team, led by William Dunigan, to a sudden death game, the loser to supply two barrels of flour to the House of Industry. The teams had their first work out on the road in front of the City Hall last night.

Con. Millan who is a member of the sports department of the 24th May celebration committee, has received several letters from out-of-town baseball teams, asking for a game here on the holiday. The Ganoaks, of Gananoque, will organize this week and expect to put a good team in the field. They offer to guarantee the local team the same amount of money for a return game on the 1st of July as would be the visiting team's share of the gate receipts here. Deferri, N. O. Y., has also written offering to come for the holiday for \$50. Renfrew is still anxious, and will come for \$15, and railroad fare for four men.

A meeting of the sports committee is called for this evening at the Iroquois. Con. has also received a letter from the Rangers B.C. of Rochester, who played here last year under another name, asking what arrangements can be made for a series of games with a local team during the month of August.

Baseball On Tuesday. Eastern league—At Baltimore, 9; Montreal, 3. At Newark, 2; Toronto, 3. At Jersey City, 7; Buffalo, 4. At Providence, 6; Rochester, 1.

National league—At Boston, 4; New York, 0. At Philadelphia, 3; Brooklyn, 6. At Chicago, 15; Pittsburgh, 3. American league—At New York, 3; Washington, 2. At St. Louis, 2; Chicago, 1. At Boston, 4; Philadelphia, 2. At Detroit, 2; Cleveland, 10.

PERSONAL MENTION.

Movements of The People—What They Are Saying and Doing.

FIRE IN MACDONALD PARK LATE LAST NIGHT.

Some Young Men Created a Great Hubbub—Twenty-Two Windows Smashed in Emily Street Residences.

At a quarter past ten o'clock last night, a tremendous cannon roar broke over the city, shaking houses, breaking windows and causing fright with some and wonder with others. The half past nine o'clock gun from the city couldn't imagine what the matter was. The telephone office was kept busy for half an hour answering questions relative to the strange cannon outburst, and after that time was able to inform the eager enquirers that one of the cannons in Macdonald Park had been fired off by some mischievous persons, and that many windows in Emily street had been broken.

The cannon fired was the one near the water's edge at the foot of Emily street. Last Halloween it was "torn off" the stone blocks on which it then stood, and its muzzle rested on the ground. It has never been re-mounted. The cannon had been filled with a goodly supply of powder against which was placed a towel and lastly a lot of small stones. This mixture of combustion had been touched with a sort of fuse, likely a long one. And it was done at a room that would wake even a native of Belleville. On Emily street there was a simultaneous clatter of glass, as twenty-two large panes in the residences of Henry Folger, James McFarland and F. Albee were displaced by the terrific shock which rocked the ground and buildings more severely than would an ordinary earthquake.

Henry Folger is at present quite ill, and the tremendous shock was very disturbing to him, as well as to many in the General Hospital, not far off. There was a noise at Mr. McFarland's house, and some of the men rushed out to see what the matter was. They thought some powder had exploded somewhere in the park, and did not think of the "cans," at first. A lantern was got and very soon the cause of the noise was discovered. No one was directly at hand to admit having done the firing, but Mr. McFarland and others saw some persons living down among the bushes further up in the park. They did not think at the time of investigating, but doubtless the others in the deed were the ones in hiding.

The cannon was hurled back by the explosion and sits in an upright position, only it is still off the stone blocks. In front of it, on the ground where the muzzle rested, is a large burned spot. Some of the stones used are strewn about the grass and their marks are very plain on the bench in front. The cannon gives clear evidence of its night action.

The deed is not placed to small boys, but laid at the door of some very prominent persons whom the police are enquiring about. No gun cotton was used. However, the piece of towel in the possession of the police may serve as a clue.

Most people were under the impression that the gun in the parks were plugged, but such is not the case. Only some of them are put out of commission. The fuse holes of many of them used to be plugged with putty, but boys have cut most of that out. Twenty years ago, when the medical student of Queen's set off one of the big Crimean war guns in the centre of City Park, they were plugged against further action. No doubt care will now be taken to have all the guns rendered safe against such an act as that committed last night.

The firing of show cannons is an old-time diversion of able-bodied children in Kingston. The Russian guns in the park were fired several times. On one occasion they were trained upon the residence occupied by Sheriff Ferguson, with very painful results to the windows. Spiking the guns, not a stop to the perennial sport. Still earlier in history, in the sixties, there were riskier acts of this order. A line of cannon commanded the harbor, from the market battery, in front of the city hall, which fortification was demolished during the regime of Hon. Alexander Mackenzie. Though a guard was stationed there, with a sentry on post, three young Kingstonians scaled the walls, loaded the guns, attached a time fuse to each and escaped. The reports followed in one, two, three order, and a much-alarm'd crowd turned out to await the sharp reprimand of the commandant, to which they knew would come to them.

When Knighthood Was In Flower. "When Knighthood Was In Flower," the romantic play dramatized from the popular novel by Paul Kester, will be presented at the Grand opera house on Thursday by Frank L. Perley's company. It is promised that Mr. Perley has engaged a most competent company to support his two clever stars, so the performance may be said to be given by practically an all-star cast. William Crosby, the actor and actress, have been chosen for their peculiar fitness to portray correctly the part for which they have been assigned. Much interest is being centred upon the performance here.

To Piano Purchasers. Two handsome Nordheimer pianos are on view at Kirkpatrick's art rooms, 139 Princess street. Addison A. Pegg, the company's travelling representative, is in the city and would be pleased to meet any intending purchaser at a liberal allowance made for old instruments taken in exchange.

Holding Classes. The department of mines has arranged for a summer mining school for working miners and prospectors. Meetings will be held at the mines, and lectures will be given by Dr. Goodwin, of the Kingston Mining School, and J. W. Bain, of the School of Practical Science, Toronto.

A Seasonable Experiment. To away with flies in milk weather by using Clark's pork and beans. You'll save money on a heap of fussing. W. Clark, manufacturer, Montreal.

A Guaranteed Cure For Piles. Itching, blind, bleeding or protruding piles. Your druggist will refund money if Pazo Ointment fails to cure you in 6 to 14 days. 50c.

Blood Poison Often Results. From biting corns with razors. Wipe people use Putnam's Painless Corn and Wart Extractor, the standard cure of America and Great Britain for all warts and bunions. Use only Putnam's.

Ladies Like The Art Shoe. We find this shoe is going to lead the trade for fine wear, and price is moderate. At Abernethy's shoe store only.

Felix O'Reilly, of the gas works, will shortly leave with his family for Vancouver, where they will reside permanently. Flake moth camphor to sprinkle with furs. Gibson's Red Cross Drug Store.

MARINE NEWS.

BRANSON PASSED UP SOULANGES CANAL.

The Ice Jam At The Foot Of Cedar Rapids Has Given Way—Steamer Bothnia Arrived From Lachine—Vessels in Port. Navigation between Kingston and Montreal by way of the Soulanges canal was opened on Tuesday, says the Montreal Herald, when a portion of the ice jam at the foot of the Cedar rapids gave way. Mr. Sauve, the superintendent of the canal, reported that just enough of the ice had given away to permit a channel for the boats. Seven boats were waiting in the canal to get through to Montreal, and started to come down. The steamer Branson, of the Montreal Transportation company, with two barges, was the first steamer to go up the canal. It is expected that the remainder of the ice jam will give way within a day or two.

Movements of Vessels. Craig's wharf—Steamer Persin arrived down on her first trip. Swift's wharf—Steamer Rideau King arrived from Ottawa this evening. The schooner Clara Youell cleared from the Grove Inn wharf for Oswego, and the schooner Luff is loading stone at the penitentiary wharf for Toronto. The schooner Fleeting clears this evening from Soward's wharf for Sodus.

The steamer Simla has arrived at Garden Island with timber from Toronto. The schooner Eliza White could not class and as a consequence will not go out this season. The steamer Bothnia arrived from Lachine at the M.T. company wharf, and to-day received some slight repairs. She is to clear for Oswego to load coal.

It is altogether probable that the steamer Niagara, when fitted up, will engage in the excursion business on the bay, lake and river, during most of the season. The steamer Calvin with the consort's Ceylon and Augustus, and the steamer India with consort Burma left Garden Island last night for the region of Sault Ste. Marie to load timber.

Upon the departure last evening of the steamer Valeria (Capt. Dick, master), for Gananoque, to resume her summer trips between that town and Clayton, N.Y., a cannon was fired from Macdonald Park in honor of the event. The captain expects a very prosperous season on the r.v.r.

INCIDENTS OF THE DAY.

Local Notes, and Also Things in General. Finest seed potatoes. Crawford's, Mahogany tables to-morrow by Mills. There was a blank docket at the police court this morning.

Harrison company's new furnished rooms are open for visitors. The meeting of the grand council of the C.M.B.A. will take place in Kingston on May 17th. It was to have taken place earlier but had to be postponed.

At a meeting yesterday of creditors under a recent assignment, a resolution was passed to institute criminal proceedings against the insolvent for falsifying of books and with holding money.

Military exhibition of swell New York hats to-morrow at Crumley's. All welcome.

A prominent citizen declared to-day that he didn't hear the gun report last night, and declared that as a proof of his clear conscience. He must have Belleville blood in his veins if he could sleep so peacefully.

A charming and exquisite comedy is "The Tyranny of Tears," by Haddon Chambers, which will be produced here on Saturday night by Mr. Reeves-Smith and his excellent company. Mr. Reeves-Smith is no stranger in Canada.

The Master Mechanic's Pure Tar soap heals and softens the skin while promptly cleansing it of grease, oil, rust, etc. Invaluable for mechanics, farmers, sportsmen. Free sample on receipt of 2c. for postage. Albert Toilet Soap Co., Mrs., Montreal.

Invitations are out for a dance to be held in Turner's hall, Gananoque, on Friday evening next. It was remarked of this morning that if the young men of our neighboring village showed the same hospitality to Kingston visitors as do the other residents of the town their efforts at entertaining would be more appreciated.

Ask for a maple walnut sundae at Gibson's Red Cross Drug Store fountain.

Anthony McGuire, cattle dealer, says that spring lambs are a very scarce article this season and it is very difficult for him to secure enough to supply the regular trade. He has travelled during the past two weeks over the adjoining counties and had to pay at the rate of 85 each for some that he could have got last season at half that figure.

In May National Magazine appears the first paper on "New Dawns of Knowledge," a series of six, discussing recent investigations by scientific men. The author, Michael A. Lane, is a brilliant social philosopher. Frederick Lawrence Knowles is declared to be the New England's Poet Laureate, and recent poetry is printed to substantiate the claim. Dr. Poultney Bigelow's "German Emperor as Sovereign and Man" is a high tribute to William the Peace Lord as an industrial promoter.

Special Services. Interest in the special services in Bethel church is growing. Last evening the attendance was considerably larger than on Monday night. Mr. Morden's subject was "Regeneration of the New Bible." He showed from the inspired Word that all were born into this world with a sinful nature and that for all who would, the Kingdom of God to be born again, born from above was an absolute necessity. The singing was very hearty and, as might be expected, the selections rendered by Mr. Tomkins, were attractive features of the service.

They are dispensing the finest ice cream sodas and sues at Gibson's Red Cross Drug Store I ever tasted, said a traveller yesterday.
