Heard The Report. Wolfe Island, May 9.—The report of the cannon fired one evening last week at Kingston alarmed the island, many thinking that it was a shock of earthquake. The citizens of Cape Vincent, N.Y., were also astounded at the report.

Capt. Crawford, who will be master of our new ferry, is in Toronto, where he will remain until the completion of the boat. Rumors have been going abroad that it was condemned. The revee, who returned from Toronto last week, states that she will be one of the staunchest boats that ply these waters and will be ready for navigation by June 1st. Word has been received from the government that no grant could be given for the new boat.

PROTEST IN NEWBURGH. Over The Unfair Equalization of Assessments. Newburgh, May 10.—The political hatchet in municipal affairs in the village has again been dug up, and a large number of the ratepayers are roused up with righteous indignation over the assessment roll recently returned to the village clerk by the assessor. The assessor has not equalized his assessment, for instance, a handsome white house in the village, for which \$700 was paid, is only assessed for \$350, while another house on Main street, for which \$650 was paid is assessed for \$600. That is but a number of large assessors who have been entered and the assessment roll is the all-absorbing topic among the people. The liberals are the men whose assessments are raised while that of the conservatives are lowered. It does indeed look as though the conservative voters are trying to keep the village going by making the liberals pay the taxes. The village is going down fast enough, but it certainly will go down faster if such an outrageous piece of work is perpetrated on the ratepayers.

Mr. Hedleigh of Sudbury has been appointed successor to H. S. Mott, principal master of the N. H. S., who leaves on Monday to accept the principality of Ryerson public school in Toronto. William Shorey, eldest son of the late R. C. Shorey, arrived here on Sunday from California, where he spent the last eighteen months. He is visiting his brother J. J. Shorey, who is in Kingston. The remainder of his stock to be sold by auction. Miss Lena Madden spent a few days last week with Mrs. P. W. Brown, Sydenham.

The funeral of the late Michael Murphy on Wednesday was largely attended. Rev. J. F. Meera was taken suddenly ill on Saturday night, but recovered sufficiently to take his work on Sunday. Miller, B.A., classical master of the high school has been appointed examiner for the entrance examination, at Bath.

HALF STARVED. Although They Are Well Fed. Such an anomalous state of affairs naturally excites curiosity. It is quite possible to amply feed but not well nourished. For instance, thin people have a voracious appetite, yet are seldom satisfied, and if the truth were known they live an existence of semi-starvation. It is not the quantity of food eaten that makes firm flesh and bodily strength; its what we actually digest and assimilate, so that the happy medium between the very thin and the unduly stout is good health. Thin people can't become fat unless the stomach and digestive organs are made to do their work properly. In all the range of medicine probably no remedy accomplishes such marked results as Ferrozone, which is noted for its promptness in restoring disordered digestion and diseased stomachs. Food is at once transformed into the kind of nutriment that is appropriated by the blood and tissue, resulting in the formation of hard, firm flesh. You will have a sweet stomach and enjoy your meals. Everything will be digested and assimilated and contribute to the welfare of the body and blood. Ferrozone is a wonderful restorer. It contains more actual nourishment and strengthening elements than you can get in any other way. It develops a quiet nervous organization, a healthy stomach, a strong heart and a normal amount of flesh and blood. Disease is uprooted, and one's physical condition is kept up to the proper defensive standard. Nature's best remedy for thin, weak pale people is Ferrozone, which is both a tonic and a food that creates vigor, complexion, spirits—in a word health. Price, 50c. per box or six boxes for \$2.50, at druggists, or by mail from The Ferrozone Company, Kingston, Ont. Ferrozone Assures Health.
