NOT A FACT!

That Kuroki Has Been Severely Repulsed

RUSSIANS' ACT

COMPELLED THE JAPANESE TO RETREAT.

Four Bayonet Charges Made Against the Japanese—Skrydloff Has Gone To Vladivostok —It is Likely Squadron Will Dash For Port Arthur.

Special to the Whig. London, May 21.—So far as can be judged from the news, thus far received here, the St. Petersburg rumor of the repulse of Gen. Kuroki with great loss is untrue, and is based on the engagement of May 18th, reported by Gen. Kouropatkin, which was little more than a skirmish. The fact seems to be that no important information is more likely to be available now than hitherto, either from the Russian or Japanese side until the commanders have had the final say. Two or three special correspondents with the Russians send colorless messages which throw no light on the situation.

A despatch to the Central News from Harbin states that Admiral Skrydloff has left Harbin for Vladivostok. The correspondent adds that the five cruisers and fifteen destroyers of the Vladivostok squadron will probably make for Port Arthur.

Russian Cruiser Lost. Tokio, May 21.—A trustworthy report has been received at imperial headquarters that the Russian cruiser Bogatyr ran ashore outside Vladivostok in a heavy fog and was destroyed. This is the first ship of the Vladivostok squadron to be destroyed.

The Russians Are Gleeful. St. Petersburg, May 21.—An official report has been received from the Gen. Gannenkoff's Cossack fell on the Japanese column advancing on Feng-tang-cheng, on Wednesday, and that the Japanese were compelled to retreat for a distance of twelve miles. The Russians expected Kitapin (or Kaichou) about thirty-five miles south of New Chang without a fight.

The general staff attaches great importance to the Russian success against the western wing of the Japanese host, believing that they have outflanked a movement that was destined to circumvent Gen. Kouropatkin. The newspapers treat the engagement as a great victory. They say that the Russians made four bayonet charges against the Japanese.

Admiral Alexieff has telegraphed to Grand Duke Alexis a despatch which he received from Rear-Admiral Wigert, on Thursday night, which contains the report that a Japanese battleship, apart from the Port Arthur, was damaged by a mine off Port Arthur on Sunday. Rear-Admiral Wigert writes that after the sinking of the ship Hatsuse and the damage to the other vessels, the Japanese torpedo boats to harass the enemy and should a favorable opportunity present itself to attack the ships separately. Five of the cruisers opened fire with all their heavy guns on the torpedo boats, but the latter returned without loss. The damaged ironclad then disappeared below the horizon with the attendant cruisers escaping from the flotilla.

The admiral stated that there is no foundation for the report that the cruiser Bogatyr has been destroyed. The squadron, the admiralty asserts, is intact at Vladivostok.

A Big Battle. Berlin, May 21.—A despatch to the Tagblatt, from Harbin, says that the Japanese have retired from before Haicheng. A despatch from Harbin, to the Lokal Anzeiger, says that a big battle is expected near Haicheng.

To Have Free Ports. Paris, May 21.—The Echo de Paris says that Russia has decided to make all the ports of her Pacific possessions free. This is intended to meet the objections of the United States and Great Britain to Russia's occupation of Manchuria. The St. Petersburg correspondent of the same paper telegraphs that negotiations are in progress for a rapprochement between Russia and Germany, with a view to an agreement similar to that reached by England and France.

Big Fire in Montreal. Montreal, May 21.—The carriage factory of Bledoux & Co., one of the finest structures of its kind in Canada, was completely destroyed by fire. Loss \$250,000 or \$300,000.

When You Want The Best. Butter, fresh grass, 17c; eggs, 15c. Crawford.

Beautiful soft sponges at Gibson's Red Cross Drug Store.

Alberty's for best value in foot-wear.

MUCH CAPITAL.

Flourishing Co-operation in England.

Special to the Whig. London, May 21.—Nowhere else in the world do co-operative societies flourish as they do in England. If any one were inclined to doubt this statement he would have been convinced of its entire truth had he been present to-day at Stratford, where 2,000 delegates were assembled at the opening of the annual co-operative congress. The delegates from every corner of England and represented no less than 7,000,000 of the population. The aggregate capital of these societies reaches fabulous figures and the profit to the members is very great. In Stratford alone the societies have a membership of 13,000, among whom more than \$125,000 was distributed during the last year.

The congress will continue one week and will be devoted to discussions of the co-operative movement in all its phases. The delegates will also inspect some of the great industrial institutions of the neighborhood, including the Great Eastern railway shops, the Woolwich Arsenal, and the Albert and Victoria Dock.

TO BE PUT IN SHAPE. Napanee Has Made An Addition To Its Park.

Special to the Whig. Napanee, May 21.—The Friday excursions to Belleville and Trenton began the first Friday in June. The Ella Ross, so popular other seasons, is again to carry to carry the excursionists.

George A. Cliff has secured the contract for reconstructing the two stores in the Grange Block recently damaged by fire. The first two stores are almost ready for occupancy now.

One of the frame houses on the park property was, this week removed to Carscallen's property on Water Street, and put in repair for renting. Another of the houses will be removed next week. The park is being put in shape as fast as possible and before long the grounds will be leveled and reseeded, and walks laid through the newly acquired property.

JEWISH UNIVERSITY.

For New York Discussed By Wealthy Hebrews.

Special to the Whig. New York, May 21.—At a meeting of prominent Jews from all parts of the country the plan of establishing a Jewish University on a large scale was discussed at some length and with considerable enthusiasm. Many prominent rabbis and laymen expressed themselves in favor of the plan and it was stated that the object of the movement was to create a spirit for the promotion of Jewish literature in all parts of the country and to educate the teachers of the great institutions of learning in this country and it is expected that it will tend to promote Jewish learning and spread the Jewish religion in the United States.

STAYS WITH GLOBE. Rev. J. A. Macdonald Emphatically Denies Rumor.

Toronto, May 21.—Rev. J. A. Macdonald asked regarding the truth of a report that he was about to resign his position as editor of the Toronto Globe, said: "You have the best authority for denying in the most absolute and unqualified manner all rumors of that kind. My relations with the management and the staff of the Globe have been, and are, of the most cordial nature; and, up to the present moment, nothing has happened to cause the slightest suspicion or strain. Even if the court sent me to jail for contempt, I would return to the Globe, and leave my soul to the imaginative individual who makes a business of originating stupid and impertinent rumors."

World's Press Parliament. Special to the Whig. St. Louis, Mo., May 21.—P. V. Collins, of Minneapolis, president of the National Editorial Association, presided over the concluding session of the World's Press parliament today. Among the distinguished speakers were: Fritz Rotiers, editor of the Chronique, Brussels; Gustaf Gullberg, editor of Tidningen, Stockholm; D. A. van Waalwyk, of Het Nieuwsblad, Amsterdam; and Crosby S. Noyes of the Star, Washington, D.C.

Mr. Sutherland's Health. Ottawa, Ont., May 21.—Mr. Sutherland has left for Woodstock in one of the government cars. There is some talk of his taking an ocean voyage before his return, but it is not to be confirmed by anything Mr. Sutherland himself has said.

Left For New York. Special to the Whig. Toronto, May 21.—N. W. Rowell, K.C., and W. T. Whelan, of Toronto, are for New York to investigate the Soo reorganization for the Ontario government.

HOLLAND BUILDING.

Was Operated At The World's Fair To-Day.

Special to the Whig. St. Louis, Mo., May 21.—The Holland building at the World's Fair was formally dedicated to-day with addresses by President Francis of the exposition, G. H. Ten Broek, the Holland commissioner and others. The building is one of the handsomest edifices of any of the foreign buildings at the exposition. It is an exact reproduction of the Rembrandt house just outside Amsterdam. A garden of tulips, geraniums and other flowers has been laid out in the formal style of Dutch houses in rectangular flower beds. The inside of the house is divided into two rooms, one of which contains Rembrandt's famous masterpiece "The Night Watch."

BLEW HER UP.

To Prevent Vessel Falling Into Japanese Hands.

Special to the Whig. London, May 21.—A despatch to the St. James Gazette from Kobe, Japan, dated to-day, after confirming the report of the stranding of the Russian protected cruiser Bogatyr, on the rocks near the entrance to Vladivostok adds that the Bogatyr subsequently was blown up by the Russians to prevent her falling into the hands of the Japanese.

Were Near Port Arthur. Tokio, May 21.—An official despatch from Vicroy Admiral Togo reports that the Japanese gunboats and torpedo destroyers reconnoitred toward Port Arthur yesterday, steaming close to the entrance to the harbor. They sustained little damage from the fire of the shore batteries and despite a hot cross-fire there were no casualties.

Japs Approaching Mukden. St. Petersburg, May 21.—A report wired to the Russian capital to-day says that a detachment of Japanese is approaching Mukden.

A telegram from Liao Yang states that Gen. Kouropatkin has strongly fortified Liao Yang, and intends to await the Japanese, and engage them in battle there.

Routed The Russians. Tokio, May 21.—The Japanese forces which landed at Taku Shan on Thursday surrounded and routed a force of Russian cavalry at seven o'clock on Friday evening in the neighborhood of Fane Tuner seven miles north of Taku Shan. The Russian force which consisted of about one squadron, lost many men killed or wounded, as well as a captain, who was captured. The Japanese sustained no losses.

Russians Still Hold Railway. Mukden, May 21.—The main body of the Japanese forces, estimated at 80,000 men, remains south of the Russian troops who are covering Liao Yang. They have apparently suspended their advance. This inaction causes surprise and some satisfaction, as every day's postponement of a decisive engagement is considered favorable for the Russians, who are daily increasing their forces and are enabled by the delay to strengthen their positions. It is supposed that the recent rains hampered the movements of the Japanese army, and compelled a temporary halt. The Russians still hold the railway to Tchikiau.

CANADIAN WORKMEN

Discriminated Against On Repairs To Be Done.

Special to the Whig. Amherstburg, Ont., May 21.—Citizens claim that the Canadian workmen are being discriminated against on the repairs to Bois Blanc Island. The island being a Canadian one, John Auld, M.P.P., will be asked to bring the matter before the proper authorities.
