The best tonic for the least money is Peruvian Tonic. Only sold at Gibsons—Red Cross drug store.

**A SPECIAL CASE**  
MASTER GUNNER MAHER  
MADE WARRANT OFFICER

A Gracious Act By The Minister Of Militia—The Soldiers At Sydney Anxious To Return Home.

Special to the Whig.

Ottawa, July 8.—Col. Finault seen, to-day, says that complaints were received from the soldiers at Sydney. The Halifax men are restive and want to go home. The local corps are aggrieved over not being called out, but the deputy minister explains that it is customary, so far as possible, not to utilize the services of men who would continue to live in the locality. It is better to use outside troops owing to the feeding engendered and the possibility of other results.

The minister of militia and defence has been pleased to authorize the enlistment of James Maher, as a special case in the Royal Canadian Artillery, as master gunner, and to appoint him a warrant officer with his former seniority in the R.C.A. Master Gunner Maher will be borne as supernumerary to the establishment of the Royal Canadian field artillery, while employed as master-gunner at headquarters.

During the fiscal year there were 12,799 people climbed the tower of parliament, 7,946 of whom were from Ontario, 2,635 from Quebec, 83 from Nova Scotia, 65 from New Brunswick, 52 from British Columbia, 8 from Prince Edward Island, 92 from Manitoba, 75 from North-West Territories, 1,514 from United States, and 323 from Europe.

**THE BY-LAW CARRIED.**

Odessa Wants Electric Road—Village's Brass Band.

Odessa, July 7.—The lawn social held on Mrs. (Dr.) Maher's lawn, in the public library, was a decided success, proceeds amounting to about \$60. Music was furnished by the Yarker brass band, and three recitations were given by Miss A. Gordineer, Morven; instrumental selections on piano by Mrs. (Dr.) Maher and Miss Derbyshire; Jacob Gardiner, an old resident of near here, passed away on Monday evening last. The deceased was in his ninety-fourth year. The funeral was held on Wednesday afternoon last at his late home. Odessa will soon be able to boast of a brass band, as well as Yarker. They have only had one practice, but so far they are progressing very favorably under the able management of M. Cambridge, Yarker. Our town seems quite deserted as there are so many of our young men attending camp at Barriefield. William Dougherty has traded his residence for the Hogle house and is moving into it this week. Matthew Clark is moving into Mr. Dougherty's house. Mr. and Mrs. George Watts have gone to spend the summer with their son Walter in Manitoba. Miss Mary Brown, Wilton, has returned home after spending a week with her cousin, Miss Nora Simpkins. Miss Rose and Freda Peters, Toronto, are visiting their father, R. H. Peters. Miss George Watts is visiting her sister, Mrs. J. G. Ettinger, Kingston.

Election was held here on Monday, July 4th, on loan of \$20,000 at five per cent. gold bonds, for electric lighting for Toronto by Cornwall. By-law carried by 269 majority. John W. Denyes, Williamsport, Pa., is renewing old acquaintances around here. We were all much pleased with his smiling countenance again.

An interesting case was tried here in division court by Judge Madden on the 7th inst., which took up four and one-half hours' time, a case in which Douglas Bartles sustained damages to his horse in a wash-out on the York road last March. The corporation of Ernestown being defendants. Claim was for \$60 damages. Judgment was reserved till the 26th July. Deroche, of Napanee, for plaintiff, and Buttan, for defendants. There were about twenty witnesses in all.

**VERY UNSATISFACTORY.**

Was The Cheese Market at Brockville.

Brockville, Ont., July 7.—The offerings at to-day's cheese board were 815 white and 2,280 colored, indicating a slight falling off in the make, which the salesmen place at about three per cent. for, though the pastures are good, the hot weather, and the flies are rapidly decreasing the flow of milk. The output in this section for June was very large, conceded to be twenty-three per cent. greater than the corresponding month of last year. To-day's offering was offered by the corporation of Ernestown being defendants. Claim was for \$60 damages. Judgment was reserved till the 26th July. Deroche, of Napanee, for plaintiff, and Buttan, for defendants. There were about twenty witnesses in all.

**Greatest In The World.**

The New York Tribune is greatly impressed by the crop reports of the Canadian North-West, and in the following glowing words tells its readers what this great country yet yet do. It says:

"Canada's wheat crop this year promises to exceed that of 1903 by about 30,000,000 bushels. This is a big increase, and with no abatement likely in succeeding years, it is easy to see what a formidable wheat-producing and exporting competitor the great Canadian North-West has become and is becoming. It could now, if need were, feed the mother country all by itself, leaving the United States out of the question, though it is not likely to be drawn on to that exclusive extent. But the territory stands for one of the greatest grain-producers in the whole story of the world, old or new, its edges hardly scratched yet, and it will have its share in determining the course of empire and development as the years and centuries go on, till its background of production is old as Egypt's and its horn of abundance filled and emptied with an equally continuing regularity."

**Cronje's New Role.**

San Francisco News Letter.

"General Cronje, recently a Boer soldier, hero at Magersfontein, and a vanquished rebel at Paardeberg, has accepted the offer of an American theatrical manager to try to be an actor. He is to exploit himself before the footlights of a St. Louis playhouse for a stated sum of money per week, in the leading role in a representation of the fall of the stronghold at which he was out-generaled, out-fought, and shown of fame as a great general. For money, he is going to try to reopen the issues between Englishman and Boer, and revive animosities that should not be disturbed in their silent tomb of forgetfulness, over which are growing the flowers of good-will, mutual helpfulness, and a desire to rehabilitate the waste places in the Transvaal's social and industrial concerns. Better for General Cronje had a bullet ended his life, while defending Paardeberg than that he should parade a pitiful representation of that bloody affair, before a grating crowd of sensation seekers."

**Returns From Vain Hunt.**

Stornoway, Scotland, July 8.—The steamer Ben Ave has returned here from the Flann Islands and reports having found no trace of survivors of the wrecked Danish steamer Norge.

The British gunboat Jaekel is going direct to the island of Kilda, as it is thought the two missing boats of the Norge may possibly have reached there.

**To Proclaim State Of Siege.**

Vienna, July 8.—It is reported privately from Warsaw that the governor of the city has applied to the czar for authorization to proclaim a state of siege throughout Russian Poland, and intimated that only by this means can a revolutionary outbreak be prevented.

**Searchlight Excursion, Friday.**

Take steamer America for a delightful sail, leaves 7:30 p.m., home early, 3c.

For good dairy butter at a live and let live price, try Carnovsky, on the corner.

Corsets, every description, ordered or ready-made. New York Dress Reform.

**HER JEWELS STOLEN.**  
A Great Loss To The Bishop's Wife.

**MRS. HENRY S. POTTER.**  
Cooperstown, N. Y., July 8.—Two boxes of jewels, valued at \$80,000, belonging to Mrs. Henry S. Potter, wife of the Episcopal bishop of New York, were stolen yesterday from the safe of the office of the Clarke estate, where they were stored. Some money was also taken.

**FERTILE AS CALIFORNIA.**  
To Make South Africa a Second Eden.

London, July 8.—Gordon La Bree, who was the late Cecil Rhodes' private secretary, has come to England from the Cape for the purpose of interesting British capitalists in a great project which, he says, will make South Africa as fertile as California. As he himself put it, "I want to turn South Africa into a second Garden of Eden," and he proposes to do this by irrigation. "It is only water," he said yesterday, "that is needed to make the soil one of the richest in the world. And the water is there, in million of gallons. The country is a vast underground lake. Government experiments have proved this conclusively. Already shafts have been sunk at a cost of 150,000 pounds, and these have produced a water supply valued at a national asset at 8,000,000 pounds."

"Give South Africa water, and you have gone a long way towards solving the labor difficulty, and the country will be able to produce its own provisions, instead of importing \$4,000,000 worth. At the same time it will be possible to provide immense tracts of land for agriculturalists and openings for trade of every kind."

"The Cape government will pay a subsidy of half the cost of boring for water. Already thousands of applications for drills have been made to the authorities."

"Providing there is water South Africa can grow anything from a bean to a bunch of grapes," remarked an official of the British South Africa company. "If we had a sure and constant water supply, Rhodesia would be a paradise. I think there is a great deal in the scheme, and I hope Mr. La Bree will succeed."

Mr. Eckstein, one of the partners of the firm of Wertheim, Beit & Co., said the project, if successful, would reduce the price of living in the country and open up a vast field of agriculturists. "After all," he said, "with a smile, 'gold mines may be worked out, but agriculture goes on forever.'"

**THOUSANDS IN FLIGHT.**  
Kansas Rivers Rising Two Inches Per Hour.

Kansas City, July 8.—Heavy damage is reported throughout Kansas from Abilene, Arkansas City, Ottawa and Lawrence, where the Smoky Hill, the Solomon, the Walnut and the Marais Des Cygnes rivers are rising at the rate of two inches per hour. The damage to crops will be heavy. In the vicinity of Abilene alone it is estimated that the damage will amount to \$250,000.

The Kaw has made a new channel at the North Lawrence, cutting the west portion of the town of that town. At Kansas City the market in cash grains was suspended, owing to the non-arrival of trains from the southwest.

Hundreds of wagons were engaged busily all day removing household goods from the suburbs of Kansas City, Kansas, along the Kaw river, while in the west bottoms near the Missouri-Kansas line, thousands of dollars worth of goods were either removed from the district or placed upon upper floors.

Over 3,000 people fled from Armourdale, and many were forced to leave their belongings. Water in the packing houses caused an almost total suspension in these plants.

**Late Mrs. Phelan.**

The funeral of the late Catharine Amelia Neville Phelan took place at 10 o'clock on July 2nd, from her late residence to St. Peter's church, where requiem mass was celebrated by Father McEae. Miss Daly, of Mitchell, presided at the organ, and her sister, Mrs. D. O'Connell, of Goderich, sang at communion "Rest in the Lord," and at the offertory Miss Florence Fraunch sang "Face to Face." The reverend father gave a very beautiful address. The casket was covered with flowers. The funeral cortège was very large to the Roman Catholic cemetery at Colborne.

The late Catharine Amelia Neville was married at Eriusville to Richard Phelan, in 1883, and two years later Mr. and Mrs. Phelan left Addington county for Huron county, settling successively in St. Augustine, Westfield, and Goderich. The deceased was very ill one year ago, but rallied and was so well that she attended the wedding of her niece, Miss Neville, after Easter. About six weeks ago she was stricken with inflammation of the bowels and gradually sank. She was a lovely Christian wife and mother, devoutly faithful to her religion, and much esteemed. Her relatives, John Neville, and her sister, Mrs. O'Brien, of Ramworth, visited her not long ago. She leaves, besides a sorrowing husband, three daughters and one son.

**A YOUTH DROWNED.**

**A Very Painful Occurrence At Dry Lake.**

Last sad drowning accident occurred last Saturday afternoon, at Centreville, when Delbert Weese, second eldest son of J. B. Weese, lost his life. He, in company with half a dozen other young men, were bathing in Dry Lake, when young Weese suddenly called to his companions that he was drowning. Charles Ingoldsky, a companion, made a heroic effort to save his companion's life. In the struggle his brace broke from the drowning boy's grasp or a double fatality would have been recorded. The young lad was eighteen years of age. The parents and brothers and sisters are grief-stricken over the sad affair. The funeral took place on Tuesday afternoon and was largely attended.

**1,000 Islands And Rochester.**

Steamers North King and Captain leave Swift's wharf at 10:17 a.m. daily, except Monday, for Thousand Islands, and at 5 p.m. for Bay of Quinte ports and Rochester. J. M. Hanley, agent.

**PROGRESS BRAND CLOTHING** is sold in Kingston by **C. LIVINGSTON & BRO.** only.

**TOOK HER LIFE.**  
A CANADIAN GIRL ENDS HER EXISTENCE.

Quarrelled With a Soldier Lover And Took a Heavy Dose of Morphine—Then Came The Long Darkness.

Special to the Whig.

Detroit, Mich., July 8.—A girl whose name is said to be Gertrude Cays, but who lived under an assumed name, died yesterday afternoon at the Emergency hospital from the effects of a heavy dose of morphine taken, it was supposed, as the result of a quarrel with a soldier lover from Fort Wayne. Just as the girl was being removed from her room to the hospital, a postman delivered a letter from the girl's parents, who live near Parkhill, Ont., asking her to come home, as her sister was dying and her mother was sick. The body was taken to the morgue and her parents communicated with.

Trying The Same Route.

Port Huron, Mich., July 8.—John H. Cameron, a recent arrival from Canada, yesterday, attempted suicide at the administration of an emetic saved Timely discovery of his condition and the Arthur house by taking morphine. His life. Cameron is a cripple and a pensioner of his father, a wealthy citizen of Oakwood, Ont. Ten days ago he married Miss Maud Harnden, North Port Huron, greatly against the wishes of the young woman's mother.
