

DOCTOR-ADVOCATED OPERATION
PE-RU-NA MADE KNIFE
UNNECESSARY.

MRS. EVA BARTHO.
Mrs. Eva Bartho, 123 East 12th street, New York City, N. Y., writes:

"I suffered for three years with leucorrhoea and ulceration of the womb. The doctor advocated an operation which I dreaded very much, and strongly objected to undergo it. Now I am a changed woman. Fernina cured me; it took nine bottles, but I felt so much improved I kept taking it, as I dreaded an operation so much. I am to-day in perfect health and have not felt so well for fifteen years."

It is no longer a question as to whether Fernina can be relied on to cure all such cases. During the many years in which Fernina has been put to test in all forms and stages of acute and chronic catarrh, no one year has put this remedy to greater test than the past year. If all the women who are suffering with any form of female weakness would write to Dr. Hartman, Columbus, Ohio, and give him a complete description of their symptoms and the peculiarities of their troubles, he will immediately reply with complete directions for treatment free of charge.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

DR. STANSBURY
ARRESTED ON CHARGE OF
NON-SUPPORT.

Sovereign Bank Issues Two Writings—Seeks to Establish Equity in Lands in Scarborough—Can Get Fifty of Qualified Canadian Engineers.

Special to the Whig. Toronto, July 13.—Dr. Stansbury, a former Toronto man, was arrested last night on a charge of non-support laid by his wife. In to-day's police court he was committed for trial. The wife gave evidence that her husband left here two years ago and has been living with another woman in the southern states. Recently the wife went to Newark, N.J., to find her husband, and had the wrong man arrested.

The Sovereign Bank issued two writings today, on notes endorsed by the Davies Brewing Company, one made by Thos. Davies for \$7,257 and the second by the Toronto Liquid Carbonate company for \$4,000. The bank is also seeking to establish an equity in the lands of Thomas Davies in Scarborough township, the bank's claim being \$11,250.

Judge Winchester opened his G.T.R. alien engineer investigation, here today. W. T. Jennings, formerly chief engineer of the C.P.R., now a consulting engineer, practising in this city, said there should be no difficulty in getting Canadian engineers. He was shown Mr. Stephen's letter stating that the latter had tried and failed to find them, but Mr. Jennings thought he could not have adopted the right way of looking for them. Mr. Jennings admitted that he himself was available for chief engineer, as Col. William Mackenzie, president of the Canadian Northern, said that having built 1,200 miles within the last three years the company had required, and had found plenty of engineers. Although he left the matter to the chief engineer, he believed there was not an American engineer on their staff.

THE FULL DETAILS.
Of the Accident to Mrs. A. V. Price.

Newburgh, July 13.—It is many years since accidents of a serious nature have happened in our village, but within the last two months we have recorded two. On Wednesday last Mr. and Mrs. A. V. Price, of Wesley, were driving through the village. At Finkle's carriage factory the men were rolling wheels from one building to another across the road. Just as Mr. and Mrs. Price drove up, a wheel rolled across the road, and though warned by the men that another wheel was coming, Mr. Price thought he could get across before it came. But as the wheel came down striking the vehicle and causing the horse to run away. Mr. Price was in full possession of the horse, and was keeping the road, his object being the hill, but few hundred yards down the road. But his aged wife, in her anxiety to help, caught one of the lines, which caused the horse to turn quickly from its course, and the buggy was upset, throwing both occupants out. Mrs. Price, who was not a strong woman, was fatally injured. She was taken into Mrs. George Madden's, nearby, but died in fifteen minutes. Mr. Price had one rib broken and his spine and hip hurt. At last report he was doing as nicely as could be expected. The funeral of Mrs. Price took place on Friday at Wesley, and was very largely attended. Mr. and Mrs. Price have always enjoyed to the fullest the confidence and esteem of all who knew them, and the sympathy of the entire community goes out to the sorrowing husband and family in their hour of sorest bereavement. The matter was very amicably settled by Mr. Price and Mr. Finkle.

The lawn social on S. J. Yeoman's lawn on the 29th of June was a great success, the proceeds being \$10. Miss Madelon Thomson, of the Metropolitan School of Music, Toronto, has returned home for the holidays. J. W. Wilson left last week for Alexandria Bay to spend the summer. Joe played a number of games on the Deseronto football team in their matches with Peterborough and Leouist Hill for the Stratton trophy. He scored the last goal in the game against Peterborough. Oh! Deseronto, you had to come down to Bille Newburgh after all to help you out. W. D. Shoenberger spent last week with his brother, J. E. Shorey, Cannifton. The Methodist Sunday school go to Kingston and Lake Ontario Park on Wednesday next, on their annual excursion. A number of them took in the glorious twelfth at Yarker on Tuesday. Mumps are prevalent in the village. Wilmot Patterson has secured a situation on a boat for the summer. We regret to say that John Shorey is not as well as he was earlier in the summer. John Sharp and wife spent Dominion day at his home in Belleville. U. J. Flach, Napussee, presided at the departmental examinations here last week, and D. A. Nesbitt, at Bath.

The youngster fell in, and would have drowned had not Edward Patience heard the other child's cries and rode a horse quickly to the spot. Married On The Fourth.
Chaumont, N.Y., July 11.—Haying has begun and now the air is full of the hum of the mowing machines. A heavy rain fell Saturday, which will stop haying making for a few days. Last Monday night during the squall of wind and rain the barge Jessie and scow Oom Paul broke from Phelps dock, and was driven against the long bridge. The fourth of July passed very quietly here, the boat races being a complete success. W. H. The committee of St. James' church, Kingston, in charge of the excursion to Ottawa on the 22nd ult., in a letter to J. P. Success of an excursion like this is not entirely measured by the profits of the committee in dollars and cents. The pleasure of those attending counts a good deal also, and not the least cause for satisfaction and pleasure in this trip was the fact that we received and gave just what we expected and advertised. We are lead to hope for a renewal of our experience, perhaps with better water results. When summer comes again, please accept yourself, and convey to your company and the C.P.R. our most cordial thanks. Very truly yours, Francis Kine, A. K. Kirkpatrick, W. J. G. Allen, J. J.
