### mommen Can't Sleep?

Here's a prescription that never fails to bring sound, refreshing sleep: Every morning, before breakfast, take a foaming glass of ABBEYS SALT. Take it faithfully—give it a fair chance—and it won't be long before you "sleep like a babe" and feel "a nundred per cent. better" in every way.

Abbey's, being a granular salt, contains no alcohol; liquid preparations may.

Druggists, everywhere, sell it. 25c. and 60c. a bottle.

are enhanced by its great fuel economy. The big scuttle of coal of other style ranges is replaced in Imperial Oxford homes by a smaller scuttle less often

The fire-box is evenly proportioned to the size of the oven, so there is no more fire needed than the size of range demands -no waste heat. The arrangement of flues and drafts concentrate the heatin the stove - it doesn't lose itself up the chimney.
