The ceremony was performed by Rev. W. O. Swayne, rector of Oxford Mills, brother-in-law of the bride, George Anson Aylesworth, the brides brothers-in-law, gave her away. The bride was handsomely attired in a very smart blue cloth gown, heavily knotted in silk, the coat being piped with cream broadcloth. Won By Rockwood.

In a very close and interesting game of lawn bowls at Queen's green, yesterday afternoon, a Rockwood rink, skipped by W. R. Lick, succeeded in defeating Dr. Watson's crack collegians. Further doings of Carlo Rossatti, while in Toronto recently, are coming to light. He arrived about a month ago and held three meetings at which he endeavored to form branches of his society. One young Italian states that Rossatti told him that after he paid the small fee to join the society he would not have to do any more work. Two drain diggers, Antonio Domico and N. Tomaso, are said to have left here about three or four days ago with Rossatti.

PROFESSOR M'LEAN.

Will Conduct Very Important Inquiry.

Special to the Whig.

Ottawa, Aug. 25.—Word has been received in this city that Prof. S. J. McLean, formerly of Ottawa, and a son-in-law of J. Lorne McDougall, auditor-general, has been appointed by the American government to inquire into railway conditions on the Pacific coast, giving particular attention to charges of alleged traffic discrimination, excessive freight and passenger charges, etc. Prof. McLean's experience gained in a similar undertaking in Canada, and for the Canadian government three years ago, qualifies him for the important commission. He now occupies the position of professor of economics at the Leland Stanford University, at Palo Alto, California.

Napoleon Larocque, 183 Church street, is wanted in Montreal for theft. Larocque was charged with assaulting his wife and after being dismissed by Magistrate O'Keefe, to-day, was re-arrested. Detective Bissonette, Montreal, will arrive in the city and Larocque will be taken to the Royal City, where he must answer to a charge of theft. He will also be arraigned for shooting a revolver bullet into a crowd of boys who, he claims, had been teasing him.

Fred Smith, a lumber shipper of this city, has been deserted by his wife, who left him without a word of notice, taking with her money, jewelry and other valuables. Smith met her last winter and married her about a month ago. She went by the name of Kobes. She came to Ottawa last winter with a stock company and played upon the local boards under the name of Madge Buxton. Speaking of the matter this morning Smith said: "Yes, she has gone; God speed her; may she never come back."

The collector of the port has placed the United States revenue cutter at the committee's disposal, and in addition will extend the courtesies of the port to the visitors, so they can be transferred to the cutter as soon as the Teutonic reaches quarantine. A public reception to Mr. Redmond and party will be held in Carnegie Hall next Monday night. TO CLOSE TO-NIGHT.

The Matches At The Ontario Rifle Ranges.

Special to the Whig.

Long Branch Rifle Ranges, Ont., Aug. 25.—The weather conditions, this morning, for the closing day of the Ontario Rifle Association's meet are very favorable for good shooting, although there is a strong south-westerly wind. This holds steady, however, and the light is good. The sun is hot, but its rays are tempered by the breeze off the lake and a slightly clouded sky.

To-day's features are the Tait-Brassey match at 200, 500 and 600 yards and the Gzwoski team match, a skirmishing contest. This match, which is the last on the programme, is timed to finish at six o'clock, but owing to the unusually large number of competitors in the various events some of these are behind the time schedule and firing may continue until darkness sets in.

In order to get through to-day it has been found necessary to call off some of the extra series matches and the meet will close this evening, when most of the riflemen will leave for the Dominion Rifle Association meet at Ottawa.

Can Run Faster Than Good Horse.

Leentouw, a Zulu at the world's fair, has sent in his entry for the Marathan race of the Olympic games at the Stadium, the latter part of this month. Whether it will be accepted has not yet been decided.

At the opening of the Boer war in South Africa, Leentouw was pressed into service by the British government as a messenger, carrying despatches from one town to another, and it is said that at a distance of more than five miles he was faster than a horse. He has always travelled a distance of twenty-five miles in less than three hours and his friends at the fair think he has a strong chance of winning the event should he be allowed to compete.

He will run barefoot and in his native costume and has already started training for the event. He runs a distance of from five to ten miles a day and is coached by a brother, who rides along on a native pony.

Instantly Killed.

Digby, N.S., Aug. 25.—While driving from her residence at Weymouth, the wife of Norman Jones, collector of customs, was thrown from her carriage, suffering dislocation of the neck, and was instantly killed. Her daughter, Mrs. Henry Filliel, who was with her, escaped uninjured. The deceased was sixty-three years of age and leaves a husband, one daughter and two sons, Brenton, assistant collector, and James, of the Royal Bank, Woodstock.

TORY NOMINEE

FOR SOULANGES WILL BE ALD. ST. DENIS

Of Montreal Police Committee—James Patton, In Business In Toronto For Sixty Years, Is Dead—He Was In The Wholesale Business.

Special to the Whig.

Montreal, Aug. 25.—James Patton, who was in business in Toronto, with his father in the wholesale crockery trade sixty years ago, died yesterday at the age of seventy-five, at the residence of his son, Dr. Patton, Sherbrooke street. He was connected with the wholesale firms of Mathewson and Patton, and George Childs & Co. He leaves a family of five sons, and one daughter, his wife also survives.

Ald. St. Denis, chairman of the Montreal police committee, will likely be offered the conservative nomination for Soulanges next Saturday, in opposition to Dr. Bourbonnais, the present liberal member. Ald. St. Denis has a manor at Coteau du Lac, in the constituency.

Harry Robinson, of the champion Shamrock lacrosse club, dislocated his shoulder by a fall at practice, yesterday, and will be out of the game for some time.

A secret caucus of representatives of the clubs comprising the National Amateur Lacrosse Union, and called at the instance of the Shamrocks and Capitals, will be held to-night. The purpose of the meeting is to arrange a way for throwing off the yoke of the Canadian Amateur Athletic Union at once. This will virtually mean the disruption of the N.A.L.U., because the Montreal club will be unable to sanction such a course.

During the progress of the funeral service at St. Vincent De Paul, today, for the late Father Brault, who was killed by being run over by a train, the funeral draperies caught fire and only by the coolness of Archbishop Bruchesi, a panic was prevented. The congregation got out safely and the fire was quickly extinguished.

TORTURED AND STARVED.

Life Of Misery Led By German Recruits.

Berlin, Aug. 25.—Scandalous abuse of authority and ferocious brutality were brought to light during the trial before a court-martial at Glogan, in Silesia, of two non-commissioned officers named Lux and Kwasnig.

A recruit named Klemmt suffered especially at the hands of Lux. The tyrant once divided Klemmt's daily bread ration by chalk lines into eight parts, and forbade him to eat more than one portion per day.

Manly dignity and self-respect were systematically crushed out of the soldiers by the accused. One day Lux ordered Klemmt to be led through the mess-room at dinner time with bare legs, because the unfortunate man had neglected to wash himself properly.

This treatment so wounded Klemmt's self-esteem that he ran away, threw himself in front of a train, and was killed. No fewer than 253 charges were proved against Lux alone, and still his superiors maintained that both the prisoners were considered efficient soldiers. Lux was sentenced to eighteen months' and Kwasnig to one year's imprisonment.

A court-martial at Wilhelmshaven has found a boatswain named Walters guilty of 297 offences of a similar nature, and sentenced him to six weeks' light imprisonment. In both cases the proceedings were conducted publicly, probably to demonstrate that the alleged imperial decree enjoining secrecy at courts-martial does not exist.

WHO KILLED INDIAN?

Mysterious Death Of Indian—Stabbed In Sleep.

Orillia, Ont., Aug. 25.—Charles Shilling and three other Indians belonging to the reservation across the lake from Orillia, entered the barn of Sam Benson, on Tuesday night last, to sleep off the effects of drink. About eleven o'clock the other three were awakened by Shilling, who said that some one had gashed his leg with a knife. Investigation showed a deep cut, about half way above Shilling's knee, from which blood was flowing freely. His companions, however, evidently did not think the injured man to be in any danger and went to sleep again. Upon awakening in the morning they found Shilling dead, with a large jack knife beside him. The man bled to death. Shilling's companions deny all knowledge of the knife or how Shilling came to be stabbed. Col. Farewell, county crown attorney, is investigating.

KRUGER'S BURIAL.

Take Place On Dingaan's Day, Next December.

Pretoria, Aug. 25.—It is definitely stated that the burial of Mr. Kruger will take place next December. The Boers here are desirous that the ex-president shall be interred on December 16th, Dingaan's day. This commemoration has been associated for years with Mr. Kruger's address at the Paardekraal monument, where the Boers in 1880 swore, while adding stones to the pile, to fight for independence, Mr. Kruger throwing on the first stones.
