SCHOOL IMPROVEMENTS. Catarqui and St. Mary's Extended Repaired.

The main improvements made in the public schools have been in the Catarqui building, where two new floors have been laid and the yard improved. The latter has been done in an unsatisfactory condition. Under the supervision of Dr. Fe, the boards were removed and cinders put in their place, these being rolled so as to make a hard foundation. In the other schools the usual painting and general repairs were done.

DUTY OF A GOOD CITIZEN.

Judge Parker Writes in Magazine On Responsibility of Politicians. New York, Aug. 27.—In an article on "Educated Men in Politics," published here in the current number of a magazine, Alton B. Parker, the democratic presidential candidate, draws an unfavorable contrast between that class in America and the corresponding one in England.

Wherever your home may be, there you will find upon investigation a chance for helplessness. In nearly every town, county and city government the expenses are rapidly increasing. Although for considerable portions of the increase, corresponding benefits are being received, the tendency is not only marked, but it already threatens our municipalities in the not far distant future with a burden that will be borne with exceeding difficulty.

The result naturally is that too many men, with but little at stake, and without any ambition to be useful to the community in which they live, seek and obtain local executive offices, as well as those of an executive character, with most unfortunate results. This is to be seen on every hand, and, as a rule, it is not the fault of the local party leaders, who are too often unjustly censured, and held responsible for such conditions.

Constrasting these statements with conditions in England, Judge Parker declares that a different view is held there of the duty of capable men of affairs in respect to the administration of the systems of local politics with a necessarily beneficial result in municipal government.

MEAT CHILD TILL IT BLEED.

Unnatural Father Tried At Whittier For Cruelty. Whittier, Ont., Aug. 27.—George Johnson, of the township of Beuch, a widower and the father of six little children, received his trial at the county judge's criminal court, on the charge of inflicting bodily harm on his little boy, aged twelve. The boy, who is an under-sized, delicate-looking little fellow, still bears the marks of the fearful beating given him over a week ago. The unnatural father gave an excuse that he did not think he was hitting him so hard until he saw the blood come. He used a clothes line to flog the little fellow with.

DEAFNESS CANNOT BE CURED.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by restoring the hearing. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. It is entirely inoperable, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be forever lost. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by our Catarrh Cure. Send for circulars, free. Sold by DRUGGISTS & CO., Toledo, O. Take Hall's Family Pills for constipation.

THE LITTLE FELLOW WITH.

Evidence was given as to the squallor in which the children lived and the neglect shown of the father in sending to church or Sunday school, and Government Inspector Kelso, whose duty it is to look after neglected children, gave evidence for the crown. He also told of the unfavorable surroundings in which he found this family of motherless little children, and of the willfulness of the people around Utica to provide homes for neglected children.

Judge McCrimmon found Johnson guilty and remanded him for sentence until home is found for the children. Feeling is very bitter towards the prisoner.

All Next Week. The attractions for next week at Lake Ontario Park promise to be as good of the season. The novelty act of Hugh and Béssie Lee, who appeared here a few years ago, is announced to return date, presenting their wonderful floating lady work and mysterious cabinet act. The Stanleys are two excellent performers who do a high class comedy singing act, including several popular as well as classical numbers. By special request of their numerous patrons the management will hold over Miss Dolly Hland for another week in her illustrated song, making in all a very strong combination of talented performers.

Lost Considerable Money. He was a thoughtless man and he bought "ready-made" clothes. They went to pieces, hung loosely and were not well dressed. He had gone to Thomas Lambert, Princess street, and left his order for a good suit. It would have cost only a few dollars more at first, and been much cheaper in the end. Think it over when you go home.

On the Night of Labor Day.

On the night of Labor Day, there will be fireworks, dancing and the best vaudeville show of the season at Lake Ontario Park. A representative of the Shaw Business College, Toronto, is securing rooms in Kingston for a branch business college.

Like a Coconut.

Like a coconut, to get the best part of a joke, you must crack it. And now the harvest home festivals will begin. 10c. shoe polish, only 5c., at Abernethy's.

How Styles Change.

How styles change. What would our grandmothers have thought of not having the "parlor" and "spare bedroom" carpeted. How great a shock it would be to them to see a germ collecting carpet was deemed as soon as people generally gave attention to rules of health. Rugs and floors finished in paint, varnish, stain, or wax are cleaner and much more easily kept clean. Rugs and finished floors are cleaner and more durable and more dressy all the year round.

A remarkable feature of this change in style is the various ways in which a floor can be finished. Any floor, no matter whether old or new, painted or unpainted, made of soft or hard wood, can be treated in some of the modern styles. These floor finishes, including paints, varnishes, stains, and wax, are put on the market in "ready to use" form, and in most instances can be applied easily by the women of the house.

A local paint dealer stated recently that the finish of floors received most attention during the fall when houses are being "fixed up" for the long winter months. In consequence of this he has stocked up and prepared for a busy fall trade in floor finishes. The fall is generally recognized as a splendid time for painting buildings. The settled condition of the weather and freedom from the winged insects which cause so much trouble in the spring by sticking to the freshly painted surfaces, have induced many private owners to do full painting.

Who Caught The Salmon?

Buck Lake, Aug. 26.—(To the Editor): I wish to correct an error published in the Whig on the 17th inst. concerning the salmon which was stated to have been caught in Bob's Lake by G. Simmonds. The salmon, which weighed twenty-four and one-half pounds was caught by J. W. Davis, New York, and was one of a very fine string which he caught in a small part of a day. He left Collins Bay in the morning, and was back in Kingston the same evening. Buck Lake is twenty minutes from Kingston. Mr. Davis has been out here again this week and caught a very fine lot. George Simmonds rowed him.—JAS. THOMAS.

Police Court—Saturday.

At the police court this morning Michael McNally, Barrieffield, was charged with assault in October last. This charge was dismissed owing to a lack of evidence, but Michael next answered to the charge of vagrancy. On this he was fined 85 cents or one month in jail accompanied by many words of advice from the cadi. William Woods was given two weeks for being drunk.

To Play On Wolfe Island.

Died In Millford.

Picton Times. A sudden gloom was thrown over the village, Saturday morning, when the intelligence arrived that Mrs. John Moore, formerly Miss Laura Dodge, Millford, had passed to the spirit land. She died at the home of her husband, Point Petre, Athol, where she was employed as public school teacher for that locality. After re-opening school at the close of summer holidays she was taken suddenly ill and lived only a few days. She was a daughter of David Dodge, Millford, and a member of the Methodist church. The funeral at Cherry Valley was conducted by Rev. A. W. Coone, the pastor who officiated at her marriage only four short months ago.

Rev. F. M. A. Christ, Minister.

of the Institution of Deaf Mutes at Outremont, has disappeared, leaving liabilities on his personal property, of those he has incurred for the institution, amounting, according to estimates, to between \$300,000 and \$500,000.

The mayor of Plymouth presented H. Wall, late chief of police of the city, with a gold medal awarded by the Canadian government for conspicuous bravery in saving the crew of the schooner Wyde, of Nova Scotia in December, 1902.

J. Y. Montvalier, a member of the new French company which arrived in Montreal, died Monday on board the steamer Canada, and was buried at sea.

The report that the Russian cruiser Diana, which escaped after the battle on August 10th, was at Saigon, French Cochin, China, is not true, and it is a pretty poor artist who cannot draw his own crest.
