A FINE PLACE

IS THE NEW S.M.C. GYMNASIUM.

Sergt-Major Princes Says He Has Never Seen a Better Equipped Hall-Everybody Is Well Satisfied.

The work of fitting out the handsome new gymnasium at the Royal Military College, which has been in progress for several weeks past, is now nearing completion...

The contract of supplying the gymnasium equipment was awarded by the government to the well-known sporting goods house, Ketchum & Co., Ottawa...

The four spaces of the building is eighty by fifty feet, the floor being constructed of hard wood and the wooden work throughout being of excellent quality...

On the main floor of the building the walls are utilized for the positions of the various exercising machines. Among these are treadmills, sculling, paddling, wrist, neck and many other forms of exercise...

The supply of equipment for fencing, boxing, single stick and bayonet practice has also been largely increased. The rooms at either end of the gymnasium will be utilized as dressing rooms and in one of these, four shower baths will be located.

GRAND OPERA HOUSE

Miss Ingersoll's "Glittering Gloria" Last Night.

Scarcely half an audience greeted Miss Ingersoll's "Glittering Gloria" at the Grand Opera house last night. The people have not yet begun to realize that the middle of September is here...

"Glittering Gloria" is an English comedy, though very much strained. It is not in the same class with "The Earl of Pawlet" or "A Clean Slate." The natural inference after reading the title would be that the production was one of those rapid-fire musical comedies...

Miss Ingersoll is a winsome comedienne but the role of "Glittering Gloria" is by no means the best that could be chosen for her. She shows greater as "Lady Holywood" in Florodora.
